

provided in the April 10, 2001 direct final rule (66 FR 18546), as appears at the end of this document. This revised § 60.46a(j)(2) differs from the § 60.46a(j)(2) that is being withdrawn from the direct final rule by the deletion of the following statement:

This includes data substituted according to 40 CFR 75.21(i) for invalid data and 40 CFR 75.30 for missing data or data adjusted for negative bias as required by 40 CFR 75.23(d).

Based on our review of the comments received, we will, therefore, not address the comments on the withdrawn provisions in a subsequent final action on the parallel proposal published at 66 FR 18579.

The provisions for which we did not receive relevant adverse comment, as well as the revised § 60.46a(j)(2), will become effective on June 11, 2001 as provided in the April 10, 2001 direct final rule (66 FR 18546).

Dated: June 5, 2001.

Robert D. Brenner,

Acting Assistant Administrator, Office of Air and Radiation.

For reasons set out in the preamble, title 40, chapter I, part 60 of the Code of Federal Regulations is amended as follows:

PART 60—[AMENDED]

1. The authority citation for part 60 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart Da—[Amended]

2. Section 60.46a is amended by adding paragraph (j)(2) to read as follows:

§ 60.46a Compliance provisions.

* * * * *

(j) * * *

(2) The owner or operator of an affected duct burner may elect to determine compliance by using the continuous emission monitoring system specified under § 60.47a for measuring NO_x and oxygen and meet the requirements of § 60.47a. Data from a CEMS certified (or recertified) according to the provisions of 40 CFR 75.20, meeting the QA and QC requirements of 40 CFR 75.21, and validated according to 40 CFR 75.23 may be used. The sampling site shall be located at the outlet from the steam generating unit. The NO_x emission rate at the outlet from the steam generating unit shall constitute the NO_x emission rate from

the duct burner of the combined cycle system.

RIN 0938-AI28

State Child Health; Implementing Regulations for the State Children's Health Insurance Program: Further Delay of Effective Date

AGENCY: Health Care Financing Administration (HCFA), HHS.

ACTION: Final rule; Further delay of effective date.

SUMMARY: This final rule temporarily delays the effective date of the final rule entitled "State Child Health; Implementing Regulations for the State Children's Health Insurance Program" published in the January 11, 2001 **Federal Register** (66 FR 2490). That final rule implements provisions of the Balanced Budget Act of 1997 (BBA) related to the State Children's Health Insurance Program (SCHIP). Specifically, the final rule includes provisions related to State plan requirements and plan administration, coverage and benefits, eligibility and enrollment, enrollee financial responsibility, strategic planning, substitution of coverage, program integrity, certain allowable waivers, and applicant and enrollee protections. It also implements the provisions of sections 4911 and 4912 of the BBA, which amended title XIX of the Social Security Act to expand State options for coverage of children under the Medicaid program. In addition, the final rule makes technical corrections to subparts B and F of 42 CFR part 457.

On February 26, 2001, we initially delayed the effective date of the final rule from April 11, 2001 until June 11, 2001. The temporary 60-day delay in the effective date was necessary to give Department officials the opportunity for further review and consideration of new regulations.

We have decided to further delay the effective date of the final rule because we have determined that a short additional period is required to properly consider and promulgate necessary

revisions. To the extent that 5 U.S.C. section 553 applies to this action, this action is exempt from notice and comment because it constitutes a rule of procedure under 5 U.S.C. section 553(b) (A). Alternatively, HCFA's delay of implementation of this rule without opportunity for public comment, effective immediately upon publication today in the **Federal Register**, is based on the good cause exceptions in 5 U.S.C. sections 553(b)(B) and 553(d)(3), in that seeking public comment is impracticable, unnecessary, and contrary to the public interest. Given the imminence of the effective date, seeking prior public comment on this temporary delay would have been impractical because the time available before the effective date is too short for meaningful comment. Moreover, to the extent that seeking public comment would preclude this delay, it would be contrary to the public interest in the orderly promulgation and implementation of regulations in light of the development of necessary revisions. The immediate delay is necessary to prevent application of inconsistent standards while we issue the necessary revisions.

DATES: The effective date of the final rule amending 42 CFR parts 431, 433, 435, 436 and 457, published in the **Federal Register** on January 11, 2001, at 66 FR 2490 and delayed on February 26, 2001 at 66 FR 11547 until June 11, 2001 is further delayed until June 25, 2001.
