Importing of Marine Mammals (50 CFR part 216), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The Permit authorizes the Holder to conduct round-ups of fur seals on St. Paul and St. George Islands and to disentangle seals on St. Paul, AK.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), an environmental assessment was prepared analyzing the effects of the permitted activities. After a Finding of No Significant Impact, the determination was made that it was not necessary to prepare an environmental impact statement.

Dated: June 17, 2004.

Stephen L. Leathery,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Notice of Closed Meetings

AGENCY: Corporation for National and Community Service.

ACTION: Notice of Closed Meetings of the Board of Directors.

SUMMARY: On Friday, June 18, 2004, a majority of the Board of Directors (Board) of the Corporation for National and Community Service (Corporation) voted, pursuant to 45 CFR 2505.4, to close public observation for a newlyscheduled meeting on June 21, 2004, and for a portion of an expanded meeting on June 22, 2004 that was previously noticed in the Federal **Register**. The meetings, or portions thereof, to be closed involve discussions of the draft AmeriCorps rulemaking proposal the Corporation plans to submit to the Office of Management and Budget rulemaking docket. The vote followed a determination, in accordance with the Government in the Sunshine Act and the Corporation's regulations, that Board business required this discussion without the delay that would be necessary to make a public announcement at least one week before the meeting, as described in 45 CFR 2505.6. Thus, the Board determined by a majority vote that an additional meeting on June 21, 2004 was necessary and that the subject matter of the Board meeting on June 22, 2004, as previously announced, should be expanded, to add the discussion of this proposal to the agenda for this meeting, and that no earlier announcement of the change was possible.

In accordance with 45 CFR 2505.5(e), the General Counsel of the Corporation for National and Community Service has certified that, in his opinion, the portions of the meetings to be closed could properly be closed to public observation on the grounds that disclosing the information to be discussed to the public prematurely would significantly frustrate implementation of a proposed agency action, pursuant to 45 C.F.R. 2505.4(h)(i). The Board accepted that determination in voting to close the meetings.

As provided in 45 CFR 2505.5(c), the members of the Board voting in favor of closing this portion of the meeting were: Stephen Goldsmith; Alan Solomont; Dorothy Johnson; Donna Williams; Cynthia Burleson; and Carol Kinsley.

The Corporation expects the following Corporation for National and Community staff to attend the closed portions of the meetings: David Eisner, Chief Executive Officer; Michelle Guillermin, Chief Financial Officer and Acting Chief Operating Officer; Amy Mack, Chief of Staff; Frank Trinity, General Counsel; Rosie Mauk, Director of AmeriCorps; Katherine Hoehn, Director of Congressional Affairs; Nicola Goren, Associate General Counsel. In addition, the Corporation expects the following members of the Board of Directors to attend: Stephen Goldsmith (Chair); Alan Solomont; Dorothy Ìohnson; Donna Williams; Cynthia Burleson; Carol Kinsley; Henry Lozano; Marc Racicot; William Schambra; Juanita Doty.

FOR FURTHER INFORMATION CONTACT: For further information, contact Frank Trinity, General Counsel, at (202) 606–5000 ext. 256.

Dated: June 18, 2004.

Frank R. Trinity,

General Counsel.

Department of the Navy

Notice of Availability of Government-Owned Invention; Available for Licensing

AGENCY: Department of the Navy, DOD. **ACTION:** Notice.

SUMMARY: The invention listed below is assigned to the United States Government as represented by the Secretary of the Navy and is available for licensing by the Department of the

Navy. Patent application 10/774,649: NON-INVASIVE CORROSION SENSOR. The invention provides a method that will permit quantitative measurement of the rate of corrosion of material surfaces not accessible during normal operations. The process is predictive and does not require visual observation of the surfaces.

ADDRESSES: Requests for copies of the invention cited should be directed to the Naval Surface Warfare Center, Crane Div, Code 054, Bldg 1, 300 Highway 361, Crane, IN 47522–5001.

FOR FURTHER INFORMATION CONTACT: Mr. Brian Bailey, Naval Surface Warfare Center, Crane Div, Code 054, Bldg 1, 300 Highway 361, Crane, IN 47522–5001, telephone (812) 854–2378. To download an application for license, see: http://www.crane.navy.mil/newscommunity/TechTrans CranePatents.asp?bhcp=1
