The order of business may be adjusted
as necessary to accommodate the
completion of agenda items. The
meeting will begin on November 22,
2022 at 9:30 a.m., and will end on
November 22, 2022, at 5 p.m. Other than
the start time, interested parties should
be aware that discussions may start
earlier or later than indicated. In
addition, the meeting may be extended
from, or completed prior to the date
established in this notice.

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery
Management Council (Council) is
scheduling a public joint meeting of its
Habitat Advisory Panel and Committee
via webinar to consider actions affecting
New England fisheries in the exclusive
economic zone (EEZ).

Recommendations from this group will
be brought to the full Council for formal
consideration and action, if appropriate.

DATES: This meeting will be held on
Friday, November 12, 2022, at 9 a.m.
Webinar registration URL information:

ADDRESSES:

Council address: New England
Fishery Management Council, 50 Water
Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT:
Thomas A. Nies, Executive Director,
New England Fishery Management
Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Advisory Panel and Committee
will discuss progress on the Atlantic
Salmon Aquaculture Framework,
including goals, objectives, and draft
management alternatives. They will also
discuss potential 2023 work priorities in
advance of the December Council
meeting, focusing on possible new
actions: (1) revisions to Habitat
Management Areas on the northern edge
of Georges Bank, including
consideration of recent research, and (2)
essential fish habitat 5-year review and
updates to designations. Discuss other
business, as necessary.

Although non-emergency issues not
contained in this agenda may come
before this group for discussion, those
issues may not be the subject of formal
action during this meeting. Action will
be restricted to those issues specifically
listed in this notice and any issues
arising after publication of this notice
that require emergency action under
section 305(c) of the Magnuson-Stevens
Act, provided the public has been
notified of the Council's intent to take
final action to address the emergency.

Special Accommodations

This meeting is physically accessible
to people with disabilities. Requests for
sign language interpretation or other
auxiliary aids should be directed to
Thomas A. Nies, Executive Director, at
(978) 465–0492, at least 5 days prior to
the date. This meeting will be recorded.
Consistent with 16 U.S.C. 1852, a copy
of the recording is available upon
request.

Atlantic Highly Migratory Species; Advisory Panel

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Notice; solicitation of
nominations.

SUMMARY: NMFS solicits nominations
for the Atlantic Highly Migratory
Species (HMS) Advisory Panel (AP).
NMFS consults with and considers the
comments and views of the HMS AP
when preparing and implementing
Fishery Management Plans (FMPs) or
FMP amendments for Atlantic tunas,
swordfish, sharks, and billfish.
Nominations are being sought to fill
approximately one-third (10) of the seats
on the HMS AP for 3-year
appointments. Individuals with
definable interests in the recreational
and commercial fishing and related
industries, environmental community,
academia, and non-governmental
organizations are considered for
membership on the HMS AP.

DATES: Nominations must be received
on or before November 30, 2022.

ADDRESSES: You may submit
nominations and requests for the
Advisory Panel Statement of
Organization, Practices, and Procedures
by email to [HMSAP.Nominations@
noaa.gov](mailto:HMSAP.Nominations@noaa.gov). Include in the subject line the
following identifier: “HMS AP
Nominations.”

FOR FURTHER INFORMATION CONTACT:
Tiffany Weidner at (301) 427–8550 or

via email at HMSAP.Nominations@noaa.gov.

SUPPLEMENTARY INFORMATION: Atlantic HMS fisheries (tunas, billfish, swordfish, and sharks) are managed under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*). The 2006 Consolidated Atlantic HMS FMP and its amendments are implemented by regulations at 50 CFR part 635.

The Magnuson-Stevens Act requires the establishment of an AP for each FMP for HMS, *i.e.*, tunas, swordfish, billfish, and sharks (16 U.S.C. 1854(g)(1)(A)–(B)). Since the inception of the AP in 1998, NMFS has consulted with and considered the comments and views of AP members when preparing and implementing HMS FMPs or FMP amendments. In this notice, NMFS solicits nominations for the HMS AP. Nominations are being sought to fill approximately one-third (10) of the seats on the HMS AP for 3-year appointments. Individuals with definable interests in the recreational and commercial fishing and related industries, environmental community, academia, and non-governmental organizations are considered for membership on the HMS AP as described below.

Procedures and Guidelines

A. Nomination Procedures for Appointments to the AP

Nomination packages should include:

1. The name of the nominee and a description of his/her interest in HMS or HMS fisheries, or in particular

species of sharks, swordfish, tunas, or billfish;

2. Contact information, including mailing address, phone, and email of the nominee;

3. A statement of background and/or qualifications;

4. A written commitment that the nominee shall actively participate in good faith, and consistent with ethics obligations, in the meetings and tasks of the HMS AP; and

5. A list of outreach resources that the nominee has at his/her disposal to communicate qualifications for HMS AP membership.

