Abstract: The BLM plans to request that OMB reinstate with changes OMB Control Number 1004–0182 which was inadvertently allowed to expire in September 2004. The BLM collects certain information from Alaska Natives interested in reindeer grazing activities on public lands that BLM administers in the State of Alaska. This information allows BLM to determine the compatibility of reindeer grazing on public lands with resource management guidelines developed in land use plans and multiple-use objectives described in 43 CFR part 4300.

The changes to this OMB Control Number from when it was last active in 2004 include discontinuing the form AK 4132–1–1, *Reindeer Permit Application*, as it was determined that the form lacks utility, and the BLM will also request to include the following information collections that are contained in the 43 CFR 4300 but were not previously accounted for under this OMB Control Number:

- Reindeer Grazing Permit Annual Report (43 CFR 4300.45);
- Assign permit to another party (43 CFR 4300.59 and 4300.60); and
- Permit to cross reindeer over public lands (43 CFR 4300.80).

This request is for OMB to reinstate with the above changes OMB Control Number 1004–0182.

Title of Collection: Alaska Reindeer Grazing Requirements (43 CFR 4300).

OMB Control Number: 1004–0182.

Form Numbers: AK 4201–1, *Grazing Lease or Permit Application* (OMB No. 1004–0182) and Form 4120–7, *Application for Range Improvement Permit* (OMB No. 1004–0019).

Type of Review: Reinstatement with change of a previously approved collection.

Respondents/Affected Public: Alaska Natives interested in reindeer grazing activities on public lands that BLM administers in the State of Alaska.

Total Estimated Number of Annual Respondents: 6.

Total Estimated Number of Annual Responses: 8.

Estimated Completion Time per Response: Varies from 1 hour to 30 minutes depending on activity.

Total Estimated Number of Annual Burden Hours: 11.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion and annual.

Total Estimated Annual Non-hour Burden Cost: \$12.

An agency may not conduct or sponsor and, notwithstanding any other provision of law, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Information Collection Clearance Officer.

I. Background

The CRPS Directorate consists of various applications that support programs under an Associate Director, including the Technical Preservation Services (TPS) Office, National Register of Historic Places and National Historic Landmarks Programs (NR/NHL), Park Archeology Program, Cultural Landscapes, Historic and Prehistoric Structures, and State, Tribal, Local Governments Program, and Tribal Relations and American Cultures. The INTERIOR/NPS–35, Cultural Resource Applications System, system of records provides the NPS CRPS Directorate program managers the ability to centrally manage processes from several program areas. The system helps NPS track, manage, comment and report on grant applications; manage and report on National Register resources in an effective and timely manner; track the processing of applications for Federal income tax incentives for historic preservation; manage NPS's official inventory of cultural resource sites in parks; provide Historic Preservation Offices the ability to report program and financial activities; provide the Native American Graves Protection and Repatriation Act (NAGPRA) Program the ability to track and process data related areas of program work; handle submission, collection, reviewing of the application process and track its progress; create reports, and provide audit documentation; and comply with legal and regulatory requirements for cataloging and reporting on cultural resources and historic properties. To the extent permitted by law, information may be shared with Federal, State, local, Tribal agencies, members of the public, and organizations as authorized and compatible with the purpose of this system, or when proper and necessary, consistent with the routine uses set forth in this system of records notice (SORN).

records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act defines an individual as a United States citizen or lawful permanent resident. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DOI by complying with DOI Privacy Act regulations at 43 CFR part 2, subpart K, and following the procedures outlined in the Records Access, Contesting Record, and Notification Procedures sections of this notice.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the existence and character of each system of records that the agency maintains, and the routine uses of each system. The INTERIOR/NPS–35, Cultural Resource Applications System, SORN is published in its entirety below. In accordance with 5 U.S.C. 552a(r), DOI has provided a report of this system of records to the Office of Management and Budget and to Congress.
