

EA identified and evaluated three alternatives for managing the Refuges for the next 15 years. Under Alternative A, the No Action alternative, the Service would manage habitats, wildlife, programs, and facilities at current levels as time, staff, and funds allow. Refuge habitats would continue to be managed on a minimal basis and opportunistic schedule that may maintain, or most likely would result in decline in, the diversity of vegetation and water quality and quantity in the wetlands. The Service would not develop any new management, restoration, or education programs at the Refuges.

Alternative B, the Proposed Action, would increase management activities on the Refuges. Upland habitats would be evaluated and managed for the benefit of migratory bird species. Monitoring and management of invasive species on the Refuges would be increased. With additional staffing, the Service would collect in-depth baseline data for wildlife and habitats. Efforts would be increased in the operations and maintenance of natural resources on the Refuges and to maintain and develop partnerships that promote wildlife and habitat research and management. An emphasis on adaptive management, including monitoring the effects of habitat management practices and use of the research results to direct ongoing management, would be a priority.

Under alternative C, Refuge staff would rely on partnerships to achieve Refuge goals and objectives. Refuge management activities would be increased and enhanced through the use of partnerships. Refuge staff would strive to accomplish Refuge work through partnerships with others. An emphasis on adaptive management, including monitoring the effects of habitat management practices and use of the research results to direct ongoing management, would be a priority.

The Service is furnishing this Notice to advise other agencies and the public of the availability of the Final Plan, to provide information on the desired conditions for the Refuges, and to detail how the Service will implement management strategies. Based on the review and evaluation of the information contained in the EA, the Regional Director has determined that implementation of the Final Plan does not constitute a major Federal action that would significantly affect the quality of the human environment within the meaning of Section 102(2)(c) of the National Environmental Policy Act. Therefore, an Environmental Impact Statement will not be prepared.

Dated: February 29, 2008.

Gary Mowad,

Acting Regional Director.

Notice of Temporary Closures and Prohibitions of Certain Activities on Public Lands in Pershing County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Temporary Closure.

SUMMARY: Certain lands located in northwestern Nevada partly within the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area will be temporarily closed or restricted and certain activities will be temporarily prohibited in and around the Burning Man event site administered by the Bureau of Land Management Winnemucca Field Office. These closures are authorized under the provisions of 43 CFR 8364.1. The specified closures, restrictions and prohibitions are made in the interest of public safety at and around the public lands location of an event known as the Burning Man Festival. This event is authorized on public lands under Special Recreation Permit #NV–025–06–01 and is expected to attract approximately 50,000 participants.

DATES: August 8, 2008 to September 15, 2008.

FOR FURTHER INFORMATION CONTACT:

Dave Cooper, National Conservation Area Manager, Bureau of Land Management, Winnemucca Field Office, 5100 E. Winnemucca Blvd., Winnemucca, NV 89445–2921, telephone: (775) 623–1500.

SUPPLEMENTARY INFORMATION: Two areas are proposed for temporary closures during portions of August and September 2008. The smaller of the two areas, the Event Closure Area, is described in Section I and includes about 4,085 acres that will be subject to additional restrictions. During the 38 day period from August 8 through September 15 this area will be closed to public camping, public use, possession of weapons, possession of fireworks, building of fires on the ground, waste water discharge and other restrictions. The second and larger area is the Public
