SUPPLEMENTARY INFORMATION:

I. Background

The Job Corps program, as authorized by the Workforce Investment Act (WIA) of 1998, is designed to serve low-income

young women and men, 16 through 24, who are in need of additional career technical, educational and social skills training, and other support services in order to gain meaningful employment, return to school or enter the Armed Forces. Job Corps is operated by the Department of Labor through a nationwide network of 122 Job Corps centers. The program is primarily a residential program operating 24 hours per day, 7 days per week, with non-resident enrollees limited by legislation to 20 percent of national enrollment. These centers presently accommodate more than 60,000 students. To ensure that the centers are filled with youth who are low-income as well as capable of and committed to doing the work necessary to achieve the benefits of Job Corps, certain eligibility requirements have been established by the legislation.

The purpose of this collection is to provide a vehicle to make allotments available to students who both desire an allotment and have a qualifying dependent. The is completed by the Job Corps admissions counselors or center staff and signed by the student during a personal interview.

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Currently, the Office of Job Corps is soliciting comments concerning Health Questionnaire, Form ETA 6-53. The following are the major changes in the revised ETA 6-53 Form and Instructions:

Expanded Purpose—The purpose of this form has been expanded to include

questions to determine whether an otherwise-eligible applicant offered enrollment may pose a direct threat to self or others.

Added information to Instructions—To comply with regulatory requirements, language has been added to the instructions to ensure that applicants are provided with appropriate information before medical or disability. (Instructions)

Added direct threat questions—To determine whether an otherwise-eligible applicant offered enrollment may pose a direct threat to self or others. The purpose of these questions is to prevent illness, injury, or death on centers. (Question 8 l-w)

Added new conditions—To better determine the health and accommodation/ modification needs of the applicant who has been offered enrollment, several new conditions have been added. (Question 9)

Added authorization to provide basic oral care—This will eliminate the need for the student to sign a separate authorization to receive basic oral care and provides a description of what is included in basic oral care. (Authorization Section)

Added requirement for AC to provide information—To ensure all applicants are informed of the health care to be provided by Job Corps, the AC is now required to provide each applicant a copy of the types of care that are considered “basic routine health care” from the Job Corps Policy and Requirements Handbook (currently Exhibit 6-4) before the ETA 6-53 is signed. SUPPLEMENTARY INFORMATION:

I. Background

The Job Corps Program is described in its enabling legislation under Public Law 105-220, Workforce Investment Act of 1998, as amended by Public Law 105-277. Section 145 establishes standards and procedures for obtaining

data from each applicant relating to their needs. The Department of Labor's regulation at 20 CFR 670.410 further details the recruitment and screening of applicants.

Individuals who wish to enroll in the Job Corps Program must first be determined to be eligible and selected for enrollment. This process is carried out by admissions agencies, including state employment services, contracted to recruit young people for the Job Corps Program. The admission process ensures that applicants meet all the admission criteria as defined in the *Policy and Requirement Handbook (PRH) Chapter 1, Outreach and Admissions, July 2001*. Nonmedical personnel in the admissions office (admissions counselors) conduct the admission interview and complete the required application forms. The ETA 6-53 is completed on all applicants that have been determined to be eligible and selected for the Job Corps Program.
