Description: After an AmeriCorps member completes a period of national service, the individual receives an education award that can be used to pay against qualified student loans or pay for current educational expenses at a post secondary educational institution. The *Voucher and Payment Request Form* is the document that members use to access their accounts in the National Service Trust.

The form serves three purposes: (1) The AmeriCorps member uses it to request and authorize a specific payment to be made from his or her education award account, (2) the school or loan company uses it to indicate the amount for which the individual is eligible, and (3) the school or loan company and member both certify that the payment meets various legislative requirements. When the Corporation receives a voucher, the form is processed. If everything is in order, the Corporation requests the U.S. Treasury to issue a check on behalf of the member to the school or loan holder.

The form was first designed and some variation of it has been in use since the summer of 1994. The proposed revisions are being made to clarify certain sections of the existing form and to facilitate the electronic processing of the form. Currently, all of the information from the form is entered into the Corporation's database by hand. Automating a portion of this process should greatly reduce both the processing time and the incidence of payment errors. Currently, all payments are being made by paper checks issued by the U.S. Treasury. Before the end of calendar year 2001, the Corporation intends to begin making these payments through Electronic Funds Transfer (EFT).

The form shows that payment will be made through EFT if the Corporation already has the information to make such a transaction. If it does not, a paper check will be issued. Then, a letter will be mailed to the institution asking them to complete an enclosed Direct Deposit form so future payments can be made electronically.

Analysis of Comments Received During the Public Comment Period

Two comments were received from a university's financial aid office. One suggestion was to allow the AmeriCorps member to indicate whether the payment request was for a loan payment or for the payment of current educational expenses. Frequently, a financial aid office will process both types of requests; this modification will clarify the member's intent. The second suggestion was to include an item where the school can indicate the school enrollment period upon which the member's "eligible" amount is based (for example, Spring '02, Summer '04). Since the form already does ask for the beginning and ending dates of the enrollment period the Corporation feels that this is sufficient.
