

and CHPAC, in the review of this document, the requesting office hopes to benefit from their unique expertise in children's exposure and health risk assessment and to receive a peer review report which reflects the views of these bodies on the charge questions in an expedited manner. Therefore, we are only soliciting additional experts in the areas which are not represented in the current membership of SAB, FIFRA SAP or CHPAC. Additional experts are needed in the following areas: ethical standards of research study protocols and bioethics; development of risk communication tools; and interdisciplinary experts with a focus on children's exposure monitoring and assessment.

This panel will comply with the provisions of the Federal Advisory Committee Act (FACA) and all appropriate SAB procedural policies. Upon completion, the panel's report will be submitted to the SAB for final approval for transmittal to the EPA Administrator.

Availability of the Review Materials: The updated EPA study design will be made available by the Office of Research and Development. For questions and information concerning the review materials, please contact Nicolle Tulve, U.S. EPA, 109 T.W. Alexander Drive, Research Triangle Park, NC 27709 (phone: 919-541-1077), or e-mail: tulve.nicolle@epa.gov.

Request for Nominations: The SAB Staff Office is requesting nominations of recognized experts with one or more of the following areas to supplement its available expertise: (a) Bioethics; (b) Interdisciplinary experts with a focus on children's exposure monitoring and assessment; (c) Risk Communication.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate individuals qualified in the areas of expertise described above to serve on the SAB CHEERS Review Panel. Nominations should be submitted in electronic format through the Form for Nominating Individuals to Panels of the EPA Science Advisory Board which can be accessed through a link on the blue navigational bar on the SAB Web site at: <http://www.epa.gov/sab>. To be considered, all nominations must include the information requested on that form.

Anyone who is unable to submit nominations using this form and any questions concerning any aspects of the nomination process may contact the DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than December 17, 2004. Any questions concerning

either this process or any other aspects of this notice should be directed to the DFO. The process for forming a SAB panel is described in the Overview of the Panel Formation Process at the Environmental Protection Agency, Science Advisory Board (EPA-SAB-EC-COM-02-010), on the SAB Web site at: <http://www.epa.gov/sab/pdf/ec02010.pdf>.

From the nominees identified by respondents to this **Federal Register** notice (termed the "Widecast"), the SAB Staff Office will develop a smaller subset (known as the "Short List") for more detailed consideration. The Short List will be posted on the SAB Web Site at: <http://www.epa.gov/sab>, and will include, for each candidate, the nominee's name and biosketch. Public comments on the Short List will be accepted for 21 calendar days. During this comment period, the public will be requested to provide information, analysis or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates for the Panel.

For the SAB, a balanced panel (*i.e.*, committee, subcommittee, or panel) is characterized by inclusion of candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. Public responses to the Short List candidates will be considered in the selection of the panel, along with information provided by candidates and information gathered by SAB Staff independently on the background of each candidate (*e.g.*, financial disclosure information and computer searches to evaluate a nominee's prior involvement with the topic under review). Specific criteria to be used in evaluation of an individual Panel member include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) absence of financial conflicts of interest; (c) scientific credibility and impartiality; (d) availability and willingness to serve; and (e) ability to work constructively and effectively in committees.

Short List candidates will be required to fill-out the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes

membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address: <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

Dated: November 18, 2004.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

November 17, 2004.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction (PRA) comments should be submitted on or before January 24, 2005. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all Paperwork Reduction Act (PRA) comments to Cathy Williams, Federal Communications Commission, Room 1–C823, 445 12th Street, SW., Washington, DC 20554 or via the Internet to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Cathy Williams at 202–418–2918 or via the Internet at Cathy.Williams@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0180.
Title: Section 73.1610, Equipment Tests.

Form Number: Not applicable.
Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 500.
Estimated Time Per Response: 0.5 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 250 hours.
Total Annual Cost: None.

Privacy Act Impact Assessment: No impact(s).

Needs and Uses: 47 CFR Section 73.1610 requires the permittee of a new broadcast station to notify the FCC of its plans to conduct equipment tests for the purpose of making adjustments and measurements as may be necessary to assure compliance with the terms of the construction permit and applicable engineering standards. The data is used by FCC staff to assure compliance with the terms of the construction permit and applicable engineering standards.

OMB Control Number: 3060–0374.
Title: Section 73.1690, Modification of Transmission System.

Form Number: Not applicable.
Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 600.
Estimated Time Per Response: 0.5–3 hours.

Frequency of Response: Recordkeeping requirement; On occasion reporting requirement.

Total Annual Burden: 1,050 hours.
Total Annual Cost: None.

Privacy Act Impact: No impact(s).

Needs and Uses: 47 CFR Section 73.1690(e) requires AM, FM and TV station licensees to prepare an informal statement or diagram describing any electrical and mechanical modification to authorized transmitting equipment that can be made without prior

Commission approval provided that equipment performance measurements are made to ensure compliance with FCC rules. This informal statement or diagram is to be retained at the transmitter site as long as the equipment is in use. The data is used by broadcast licensees to provide prospective users of the modified equipment with necessary information.

OMB Control Number: 3060–0837.
Title: Application for DTV Broadcast Station License.

Form Number: FCC Form 302–DTV.
Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 600.
Estimated Time Per Response: 1.5–2 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 950 hours.
Total Annual Cost: \$245,000.

Privacy Act Impact: No impact(s).

Needs and Uses: Licensees and permittees of DTV broadcast stations are required to file FCC Form 302–DTV to obtain a new or modified station license, and/or to notify the Commission of certain changes in the licensed facilities of these stations. The data is used by FCC staff to confirm that the station has been built to terms specified in the outstanding construction permit, and to update FCC station files. Data is then extracted from FCC Form 302–DTV for inclusion in the subsequent license to operate the station.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.
