

Notices

Federal Register

Vol. 66, No. 16

Wednesday, January 24, 2001

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

Intergovernmental Advisory Committee (IAC)

AGENCY: Office of the Secretary, USDA.

ACTION: Notice of advisory committee reestablishment.

SUMMARY: In response to the continued need of the U.S. Department of Agriculture and the U.S. Department of the Interior for advice on coordination and implementation of the Record of Decision (ROD) of April 13, 1994, for Management of Habitat for Late-Successional and Old-Growth Forest Related Species Within the Range of the Northern Spotted Owl, the Departments have reestablished the Intergovernmental Advisory Committee (IAC). The purpose of the IAC is to provide intergovernmental advice on coordinating the implementation of the ROD. The IAC provides advice and recommendations to promote integration and coordination of forest management activities among Federal and non-Federal entities.

FOR FURTHER INFORMATION CONTACT: Jonathan Stephens, Planning Specialist, Forest Service, USDA, (202) 205-0948.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act (5 U.S.C. App.), notice is hereby given that the U.S. Department of Agriculture in consultation with the Department of the Interior has reestablished the IAC to the Regional Interagency Executive Committee (RIEC). The purpose of the RIEC is to facilitate the coordinated implementation of the ROD of April 13, 1994. The RIEC consists of representatives of the following Federal agencies: the Forest Service, Bureau of Land Management, U.S. Fish and Wildlife Service, National Marine Fisheries Service, National Park Service, Bureau of Indian Affairs, Environmental Protection Agency, U.S. Army Corps of

Engineers, Natural Resource Conservation Service, Forest Service Research, Environmental Protection Agency Research, and U.S. Geological Survey Biological Resources Division. The purpose of the IAC is to advise the RIEC on coordinating the implementation of the ROD. The IAC provides advice and recommendations to promote integration and coordination of forest management activities among Federal and non-Federal entities.

The IAC is considered to be in the public interest in connection with the duties and responsibilities of the managing agencies for developing an ecosystem management approach that is consistent with statutory authority for land use planning. Ecosystem management at the province level requires improved coordination among the governmental entities responsible for land management decisions and the public those agencies serve.

The chairing responsibility of the IAC will alternate annually between the Forest Service and the Bureau of Land Management representative. The Executive Director, Regional Ecosystem Office, will serve as the designated federal official under sections 10(e) and (f) of the Federal Advisory Committee Act (5 U.S.C. APP.).

The renewal of the IAC does not require an amendment of Bureau of Land Management or Forest Service planning documents because the reestablishment does not affect the standards and guidelines or land allocations. The Bureau of Land Management and the Forest Service will give further notice, as needed, of additional actions or adjustments when implementing interagency coordination, public involvement, and other aspects of the ROD.

Equal opportunity practices are followed in all appointments to the advisory committee. To ensure that the recommendations of the IAC have taken into account the needs of diverse groups served by the Departments, membership includes to the extent practicable individuals with demonstrated ability to represent minorities, women, persons with disabilities, and senior citizens.

Dated: January 12, 2001.

Paul W. Fiddick,

Assistant Secretary for Administration.

Animal and Plant Health Inspection Service

[Docket No. 00-123-1]

Draft Guidelines for Testing of Residual Formaldehyde (VICH Topic GL25) and Testing of Residual Moisture (VICH Topic GL26)

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of availability and request for comments.

SUMMARY: Two draft guidelines, titled "Testing of Residual Formaldehyde" and "Testing of Residual Moisture," have been developed by the International Cooperation on Harmonization of Requirements for Registration of Veterinary Medicinal Products (VICH). These draft guidelines provide, respectively, general requirements for residual formaldehyde and residual moisture testing. Because the guidelines apply to final product testing for formaldehyde-containing veterinary vaccines and final product testing for residual moisture in veterinary vaccines regulated by the Animal and Plant Health Inspection Service under the Virus-Serum-Toxin Act, we are requesting comments on the scope of each guideline and its provisions so that we may include any relevant public input on the draft in the agency's comments to the VICH Steering Committee.

DATES: We invite you to comment on the draft guidelines. We will consider all comments that we receive by March 26, 2001.

ADDRESSES: Please send four copies of your comment (an original and three copies) to: Docket No. 00-123-1, Regulatory Analysis and Development, PPD, APHIS, Suite 3C03, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 00-123-1.

You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to
