

various worker groups so that comparisons can be made over time and among different affected groups. Combining the questions on displacement, job tenure, and occupational mobility will enable analysts to obtain a more complete picture of employment stability.

## II. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

## DEPARTMENT OF LABOR

### Pension and Welfare Benefits Administration

### PENSION BENEFIT GUARANTY CORPORATION

#### Proposed Extension of Information Collection Request Submitted for Public Comment and Recommendations

**ACTION:** Notice.

**SUMMARY:** The Department of Labor and the Pension Benefit Guaranty Corporation (the Agencies), as part of their continuing efforts to reduce paperwork and respondent burden, conduct a preclearance consultation

program to provide the general public and other federal agencies with an opportunity to comment on proposed and continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data is provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

By this notice, the Agencies are soliciting comments concerning the proposed extension of approval of the Form 5500, Annual Return/Report of Employee Benefit Plan. The Internal Revenue Service (IRS) published its preclearance notice related to the Form 5500 and schedules on April 13, 2001 (66 FR 19287). A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addresses section of this notice. Although the 2001 Form 5500 is not yet available, it is not expected at this time to differ substantively or materially from the 2000 Form 5500. The Agencies are considering certain modifications to the existing Form 5500 to address processing issues arising from implementation of the ERISA Filing Acceptance System (EFAST) and incorporate statutory or regulatory changes that have occurred.

Informational copies of the 2000 Form 5500 and schedules, as well as the 2001 Form 5500 and schedules when they are finalized, are available for downloading and viewing on the EFAST website: [www.efast.dol.gov](http://www.efast.dol.gov). Official hand print forms are also made available as part of the annual mailing of the Form 5500 package. The hand print forms, schedules and instructions will also be available 24 hours a day, 7 days a week by calling: 1–800–TAX–FORM (1–800–829–3676).

**DATES:** Written comments must be submitted to the office listed in the addresses section below on or before August 20, 2001.

**ADDRESSES:** Interested parties are invited to submit written comments regarding the collection of information. Send comments to Mr. Gerald B. Lindrew, Office of Policy and Research, U.S. Department of Labor, Pension and Welfare Benefits Administration, 200 Constitution Avenue, NW., Room N–5647, Washington, DC 20210. Telephone: (202) 219–4782. Fax: (202) 219–4745 (these are not toll-free numbers). All comments will be shared between the Agencies.

## SUPPLEMENTARY INFORMATION:

### I. Background

The purpose of this notice is to seek comments from the public prior to submission to OMB for continued approval of the Form 5500 in accordance with the provisions of PRA 95. The existing approval will expire on August 31, 2001. We are providing this detailed background information to summarize the numerous changes that have occurred for the Form 5500 and processing system since the OMB's most recent prior action to approve the ICR, and to provide context for the comments requested at this time.

Under Titles I and IV of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code of 1986, as amended (the Code), pension and other employee benefit plans are generally required to file annual returns/reports concerning, among other things, the financial condition and operations of the plan. These annual reporting requirements can be satisfied generally by filing the Form 5500 in accordance with its instructions and related regulations. The Form 5500 is the primary source of information concerning the operation, funding, assets and investments of pension and other employee benefit plans. In addition to being an important disclosure document for plan participants and beneficiaries, the Form 5500 is a compliance and research tool for the Agencies and the IRS, and a source of information for use by other federal agencies, Congress, and the private sector in assessing employee benefit, tax, and economic trends and policies.

On September 3, 1997, the Agencies and IRS published a Notice of Proposed Revision of Annual Information Return/Reports (September 3 Notice) in the **Federal Register** (62 FR 46556) as part of the effort to streamline and simplify the Form 5500, Annual Report/Return of Employee Benefit Plan. The Agencies and the IRS proposed the replacement of the Form 5500, Form 5500–C and Form 5500–R with one Form 5500 intended to streamline the report and the methods by which it is filed. Concurrent with the development of the new forms, the Agencies and the IRS initiated the development of a new computerized system to process the Form 5500 (EFAST). EFAST is designed to simplify and expedite the receipt and processing of the new Form 5500 by relying on computer scannable forms and electronic filing technologies. The development of the forms in conjunction with the EFAST system was intended to streamline and improve the
