

Part VI of the proposed order requires Upromise to obtain within the first one hundred eighty (180) days after service of the order, and on a biennial basis thereafter for a period of twenty (20) years, an assessment and report from a qualified, objective, independent third-party professional, certifying, among other things, that: (1) It has in place a security program that provides protections that meet or exceed the protections required by the proposed order; and (2) its security program is operating with sufficient effectiveness to provide reasonable assurance that the security, confidentiality, and integrity of sensitive consumer, employee, and job applicant information has been protected.

Parts VII, VIII, IX, X, XI, and XII of the proposed order are reporting and compliance provisions. Part VII requires Upromise to retain documents relating to its compliance with the order. For most records, the order requires that the documents be retained for a five-year period. For the third-party assessments and supporting documents, Upromise must retain the documents for a period of three years after the date that each assessment is prepared. Part VIII requires the company to cooperate with the FTC in connection with this action or any subsequent investigations related to or associated with the transactions or the occurrences that are the subject of the FTC complaint. Part IX requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part X ensures notification to the FTC of changes in corporate status. Part XI mandates that Upromise submit a compliance report to the FTC within 60 days, and periodically thereafter as requested. Part XII provides that the order will terminate after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order or to modify its terms in any way.

By direction of the Commission.
