[Docket No.: ED–2020–SCC–0075]

Agency Information Collection Activities; Comment Request; Study of an Information Strategy To Increase Enrollment in Postsecondary Education

AGENCY: National Center for Education Statistics (NCES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before July 27, 2020.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2020–SCC–0075. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W–208B, Washington, DC 20202–4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Melanie Ali, 202–245–8345.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in

accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Study of An Information Strategy to Increase Enrollment in Postsecondary Education.

OMB Control Number: 1850–0939.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 1,505.

Total Estimated Number of Annual Burden Hours: 433.

Abstract: This demonstration study will evaluate the use of a promising messaging strategy designed to help TRIO Educational Opportunity Center (EOC) grantees meet the program's goal of increasing college enrollment. EOCs are hosted at postsecondary institutions or nonprofit organizations and generally serve low-income individuals who are 19 years and older—most of whom are potential first-generation college-goers. The study will evaluate whether systematic text messaging can enhance EOCs' counseling services and lead to increased Free Application for Student Aid (FAFSA) completion and postsecondary education enrollment rates. Across 20 EOCs, approximately 6,000 adults will be randomly assigned to receive EOCs' typical services or to receive EOCs' typical services plus the text messaging.

Dated: May 22, 2020.

Stephanie Valentine,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The School-Based Mental Health Services Grant Program provides competitive grants to State educational agencies (SEAs) to increase the number of qualified (*i.e.*, licensed, certified, well-trained, or credentialed, each as defined in this notice) mental health service providers (service providers) providing school-based mental health services to students in local educational agencies (LEAs) with demonstrated need (as defined in this notice).

Background: In the Department's FY 2020 appropriations, Congress increased funding for the School Safety National Activities program, and included direction in the Explanatory Statement that \$10 million be used to increase the number of counselors, social workers, psychologists, or other service providers who provide school-based mental health services to students. Under this competition the Department will award grants for that purpose. As indicated in the absolute priority in this notice, the focus of these grants will be increasing the number of service providers in LEAs with demonstrated need (as defined in this notice) for these services to maximize the impact given limited available funding. The Department recognizes the enhanced need for these services and providers due to the Novel Coronavirus Disease 2019 (COVID–19). Supporting the mental health needs of all students remains a key focus of the Administration, and these grants will aid States and school districts in meeting their increasing local needs.

Note: The provision of medical services by such service providers is not an allowable use of funds under this grant.

Priorities: This notice contains one absolute priority and two competitive preference priorities. We are establishing the absolute priority, competitive preference priority 1, and part 3 of competitive preference priority 2 for the FY 2020 School-Based Mental Health Services Grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1). In accordance with 34 CFR 75.105(b)(2)(ii), part 1 of competitive preference priority 2 is from the notice of final priorities published in the **Federal Register** on March 9, 2020 (85 FR 13640) (Administrative Priorities), and part 2 of competitive preference priority 2 is from the notice of final priority published in

the **Federal Register** on November 27, 2019 (84 FR 65300) (Opportunity Zones NFP).

Absolute Priority: For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet the absolute priority.

This priority is:

Absolute Priority: To increase the number of qualified school-based mental health service providers in LEAs with demonstrated need.

To meet this priority, SEAs must propose to increase the number of qualified school counselors, school social workers, school psychologists, or other mental health professionals, including those who provide services remotely (telehealth), by implementing plans to address the recruitment and retention of service providers in LEAs with demonstrated need. To meet this priority, applicants must propose plans that include both recruitment and retention.

1. *Recruitment (as defined in this notice) of school-based mental health providers for services in LEAs with demonstrated need.*

An applicant must propose a plan to increase the number of service providers, including service providers who offer telehealth services, serving students in LEAs with demonstrated need, such as through payment towards student loan repayments for those service providers, promoting cross-State licensing and certification reciprocity for service providers, or providing incentives for hiring, such as increased pay or flexibility or creating hybrid roles that allow for leadership, academic, or research opportunities, or induction programs.

2. *Retention (as defined in this notice) of existing school-based mental health service providers in LEAs with demonstrated need.*

An applicant must also propose a plan to improve the likelihood that qualified service providers providing services in LEAs with demonstrated need remain in such LEAs over time. Such a plan might include career pathways programs, recognition and award programs, mentorship programs, or incentives or payment towards student loan repayment for continued service and should include considerations for service providers who offer telehealth services.

3. *Demonstration of fiscal control.* The applicant must propose plans that demonstrate it will ensure appropriate
