Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of advisory committee meetings.

SUMMARY: The Defense Science Board Task Force on Training for Future Conflicts will meet in closed session on May 30–31, 2002, at SAIC, Inc., 4001 N. Fairfax Drive, Arlington, VA. This Task Force will focus on identifying and characterizing what education and training are demanded by Joint Vision 2010/2020, and will address the development and demonstration time phasing over the next two decades for the combined triad of technology modernization, operational concepts, and training.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Defense Science Board Task Force will also identify those approaches and techniques that potential enemies might take that could prepare them to revolutionize their warfare capabilities, thereby achieving a training surprise against the U.S. or its allies. This review will include, but not be limited to, unique training/education developments which might be spawned by allies or an adversary, training techniques and methodologies which might be transferred from the U.S. or through third parties, and finally, the possibilities emerging as a result of the globalization of military and information technologies, related commercial services and their application by other nations.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. No. 92–463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public.

Dated: April 19, 2002.

Intent To Prepare a Draft Environmental Impact Statement for Potential Multipurpose Projects for Ecosystem Restoration, Flood Damage Reduction, and Recreation Alternatives Within and Along the Portion of the San Antonio River Located in San Antonio, Bexar County, TX

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: Section 335 of the Water Resources Development Act (WRDA) of 2000, passed by Congress, amended the San Antonio Channel Improvement Project (SACIP) by authorizing ecosystem restoration and recreation as project purposes in addition to the previously authorized flood damage reduction project purpose. An initial assessment based on implementation guidance for Section 335 indicates a Federal interest in continuing with more detailed studies for these purposes. In accordance with the National
