

the Fish and Wildlife Service through an application process.

We use three forms to collect this Title 50 Certifier application information:

(1) FWS Form 3–2273 (Title 50 Certifying Official Form). New applicants and those seeking recertification as a title 50 certifying official provide information so that we can assess their qualifications.

(2) FWS Form 3–2274 (U.S. Title 50 Certification Form). Certifying officials use this form to affirm the health status of the fish or fish reproductive products to be imported.

(3) FWS Form 3–2275 (Title 50 Importation Request Form). We use the

information on this form to ensure the safety of the shipment and to track and control importations.

With this submission, we updated FWS Forms 3–2273 and 3–2275 to clarify the information collected. We did not make any updates to Form 3–2274. We also plan to begin publishing, with OMB approval, the results of this information collection for Form 3–2273 on a publically accessible, Service-managed web page to inform importers of Certified Signing Officials by country of origin.

Endangered and Threatened Species; Receipt of Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct

activities intended to enhance the propagation or survival of endangered or threatened species under the Endangered Species Act. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before May 8, 2020.

ADDRESSES: *Document availability and comment submission:* Submit requests for copies of the applications and related documents and submit any comments by one of the following methods. All requests and comments should specify the applicant name(s) and application number(s) (*e.g.*, TE–XXXXXX; see the table in **SUPPLEMENTARY INFORMATION**).

- *Email:* permitsr8es@fws.gov.
- *U.S. Mail:* Robert Krijgsman, Endangered Species Program Manager, U.S. Fish and Wildlife Service, 2800 Cottage Way, Room W–2606, Sacramento, CA 95825.

FOR FURTHER INFORMATION CONTACT: Robert Krijgsman, via phone at 760–431–9440, via email at permitsr8es@fws.gov

fws.gov, or via the Federal Relay Service at 1–800–877–8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite the public to comment on applications for permits under section 10(a)(1)(A) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permits would allow the applicants to conduct activities intended to promote recovery of species that are listed as endangered or threatened under the ESA.

Background

With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA's definition of "take" includes such activities as pursuing, harassing, trapping, capturing, or collecting in addition to hunting, shooting, harming, wounding, or killing.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such prohibited actions as capture and collection. Our regulations

implementing section 10(a)(1)(A) for these permits are found in the Code of Federal Regulations at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing these permits.

Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.
