II. Discussion

By letter dated February 22, 2023 (ADAMS Accession No. ML23058A064), TMI-2Solutions requested an amendment to Possession Only License No. DPR-73. TMI-2Solutions will be engaging in certain major decommissioning activities, including the physical demolition of buildings previously deemed eligible for the National Register of Historic Places (NRHP). Paragraph 50.82(a)(6)(ii) of title 10 of the *Code of Federal Regulations* (10 CFR) states that licensees shall not perform any decommissioning activities that would result in significant environmental impacts that have not been previously reviewed. Adverse impacts, such as certain alterations or demolition to structures that have been deemed eligible for listing on the NRHP, could be considered unreviewed significant environmental impacts under 10 CFR 50.82(a)(6)(ii). Because the impacts on the historic properties from TMI-2Solutions' proposed decommissioning activities have not been previously evaluated, TMI-2Solutions requested an amendment to evaluate the impacts of the decommissioning activities on the NRHP-eligible properties.

The NRC uses its National Environmental Policy Act process for developing environmental assessments (EAs) to facilitate consultation under section 106 of the National Historic Preservation Act (NHPA), pursuant to 36 CFR 800.8.

The NRC met with the Advisory Council on Historic Preservation, the Pennsylvania State Historic Preservation Officer (SHPO), TMI-2Solutions, and other consulting parties to discuss how to address the adverse effects to historic properties. The parties agreed to develop a PA to resolve any adverse effects. As explained in the PA, once the agreement is executed, the NRC will become the lead agency for implementation of the PA.

The draft PA addresses the potential direct and indirect adverse effects from the decommissioning activities and ensures that appropriate mitigation measures are implemented. The NRC's final EA will include the final PA and therefore conclude NHPA section 106 consultation.

III. Request for Public Comment

The NRC is requesting public comment on the draft PA. The NRC will consider these comments before finalizing the PA, which will be published as an appendix in the final

EA. The draft PA is available in ADAMS under Accession No. ML24044A184.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

In accordance with the requirement of section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad

¹ See Docket No. RM2018-3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19-22 (Order No. 4679).

Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. Title and purpose of information collection: Statement Regarding Contributions and Support; OMB 3220–0099.

Under section 2 of the Railroad Retirement Act (45 U.S.C. 231a), dependency on an employee for one-half support at the time of the employee's death can affect (1) entitlement to a survivor annuity when the survivor is a parent of the deceased employee; (2) the amount of spouse and survivor annuities; and (3) the Tier II restored amount payable to a widow(er) whose annuity was reduced for receipt of an employee annuity, and who was dependent on the railroad employee in the year prior to the employee's death.

One-half support may also negate the public service pension offset in Tier I for a spouse or widow(er). The Railroad Retirement Board (RRB) utilizes Form G–134, Statement Regarding Contributions and Support, to secure information needed to adequately determine if the applicant meets the one-half support requirement. One response is completed by each respondent. Completion is required to obtain benefits. The RRB proposes a minor editorial changes to Form G–134 to change the date under section 1 “General Instructions”.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
G–134			
With Assistance	11	147	27
Without assistance	4	180	12
Total	15	39

2. Title and purpose of information collection: Financial Disclosure Statement; OMB 3220–0127.

Under section 10 of the Railroad Retirement Act and section 2(d) of the Railroad Unemployment Insurance Act (45 U.S.C. 231i), the RRB may recover overpayments of annuities, pensions, death benefits, unemployment benefits, and sickness benefits that were made erroneously. An overpayment may be waived if the beneficiary was not at fault in causing the overpayment and

recovery would cause financial hardship. The regulations for the recovery and waiver of erroneous payments are contained in 20 CFR 255 and CFR 340.

The RRB utilizes Form DR–423, Financial Disclosure Statement, to obtain information about the overpaid beneficiary's income, debts, and expenses if that person indicates that (s)he cannot make restitution for the overpayment. The information is used to determine if the overpayment should

be waived as wholly or partially uncollectible. If waiver is denied, the information is used to determine the size and frequency of installment payments. The beneficiary is made aware of the overpayment by letter and is offered a variety of methods for recovery. One response is requested of each respondent. Completion is voluntary. However, failure to provide the requested information may result in a denial of the waiver request. The RRB proposes no changes to Form DR–423.

Form No.	Annual responses	Time (minutes)	Burden (hours)
DR–423	1,200	85	1,700

3. Title and purpose of information collection: Representative Payee Monitoring; OMB 3220–0151.

Under section 12 of the Railroad Retirement Act (RRA) (45 U.S.C. 231k), the RRB may pay annuity benefits to a representative payee when an employee, spouse, or survivor annuitant is incompetent or a minor. The RRB is responsible for determining if direct payment to an annuitant or a representative payee would best serve the annuitant's best interest. The accountability requirements authorizing the RRB to conduct periodic monitoring of representative payees, including a written accounting of benefit payments

received, are prescribed in 20 CFR 266.7. The RRB utilizes the following forms to conduct its representative payee monitoring program.

Form G–99a, *Representative Payee Report*, is used to obtain information needed to determine whether the benefit payments certified to the representative payee have been used for the annuitant's current maintenance and personal needs and whether the representative payee continues to be concerned with the annuitant's welfare. RRB Form G–99c, *Representative Payee Evaluation Report*, is used to obtain more detailed information from a representative payee who fails to

complete and return Form G–99a or in situations when the returned Form G–99a indicates the possible misuse of funds by the representative payee. Form G–99c contains specific questions concerning the representative payee's performance and is used by the RRB to determine whether or not the representative payee should continue in that capacity. The RRB proposes no changes to Form G–99a or Form G–99c.

Form G–106, *Statement of Care and Responsibility to Annuitant* is used in cases where the representative payee does not have custody of the annuitant. Form G–106 is used to solicit information about the representative

payee's performance and the annuitant's well-being from the custodian of the annuitant. The form contains specific questions concerning the representative payee's performance and is used by the RRB to determine whether or not the

representative payee should continue in that capacity. Completion of the forms in this collection is required to retain benefits.

The RRB proposes the following changes for Form G-106:

- Add a drop-down box 'Second Request' at the top of the form to when the RRB needs to follow-up with a Third-Party Custodian who did not respond to the initial request.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)

G-99c (Parts I and II)	300	24	120
G-99c (Parts I, II, and III)	120	31	62
G-106	500	10	83
Total	6,220	1,855

4. Title and purpose of information collection: Earnings Information Request; OMB 3220-0184.

Under section 2 of the Railroad Retirement Act (45 U.S.C. 231a), an annuity is not payable, or is reduced for any month(s) in which the beneficiary works for a railroad or earns more than

prescribed amounts. The provisions relating to the reduction or non-payment of annuities by reason of work are prescribed in 20 CFR 230.

The RRB utilizes Form G-19-F, *Earnings Information Request*, to obtain earnings information that either had not been previously reported or erroneously

reported by a beneficiary. Currently the claimant is asked to enter the date they stopped working, if applicable. If a respondent fails to complete the form, the RRB may be unable to pay them benefits. One response is requested of each respondent. The RRB proposes no changes to the Form G-19-F.

ESTIMATE OF ANNUAL RESPONDENT BURDEN