Qualification for membership includes one or more of the following: (1) experience in HMS recreational fisheries; (2) experience in HMS commercial fisheries; (3) experience in fishery-related industries (*e.g.*, marinas, bait and tackle shops); (4) experience in the scientific community working with HMS; and/or (5) representation of a private, non-governmental, regional, national, or international organization that represents marine fisheries, or environmental, governmental, or academic interests regarding HMS.

Tenure for the HMS AP

Member tenure will be for 3 years, with approximately one-third of the members' terms expiring on December 31 of each year. Nominations are sought for terms beginning January 2023 and expiring December 2025.

Members can serve a maximum of three consecutive terms (a total of 9 consecutive years). Afterwards, a member must then sit off the HMS AP for a single year before reapplying for a new term.

B. Participants

Nominations for the HMS AP will be accepted to allow representation from commercial and recreational fishing interests, academic/scientific interests, and the environmental/non-governmental organization community, for individuals who are knowledgeable about HMS and/or HMS fisheries. Current representation on the HMS AP, as shown in table 1, consists of 12 members representing commercial interests, 12 members representing recreational interests, 4 members representing environmental interests, 4 academic representatives, and the ICCAT Advisory Committee Chair. NMFS seeks to fill three commercial, five recreational, and two environmental organization vacancies for terms starting in 2023.

In filling vacancies, NMFS will seek to maintain the current representation from each of the sectors. NMFS also considers species expertise and representation from the fishing regions (Northeast, Mid-Atlantic, Southeast, Gulf of Mexico, and Caribbean) to ensure the diversity and balance of the HMS AP. Table 1 includes the current representation on the HMS AP by sector, region, and species with terms that are expiring identified in the "Member Status" column. It is not meant to indicate that NMFS will only consider persons who have expertise in the species or fishing regions that are listed. Rather, NMFS will aim toward having as diverse and balanced an AP as possible. The intent is to have a group that, as a whole, reflects an appropriate and equitable balance and mix of interests given the responsibilities of the HMS AP.

Note: Terms that are expiring or associated with current members stepping down are marked as “Expiring”.

Five additional members on the HMS AP include one member representing each of the following Councils: New England Fishery Management Council, the Mid-Atlantic Fishery Management Council, the South Atlantic Fishery Management Council, the Gulf of Mexico Fishery Management Council, and the Caribbean Fishery Management Council. The HMS AP also includes 22 ex-officio participants: 20 representatives of the coastal states and 2 representatives of the interstate commissions (the Atlantic States Marine Fisheries Commission and the Gulf States Marine Fisheries Commission).

NMFS will provide the necessary administrative support, including technical assistance, for the HMS AP. However, NMFS will not compensate participants with monetary support of any kind. Depending on availability of funds, members may be reimbursed for travel costs related to the HMS AP meetings.

C. Meeting Schedule

Meetings of the HMS AP will be held as frequently as necessary but are routinely held twice each year. In recent years, meetings have been held once in the spring, and once in the fall. The meetings may be held in conjunction with public hearings.

Dated: October 26, 2022.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Naval Base San Diego Pier 6 Replacement Project, San Diego, California

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of renewal incidental harassment authorization (IHA).

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA), as amended, notification is hereby given that NMFS has issued a renewal IHA to the U.S. Navy (Navy) to incidentally harass marine mammals incidental to the Naval Base San Diego Pier 6 Replacement Project in San Diego, California.

DATES: This renewal IHA is valid from October 17, 2022 through September 30, 2023.

FOR FURTHER INFORMATION CONTACT:

Amy Fowler, Office of Protected Resources, NMFS, (301) 427–8401. Electronic copies of the original application, Renewal request, and supporting documents (including NMFS **Federal Register** notices of the original proposed and final authorizations, and the previous IHA), as well as a list of the references cited in this document, may be obtained online at: <https://www.fisheries.noaa.gov/permit/incidental-take-authorizations-under-marine-mammal-protection-act>. In case

of problems accessing these documents, please call the contact listed above.

SUPPLEMENTARY INFORMATION:

Background

The Marine Mammal Protection Act (MMPA) prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are proposed or, if the taking is limited to harassment, a notice of a proposed incidental take authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least practicable adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stocks for taking for certain subsistence uses (referred to here as “mitigation measures”). Monitoring and reporting of such takings are also required. The meaning of key terms such as “take,” “harassment,” and “negligible impact” can be found in section 3 of the MMPA (16 U.S.C. 1362) and the agency’s regulations at 50 CFR 216.103.
