[DFARS Case 2001-D012]

Defense Federal Acquisition Regulation Supplement; Customary Progress Payment Rate for Large Business Concerns

AGENCY: Department of Defense (DoD).

ACTION: Proposed rule with request for comments.

SUMMARY: DoD is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to increase the customary uniform progress payment rate for large business concerns from 75 percent to 80 percent. The progress payment rate change will be applicable only to contract awards made on or after October 1, 2001, with final implementation contingent upon the approval of a DoD budget and outlay ceiling for Fiscal Year (FY) 2002 sufficient to accommodate the outlay impact of this proposed change. The Budget of the United States Government, FY 2002, submitted by the President, accommodates the outlay impact. Contracts awarded before October 1, 2001, will not be modified to include the 80 percent rate.

DATES: Comments on the proposed rule should be submitted to the address shown below on or before September 24, 2001 to be considered in the formation of the final rule.

ADDRESSES: Respondents may submit comments directly on the World Wide Web at <http://emissary.acq.osd.mil/dar/dfars.nsf/pubcomm>. As an alternative, respondents may e-mail comments to: dfars@acq.osd.mil. Please cite DFARS Case 2001-D012 in the subject line of e-mailed comments.

SUPPLEMENTARY INFORMATION:

A. Background

Pursuant to Section 8155 of the FY 1994 Defense Appropriations Act (Public Law 103-139), DoD reduced the customary progress payment rate for large business concerns from 85 percent to 75 percent, effective for solicitations issued on or after November 11, 1993. The rates for small business and small disadvantaged business concerns (90 percent and 95 percent, respectively) were not changed.

Despite changes to short term borrowing rates in subsequent years that have supported an increase in the progress payment rate for large business concerns, DoD has been unable to accommodate a rate increase within available funding outlays until FY 2002. This proposed DFARS change will conform the DoD customary uniform progress payment rate for large business concerns with the progress payment rate for large business concerns currently being used by other Executive agencies under FAR 32.501-1(a). The DoD rate will be applicable only to new contract awards made on or after October 1, 2001. Contracts awarded before October 1, 2001, will not be modified to include the 80 percent rate.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

The proposed rule is not expected to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because the progress payment rates for small and small disadvantaged business concerns are unchanged. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2001-D012.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.
