

requirements are detailed at 50 CFR 600.745(b)(2). Interim, annual, and no-catch/fishing reports must also be submitted to the Atlantic HMS Management Division within NMFS. The authority for NMFS requiring this information is found at 50 CFR 635.32.

Affected Public: Businesses or other for-profit organizations (vessel owners or aquariums); Not-for-profit institutions (academic researchers); State, Local, or Tribal governments (state agency researchers); Federal government (federal agency researchers).

Frequency: Permit applications, scientific research plans, and annual reports are submitted annually; interim and no catch reports are submitted monthly; departure notifications are submitted for each trip; permit amendment applications are submitted as needed.

Respondent's Obligation: Mandatory.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), and the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971 *et seq.*)

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0471.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XA892]

Fisheries of the Gulf of Mexico and Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 68 Assessment Webinar III for Gulf of Mexico and Atlantic scamp grouper.

SUMMARY: The SEDAR 68 assessment process of Gulf of Mexico and Atlantic scamp will consist of a series of data and assessment webinars, and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 68 Assessment Webinar III will be held March 22, 2021, from 9 a.m. to 12 p.m., Eastern Time.

ADDRESSES: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571–4366, email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers;

constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the Assessment Webinar are as follows:

1. Using datasets and initial assessment analysis recommended from the data webinars, panelists will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.

2. Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

(Authority: 16 U.S.C. 1801 *et seq.*)

Dated: February 18, 2021.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Southeast Region IFQ Programs

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance

with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on December 1, 2020, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Southeast Region IFQ Programs.

OMB Control Number: 0648–0551.

Form Number(s): None.

Type of Request: Regular submission—extension and revision of a current information collection.

Estimated Number of Respondents: 1,164.

Estimated Time per Response:

- Dealer Landing Transaction Report, 6 minutes (electronic form)
- Dealer Landing Transaction Report, 5 minutes (paper form used in catastrophic conditions only)
- Dealer Cost Recovery Fee Submission through *pay.gov*, 3 minutes
- IFQ Notification of Landing, 5 minutes
- Transfer Shares, 3 minutes
- Share Receipt, 2 minutes
- Transfer Allocation, 3 minutes
- IFQ Online Account Application, 13 minutes
- Wreckfish Quota Share Transfer, 20 minutes
- Landing Transaction Correction Request, 5 minutes
- Commercial Reef Fish Landing Location Request, 5 minutes
- Account Update, 2 minutes
- Trip Ticket Update, 2 minutes
- Gulf Reef Fish Notification of Landing, 3 minutes
- IFQ Close Account, 3 minutes

Estimated Total Annual Burden Hours: 2,109.

Needs and Uses: The National Marine Fisheries Service's Southeast Regional Office manages three commercial individual fishing quota (IFQ) and individual transferable quota (ITQ) programs in the U.S. southeast region under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The IFQ programs for red snapper, and groupers and tilefishes occur in Federal waters of the Gulf of Mexico (Gulf), and the ITQ program for wreckfish occurs in Federal waters of the South Atlantic.

The NMFS Southeast Regional Office proposes to extend and revise parts of the information collection currently approved under OMB Control Number 0648–0551. This collection of information tracks the transfer and use of IFQ and ITQ shares, and IFQ allocation and landings by commercial fishermen necessary for NMFS to operate, administer, and review management of the IFQ and ITQ programs. Regulations for the IFQ and ITQ programs are located at 50 CFR part 622.

For the Gulf IFQ programs, the revisions would collect additional business and demographic information on the IFQ Online Account Application, as well as add a requirement to input the vessel signature personal identification number (PIN) a second time on the Dealer Landing Transaction Report if a criterion is met.

NMFS would revise the IFQ Online Account Application to obtain ownership percentage data for any business that participates in the Gulf IFQ programs, as well as the type of business, and confirmation of whether the business is small or large, as defined by Small Business Administration standards.

NMFS would revise the Dealer Landing Transaction Report to add a requirement for a shareholder to input the vessel signature PIN a second time if the landing transaction would result in a 10 percent overage of their catch allocation during that fishing year. NMFS proposes to add a feature to the Dealer Landing Transaction Report that would notify the shareholder that a 10 percent overage would occur and in which categories, and require the vessel signature PIN to accept the overage. Although the 10 percent overage is utilized infrequently, this would provide the shareholder the opportunity to transfer allocation and avoid using the 10 percent overage.

The purpose of revising the IFQ Online Account Application is to better comply with National Standard 4 (NS4) of the Magnuson-Stevens Act, the Regulatory Flexibility Act (RFA), and the Small Business Administration's regulations implementing the RFA, Executive Order 12898, and the "fairness and equitable distribution" provisions of the Magnuson-Stevens Act, including NS4 and section 303(b)(6). The purpose of revising the Dealer Landing Transaction Report is to better inform participants in the Gulf IFQ programs and require an additional verification from them when the existing flexibility measure of a 10 percent overage of their allocation would occur.

If implemented by NMFS, these administrative revisions would slightly increase the estimated time per response to complete the IFQ Online Account Application. NMFS estimates the time per response would increase from 10 to 13 minutes. However, NMFS does not expect the estimated time per response for the Dealer Landing Transaction Report to change. The cost of both the IFQ Online Account Application and the Dealer Landing Transaction Report would remain the same. NMFS proposes no other revisions to the existing information collections for the IFQ and ITQ programs approved in OMB Control No. 0648–0551.

Affected Public: Business or other for-profit organizations.

Frequency: Annually, quarterly, and on occasion.

Respondent's Obligation: Mandatory, required to obtain or retain benefits.

Legal Authority: 16 U.S.C. 1801 *et seq.*

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments," or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0551.
