

description of the scope of this order is dispositive.

Excluded from the scope of this order are the following tissue paper products: (1) tissue paper products that are coated in wax, paraffin, or polymers, of a kind used in floral and food service applications; (2) tissue paper products that have been perforated, embossed, or die-cut to the shape of a toilet seat, *i.e.*, disposable sanitary covers for toilet seats; (3) toilet or facial tissue stock, towel or napkin stock, paper of a kind used for household or sanitary purposes, cellulose wadding, and webs of cellulose fibers (HTSUS 4803.00.20.00 and 4803.00.40.00).

Antidumping Duty Order

In accordance with section 735(a) of the Act, the Department made its final determination that certain tissue paper products from the PRC are being, or are likely to be, sold in the United States at LTFV as provided in section 735 of the Act. *See Final Determination.* On March 21, 2005, the ITC notified the Department of its final determination pursuant to 735(b)(1)(A)(i) of the Act that an industry in the United States is materially injured by reason of LTFV imports of subject merchandise from the PRC. In addition, the ITC notified the Department of its final determination that critical circumstances do not exist with respect to imports of subject merchandise from all producers and exporters from the PRC. Therefore, the Department will instruct U.S. Customs and Border Protection ("CBP") to lift suspension and to release any bond or other security, and refund any cash deposit made, to secure the payment of antidumping duties with respect to entries of the merchandise entered, or withdrawn from warehouse, for consumption prior to September 21, 2004, the date of publication of the preliminary determination in the **Federal Register**. *See Certain Tissue Paper Products and Certain Crepe Paper Products from the People's Republic of China: Notice of Preliminary Determinations of Sales at Less Than Fair Value, Affirmative Preliminary Determination of Critical Circumstances and Postponement of Final Determination for Certain Tissue Paper Products*, 69 FR 56407 (September 21, 2004) ("Preliminary Determination").

In accordance with section 736(a)(1) of the Act, the Department will direct CBP to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price of the merchandise for all relevant entries of certain tissue paper products from the

PRC. These antidumping duties will be assessed on all unliquidated entries of certain tissue paper products from the PRC entered, or withdrawn from the warehouse, for consumption on or after September 21, 2004, the date on which the Department published its *Preliminary Determination*.

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of certain tissue paper products, we extended the four-month period to no more than six months. *See Preliminary Determination* at 56410. In this investigation, the six-month period beginning on the date of the publication of the *Preliminary Determination* ended on March 19, 2005. Definitive duties are to begin on the date of publication of the ITC's final injury determination. *See* Section 737 of the Act. Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of certain tissue paper from the PRC entered, or withdrawn from warehouse, for consumption on or after March 20, 2005, and before the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation will continue on or after this date.

On or after the date of publication of the ITC's notice of final determination in the **Federal Register**, CBP will require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as listed below. The "PRC-wide" rate applies to all exporters of subject merchandise not listed specifically.

We determine that the percentage weighted-average margins are as follows:

Company	Weighted-Average Margin (Percent)
PRC-Wide Rate	112.64
