

line (Mt. Diablo Meridian) and a small portion of lands in Clark County, Nevada, within the Coyote Springs Valley in the vicinity of Highways 168 and 93.

Some of the Applicants' future activities have the potential to impact species subject to protection under the Act. Section 10(a)(1)(B) permits non-Federal landowners to take endangered and threatened species, provided the take is incidental to otherwise lawful activities and will not appreciably reduce the likelihood for the survival and recovery of the species in the wild, among other permit issuance criteria. An applicant for a Permit under section 10 of the Act must prepare and submit to the Service for approval a Plan containing, among other things, a strategy for minimizing and mitigating all take associated with the proposed activities to the maximum extent practicable. The applicant must also ensure that adequate funding for implementation of the Plan will be provided.

The Applicants have initiated discussions with the Service regarding the possibility of a Permit and associated MSHCP for their activities on lands to be covered by a Permit. General activities proposed for Permit coverage include residential, commercial and industrial development, construction, and maintenance activities.

The Service will conduct an environmental review of the Plan and prepare an EIS. The environmental review will analyze the Applicants' proposed plan as well as a full range of reasonable alternatives and the associated impacts of each. The Service is currently in the process of developing alternatives for analysis.

Comments and suggestions are invited from all interested parties to ensure that the full range of issues related to the permit request are addressed and that all significant issues are identified. Comments or questions concerning this proposed action and the EIS should be directed to the Service (see **ADDRESSES**).

The environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969 as amended (42 U.S.C. 4321 et seq.) and its implementing regulations (40 CFR parts 1500 through 1508), and with other appropriate Federal laws and regulations, policies, and procedures of the Service for compliance with those regulations. It is estimated that the draft EIS will be available for public review in early or mid-2002.

Dated: June 21, 2001.

Mary Ellen Mueller,

Deputy Manager, California/Nevada Operations Office, Sacramento, California.

Extension of Date for Call for Advisory Committee Nominations

SUMMARY: Notice is hereby given that the Bureau of Land Management (BLM) and U.S. Forest Service have extended the date to receive nominations to serve on the new Santa Rosa and San Jacinto Mountains National Monument Advisory Committee through Friday, July 20, 2001. A previous notice, published in the May 31, 2001, **Federal Register**, announced the agencies' intent to establish the Committee under the Santa Rosa and San Jacinto Mountains National Monument Act of 2000, Public Law 106-351 (U.S.C. 431 note) and called for nominations no later than July 2, 2001. This extension, calling for nominations no later than July 20, 2001, is granted in response to public requests for additional time.

ADDRESSES: Send nominations to: Mr. James G. Kenna, Bureau of Land Management, P.O. Box 581260, North Palm Springs, California 92258, 760-251-4800 or Mr. Fran Colwell, Forest Service, 1824 S. Commercenter Circle, San Bernardino, California 92408, 909-884-6634, x 3144.

FOR FURTHER INFORMATION CONTACT: Mr. James G. Kenna, Bureau of Land Management, 760-251-4800 or Mr. Fran Colwell, Forest Service, 909-884-6634, x 3144.

SUPPLEMENTARY INFORMATION: Any individual or organization may nominate one or more persons to serve on the committee. Individuals may nominate themselves for Committee membership. Nomination forms can be obtained by contacting the individuals listed in **ADDRESSES** above. To make a nomination, submit a completed nomination form, letters of reference from the represented interests or organization, and any other information that speaks to the nominee's qualifications to the offices listed above. You may make nominations for the following categories of interest, as

specified in the Act: (1) A representative with expertise in natural science and research selected from a regional college or university; (2) a representative of the California Department of Fish and Game or the California Department of Parks and Recreation; (3) a representative of the County of Riverside, California; (4) a representative from each of the following cities: Palm Springs, Cathedral City, Rancho Mirage, La Quinta, Palm Desert, and Indian Wells; (5) a representative of the Agua Caliente Band of Cahuilla Indians; (6) a representative of the Coachella Valley Mountains Conservancy; (7) a representative of a local conservation organization; (8) a representative of a local developer or builder organization; (9) a representative of the Winter Park Authority; and (10) a representative of the Pinyon Community Council. Nominations to the Committee should describe and document the proposed member's qualifications for membership on the Advisory Committee.

Committee members will be appointed to serve 3-year terms, except that, of the members first appointed, one-third of the members shall be appointed for a term of 1 year and one-third of the members shall be appointed for a term of 2 years. All members will serve without pay but will be reimbursed for travel and per diem expense at current rates for government employees under 5. U.S.C. 5703.

Appointments to the Committee will be made by the Secretary of the Interior with the concurrence of the Secretary of Agriculture.

Dated: June 20, 2001.

Tim Salt,

California Desert District Manager, Bureau of Land Management.

Dated: June 21, 2001.

Gene Zimmerman,

Forest Supervisor, San Bernardino National Forest.

Notice of Intent To Prepare an Environmental Impact Statement for a Proposed Gas Fired Electric Power Plant and Ancillary Facilities in Clark and Lincoln Counties, Nevada, and Notice of Public Meetings

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) and notice of EIS public scoping meetings for construction of a gas fired, water cooled, electric power plant and ancillary facilities (Meadow Valley Generating Project) in the Moapa Valley area of Clark County and ancillary facilities in both Clark and Lincoln Counties, Nevada.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, the Bureau of Land Management (BLM), Las Vegas Field Office, will be directing the preparation of an EIS and conducting public scoping meetings for the Meadow Valley Generating Project to assess the potential impacts of rights-of-way (ROW), a conveyance, or a commercial lease for a proposed power-generating facility and ROW for the proposed associated ancillary facilities in Clark and Lincoln Counties.

