Agency Information Collection Activities: Proposed Collection; Comment Request—Annual State Report on Verification of Supplemental Nutrition Assistance Program Participation

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on the proposed information collection for the Annual State Report of Verification of SNAP Participation. This is a new collection. The purpose of the Annual State Report of Verification of Supplemental Nutrition Assistance Program (SNAP) Participants is to ensure that no person who is deceased, or has been permanently disqualified from SNAP, improperly received SNAP benefits for the fiscal year preceding the report submission. Section 4032 of the Agriculture Act of 2014 is the basis for this collection. Section 4032 mandates that States will “submit to the Secretary a report containing sufficient information for the Secretary to determine whether the State agency has, for the most recently concluded fiscal year preceding that annual date, verified that the State agency in that fiscal year—(1) did not issue benefits to a deceased individual; and (2) did not issue benefits to an individual who had been permanently disqualified from receiving benefits.” An annual email from each State agency to the corresponding Food and Nutrition Service (FNS) Regional SNAP Program Director will be used as the mechanism for State agencies to report their compliance with section 4032 of the Agriculture Act of 2014.

DATES: Written comments must be submitted on or before June 29, 2015.

ADDRESSES: Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency’s estimated burden for the proposed information

collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to Jane Duffield, Branch Chief, State Administration Branch, Program Accountability and Administration Division, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Room 818, Alexandria, VA 22302. SUPPLEMENTARY INFORMATION:

Title: Annual State Report on Verification of SNAP Participation.

OMB Number: 0584-NEW.

Expiration Date: Not Yet Determined.

Type of Request: New collection.

Abstract: SNAP regulations at 7 CFR 273.16 require that State agencies disqualify an individual who has committed an intentional program violation (IPV). Paragraph 7 CFR 273.16(e)(8) requires that these individuals “be disqualified in accordance with the disqualification periods and procedures in paragraph (b) of this section” (273.16(b)). Paragraph 7 CFR 273.16(i) requires State agencies to report information concerning each individual disqualified for an IPV to the disqualified recipient database, the electronic Disqualified Recipient System (eDRS), and to use eDRS data to determine the eligibility of individual

applicants prior to certification. SNAP regulations at 7 CFR 272.14 require that each State agency establish a system to verify and ensure that benefits are not issued to individuals who are deceased, and that data source is the Social Security Administration’s (SSA) Death Master File. The information required for the Annual State Report on Verification of SNAP Participation is obtained by validating that the State had the appropriate systems in place and followed procedures currently mandated at 7 CFR 272.14 and 7 CFR 273.16 for the preceding fiscal year.

The burdens associated with the activity of establishing a system to verify and ensure that benefits are not issued to deceased individuals or those permanently disqualified from SNAP using both the SSA Death Master File and eDRS are already conducted during the SNAP eligibility benefit process and is currently approved under OMB burden number 0584-0064, expiration date April 30, 2016.

In order to meet the reporting requirements specified in section 4032 of the Act, States are required to confirm via email to their FNS Regional SNAP Program Director that in the immediately preceding Federal fiscal year, they had the appropriate systems in place to meet the requirements of regulations at 7 CFR 272.14 and 273.16(i)(4) and that they conducted the matches required by these regulations. States are required to submit their section 4032 reports to the FNS Regional SNAP Director by March 31 each year for the preceding Federal fiscal year. The estimated annual burden for this collection is 57.41 hours. This estimate includes the time it takes each State agency to confirm that they have complied with FNS regulations for performing mandated checks against both eDRS and the SSA Death Master File, send an email to their FNS Regional Office SNAP Program Director to provide the verification, and any additional recordkeeping associated with this burden. States must perform this verification once a year and must retain these records for 3 years.

Title: Child Nutrition Program Operations Study-II (CN-OPS-II).

Form Number: N/A.

OMB Number: 0584-NEW.

Expiration Date of Approval: Not yet determined.

Type of Information Collection

Request: New information collection.

Abstract: The objective of the Child Nutrition Program Operations Study-II (CN-OPS-II) is to collect timely data on policies, administrative, and operational issues on the Child Nutrition Programs. The ultimate goal is to analyze these data and to provide input for new legislation on Child Nutrition Programs as well as to provide pertinent technical assistance and training to program implementation staff.

The CN-OPS-II will help the Food and Nutrition Service (FNS) better

understand and address current policy issues related to Child Nutrition Programs (CNP) operations. The policy and operational issues include, but are not limited to, the preparation of the program budget, development and implementation of program policy and regulations, and identification of areas for technical assistance and training. Specifically, this study will help FNS obtain:

- General descriptive data on the Child Nutrition (CN) program characteristics to help FNS respond to questions about the nutrition programs in schools;

- Data related to program administration for designing and revising program regulations, managing resources, and reporting requirements; and

- Data related to program operations to help FNS develop and provide training and technical assistance for School Food Authorities (SFAs) and State Agencies responsible for administering the CN programs.

The activities to be undertaken subject to this notice include:

- Conducting a multi-modal (*e.g.* paper, Web, and telephone) survey of approximately 1,500 SFA Directors.

- Conducting a paper survey of all 56 State Agency CN Directors.

Affected Public: State, Local and Tribal Governments.

Type of Respondents: 1,500 SFA Directors and 56 State CN Directors.

Estimated Total Number of Respondents: 1,556.

Frequency of Response: 3.

Estimated Total Annual Responses: 4,668.

Estimate of Time per Respondent and Annual Burden: Public reporting burden for this collection of information is estimated to average one hundred fifty (150) minutes per Self-Administered Survey for the SFA Directors and the State Agency CN Directors (this includes 60 minutes for data gathering, 60 minutes to respond to the questionnaire, and 30 minutes for pre-notification and follow-up activities). The average time across all respondents is 50 minutes (0.83 hours). The annual reporting burden is estimated at 3,890 hours (see table below).
