Authority

Section 102 of the Maritime Transportation Safety Act (MTSA) of 2002 (Pub. L. 107-295) added section 70112 to Title 46 of the U.S. Code, and

authorizes the Secretary of the Department in which the Coast Guard is operating to establish AMSC's for any port area of the United States. (See 33 U.S.C. 1226; 46 U.S.C. Chapter 701; 33 CFR 1.05-1, 6.01; Department of Homeland Security Delegation No. 0170.1). The MTSA includes a provision exempting these AMSC's from the Federal Advisory Committee Act (FACA), Public Law 92-436, 86 Stat. 470 (5 U.S.C. App. 2). These AMSC's shall assist the Captain of the Port in the development, review, and update of the AMS Plan for their area of responsibility. Such matters may include, but are not limited to: Identifying critical port infrastructure and operations; identifying risks (threats, vulnerabilities and consequences); determining mitigation strategies and implementation methods; developing and describing the process to continually evaluate overall port security by considering consequences and vulnerabilities, how they may change over time and what additional mitigation strategies can be applied; and providing advice to and assisting the FMSC in, reviewing and updating the Central California Area Maritime Security Plan.
