

The Exchange notes that it has determined to charge fees and provide rebates in Mini Options at a rate that is 1/10th the rate of fees and rebates the Exchange provides for trading in Standard Options. The Exchange believes it is reasonable and equitable and not unfairly discriminatory to assess lower fees and rebates to provide market participants an incentive to trade Mini Options on the Exchange. The Exchange believes the proposed credits are reasonable and equitable in light of the fact that Mini Options have a smaller exercise and assignment value, specifically 1/10th that of a standard option contract, and, as such, is providing credits for Mini Options that are 1/10th of those applicable to Standard Options.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹² the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change to Credits for Responses to Flash Orders will not have any significant impact on competition as the credit for trading against Priority Customer orders will once again be on par with the credit for trading against Professional Customer orders. In addition, removing obsolete text related to PMM linkage handling credits and away market price protection will have no competitive impact as PMMs no longer perform this function since the ISE now utilizes Linkage Handlers to route orders to other exchanges as required.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹³ and subparagraph (f)(2) of Rule 19b-4 thereunder,¹⁴ because it establishes a

due, fee, or other charge imposed by ISE.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-ISE-2014-08 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-ISE-2014-08. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments

received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-ISE-2014-08 and should be submitted on or before March 13, 2014.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁵

Kevin M. O'Neill,
Deputy Secretary.

DEPARTMENT OF STATE

[Public Notice 8640]

Notice of Receipt of an Application by Plains Pipeline, L.P. for Issuance of a Presidential Permit To Operate and Maintain Existing Pipeline Facilities on the Border of the United States and Canada

AGENCY: Department of State.

ACTION: Notice of Receipt of an Application by Plains Pipeline, L.P. for Issuance of a Presidential Permit to Operate and Maintain Existing Pipeline Facilities on the Border of the United States and Canada.

SUMMARY: Notice is hereby given that on December 20, 2013, the Department of State (DOS) received from Plains Pipeline, L.P. ("Plains Pipeline") notice that it has acquired the rights to operate and maintain a portion of the Poplar Pipeline (formerly the Wascana Pipeline) in Sheridan County, Montana that is currently permitted under a 2007 Presidential Permit issued in the name of two Plains Pipeline affiliates: PMC (Nova Scotia) Company and Plains Marketing Canada L.P., collectively ("PMC"). Plains Pipeline requests that a Presidential Permit be issued in its name with respect to the pipeline facilities. END SUMMARY

Plains Pipeline is a subsidiary of Plains All American Pipeline, L.P. (Plains), a publically traded master limited partnership with headquarters in Houston, Texas. Plains is engaged in the transportation, storage, and marketing of crude oil, refined products, and natural gas-related petroleum products.

The current Permit, issued in 2007 to PMC (Nova Scotia) Company and Plains Marketing Canada L.P., covers the 56.8-mile long Poplar Pipeline, previously called the Wascana Pipeline, which extends from the Murphy Oil terminal northeast of Poplar, Montana, to the international border near Raymond, Montana, and which was constructed pursuant to authorization in a 1972 Permit issued to Wascana Pipeline Corp. Plains Pipeline has acquired an approximately 6.4-mile segment of the Poplar Pipeline extending from Raymond Station to the international border, repaired and replaced portions of the pipeline in that area, and

installed two block valves. Plains Pipeline has submitted an application for a new Presidential Permit in its name and requests that the new Permit cover approximately 85 feet of pipeline facilities extending from a new block valve to the international border. Plains Pipeline has reported that it has separately constructed the Bakken North pipeline that extends from Trenton, North Dakota to Raymond Station, and that it intends to interconnect the Bakken North with the Poplar Pipeline in order to use the Poplar Pipeline border crossing to transport the Bakken North crude into Canada.

Plains Pipeline has stated that, upon returning the upgraded pipeline facilities to service under the 2007 Presidential Permit, Plains Pipeline will continue to operate the acquired facilities for the same purpose of transporting crude oil between the United States and Canada. It has further stated that the acquired pipeline facilities and the operation and maintenance thereof authorized by the 2007 Permit will remain substantially the same as before the transfer of the facilities to Plains Pipeline. Plains Pipeline is not seeking authorization for new construction or a change in operations.

Under E.O. 13337, the Secretary of State is designated and empowered to receive all applications for Presidential Permits for the construction, connection, operation, or maintenance at the borders of the United States of facilities for the exportation or importation of liquid petroleum, petroleum products, or other fuels (except natural gas) to or from a foreign country. The Department of State is circulating this application to concerned federal agencies for comment. The Department of State has the responsibility to determine whether issuance of a new Presidential Permit in light of Plains' acquisition and continued operation of the pipeline facilities would serve the U.S. national interest.

Plains Pipeline's application is available at <http://www.state.gov/e/enr/applicant>.

DATES: Interested parties are invited to submit comments within 30 days of the publication date of this notice with regard to whether issuing a new Presidential Permit to Plains Pipeline would serve the national interest. Comments may be submitted through the www.regulations.gov comment portal. Comments are not private. They will be posted on the site <http://www.regulations.gov>. The comments will not be edited to remove identifying

or contact information, and the State Department cautions against including any information that one does not want publicly disclosed. The State Department requests that any party soliciting or aggregating comments received from other persons for submission to the State Department inform those persons that the State Department will not edit their comments to remove identifying or contact information, and that they should not include any information in their comments that they do not want publicly disclosed.

ADDRESSES: To submit comments, go to the Federal eRulemaking Portal (<http://www.regulations.gov>), enter the Docket No. DOS-2014-000, and follow the prompts.