The proposed Meadow Valley Generating Project includes a nominal 1,100-megawatt power-generating facility in Moapa Valley and an approximate 19.3-mile, 500 kV alternating current transmission line to interconnect the generating facility to the existing Nevada Power Company's Crystal Substation in Clark County. Natural gas would be supplied by an approximate 0.8-mile, 20-inch diameter natural gas supply line from a tie-in point with the BLM authorized and existing Kern River Transmission system in Clark County. Water facilities will include a 0.8-mile, 20-inch diameter wastewater discharge line to agricultural lands located northeast of the generating facility in Clark County; a 17.5-mile, 20-inch diameter water pipeline in Clark and Lincoln Counties with approximately twelve, one-acre well sites in Lincoln County, and a new 8.5-mile, 20-inch diameter water pipeline running parallel to BLM authorized and existing Moapa Valley Water District's water pipelines extending from the Bowman Reservoir to the Meadow Valley Generating Project site. Additional electric facilities include a nine-mile 69kV transmission line, a 10MVA Substation, and approximately nine-miles of 34.5 kV (maximum) distribution line maintained by the Lincoln County Power District in Clark and Lincoln Counties. There would be a relocation of the existing water and electrical transmission lines that currently traverse the generating facility site to the southern boundary of the site in Clark County. The BLM will require a bond in accordance with 43 CFR 2803.1-4.

SUPPLEMENTARY INFORMATION: The Meadow Valley project area is located in the southeastern part of Nevada in Lincoln and Clark Counties, Nevada. The area is accessible by Interstate 15 and State Highway 168. There are existing dirt roads throughout the area to provide access to the proposed project area. Ancillary facilities are located in a variety of settings, including upland and flat terrain.

The proposed power generating facility development area encompasses approximately 155 acres of public lands. The legal description of the public land proposed to be available for the power generating facility is:

Mount Diablo Meridian, Clark County, Nevada

T.14 S., R. 66 E.,

Sec. 28, SW $\frac{1}{4}$, except the E $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$.

containing 155 acres more or less.

The legal description of the public land for the ancillary ROW facilities (electrical transmission lines, water, and gas pipelines) is not provided here due to the length of the legal description. However, maps of the proposed project are available for viewing at the Bureau of Land Management, Las Vegas Field Office, 4765 Vegas Drive, Las Vegas, NV 89108.

Preliminary Issues

Tentatively identified issues of concern include threatened and endangered species, water resources, wilderness, visual resources, wildlife, cultural resources, and land use.

Possible Alternatives

The EIS will analyze the Proposed Actions and No Action Alternative. Other alternatives may include modifying proposed locations of roads and linear ROW, analyzing a smaller output facility and cooling options, and a conveyance or commercial lease of the public lands for the power plant site.

Decisions To Be Made

The Record of Decision to the EIS is whether to grant ROW for the power plant and ancillary facilities, or to convey or commercially lease the public land for the power plant site.

Public Scoping Meetings

Three public scoping meetings are planned. The meetings will provide the public an opportunity to present comments or issues that will be addressed in the EIS. The meetings will be held in an "open house format" beginning at 6:00 p.m. and ending at 9:00 p.m. At 7:00 p.m., the EIS process will be explained. An opportunity will

be given for verbal comments specific to the proposal and written comments can also be submitted.

Meetings have been scheduled for the following locations:

Monday, July 23, 2001, at the Clark County Government Center, ETD Room 3, 500 S. Grand Central Parkway, Las Vegas, NV 89155

Tuesday, July 24, 2001, at the Moapa Courthouse, 1340 East Hwy 168, Moapa, NV 89025

Wednesday, July 25, 2001, at the Caliente City Hall Council Chambers, 100 Depot Ave, Caliente, NV 89008

Public Input Requested

Comments concerning the Proposed Actions and EIS should address issues to be considered, feasible alternatives to examine, possible mitigation, and information relevant to, or having a bearing on the Proposed Action.

Comment Dates

The comment period for scoping the EIS will commence with the publication of this notice. Those having concerns, issues, or alternatives they would like to see addressed in the EIS should respond with written comments within 30 days from the date of this notice. This Scoping Notice will be distributed by mail on or about the date of this notice.

All comments received at the public scoping meetings or through written comments submitted will aid the BLM in identifying alternatives and assuring all issues are analyzed in the environmental impact statement.

ADDRESSES: Information and a copy of this Notice of Intent for the Meadow Valley EIS can be obtained by either writing to or visiting the Bureau of Land Management, Las Vegas Field Office, 4765 Vegas Drive, Las Vegas, Nevada 89108.

Comments and issues on the proposed EIS should be mailed to Jacqueline Gratton, Project Manager, Bureau of Land Management, Las Vegas Field Office, 4765 Vegas Drive, Las Vegas, Nevada 89108, or at e-mail jgratton@nv.blm.gov.

FOR FURTHER INFORMATION CONTACT: Jacqueline Gratton, (702) 647-5054, or at e-mail jgratton@nv.blm.gov.

Dated: June 22, 2001.

Rex Wells,

Acting Field Manager.
