

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 100**

[Docket Number USCG–2024–0359]

RIN 1625–AA08

Special Local Regulation; San Jacinto River, Houston, TX

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish special local regulations to provide for the safety of life on certain waters of the San Jacinto River, in Houston, TX. These regulations would be enforced during a high-speed boat race every third weekend in July. This proposed rulemaking would prohibit persons and vessels from being in the regulated area unless authorized by the Captain of the Port Houston-Galveston or Patrol Commander. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before July 18, 2024.

ADDRESSES: You may submit comments identified by docket number USCG–2024–0359 using the Federal Decision-Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments. This notice of proposed rulemaking with its plain-language, 100-word-or-less proposed rule summary will be available in this same docket.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Lieutenant Rudy Ortega, Sector Houston-Galveston Waterways Management Division, U.S. Coast Guard; telephone 713–398–5823, email houstonwvm@uscg.mil.

 NPRM Notice of proposed rulemaking
 § Section
 U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On April 18, 2024, an organization notified the Coast Guard that it will be conducting their first high speed boat race from 10 a.m. to 6 p.m. on July 20 and July 21, 2024. The boat race is to be

held in the navigable waters of San Jacinto River, Houston, TX. The Captain of the Port Houston-Galveston (COTP) has determined that potential hazards associated with the power boat race will be a safety concern for anyone within the Pre-Stage Zone, Approach Zone, Course Run Zone, and Shut-Down Zone before, during, and after the scheduled event. This proposed rule would add a recurring marine event requiring a special local regulation to TABLE 3 of 33 CFR 100.801—Sector Houston-Galveston Annual and Recurring Marine Events.

The purpose of this rulemaking is to protect personnel, vessels, and the marine environment in the navigable waters within the Pre-Stage Zone, Approach Zone, Course Run Zone, and Shut-Down Zone before, during, and after the power boat race in San Jacinto River, Houston, TX. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70034.

III. Discussion of Proposed Rule

The COTP is proposing to establish a special local regulation from 10 a.m. to 6 p.m., daily, on July 20 and July 21, 2024. The special local regulation will encompass five different zones to include the Pre-Stage Zone, Approach Zone, Course Run Zone, Shut-Down Zone, and the Spectator Zone as described below:

Pre-Stage Zone: This is the pre-staging area for participating vessels to line up. It will include all waters within 150 ft of 29°53′29.0148″ N, 095°06′39.4416″ W.

Approach Zone: 200 ft distance required for participating vessels to obtain the minimum 40 mph requirement for course entry. This will be a straight line to begin at approximately 29°53′27.3″ N, 95°06′42.6″ W and end at approximately 29°53′27.6″ N, 95°06′40.0″ W.

Course Run Zone: 600 ft distance where participating vessels will conduct their high-speed run. This will be a straight line to begin at approximately 29°53′27.6″ N, 95°06′40.0″ W and end at approximately 29°53′30.0″ N, 95°06′34.7″ W.

Shut-Down Zone: 900 ft distance where participating vessels will be allowed to slow their speeds back to an idle. This will be a straight line to begin at approximately 29°53′30.0″ N, 95°06′34.7″ W and end at approximately 29°53′34.3″ N, 95°06′24.1″ W.

Spectator Zone: All vessels that will be viewing the event will be required to stay within a designated area. The sponsor is responsible for monitoring the spectator zone and ensuring that all vessels within the area are anchored and remain in the area during all ongoing

high-speed runs. The following coordinates are the approximate location of the Spectator Zone: 29°53′29.4″ N, 95°06′39.8″ W, thence to 29°53′28.5″ N, 95°06′39.6″ W, thence to 29°53′29.7″ N, 95°06′36.9″ W, thence to 29°53′30.4″ N, 95°06′37.2″ W.

No vessel or person would be permitted to enter the established zones without obtaining permission from the on-water Safety-Officer or designated representative.

The term “designated representative” means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port Houston-Galveston in the enforcement of the regulated areas.

The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time of day of this special local regulation. Vessel traffic will be able to safely transit around this safety zone, which would impact a small, designated area of the San Jacinto River, for a short duration, when vessel traffic is normally low. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners about the zone via VHF–FM marine channel 16, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small

businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not

have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the potential effects of this proposed rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves a marine event and special local regulation lasting only 9 hours that would prohibit entry within 150 feet of the boat course. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment

applies, and provide a reason for each suggestion or recommendation.

Submitting comments. We encourage you to submit comments through the Federal Decision-Making Portal at <https://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG- 2024–0359 in the search box and click “Search.” Next, look for this document in the Search Results column, and click on it. Then click on the Comment option. If you cannot submit your material by using <https://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this proposed rule for alternate instructions.

Viewing material in docket. To view documents mentioned in this proposed rule as being available in the docket, find the docket as described in the previous paragraph, and then select “Supporting & Related Material” in the Document Type column. Public comments will also be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions web page. Also, if you click on the Dockets tab and then the proposed rule, you should see a “Subscribe” option for email alerts. The option will notify you when comments are posted, or a final rule is published.

We review all comments received, but we will only post comments that address the topic of the proposed rule. We may choose not to post off-topic, inappropriate, or duplicate comments that we receive.

Personal information. We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions to the docket in response to this document, see DHS’s eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

List of Subjects in 33 CFR Part 100

Harbors, Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard is proposing to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.

■ 2. In § 100.801, amend Table 3, by adding item 8 to read as follows:

§ 100.801 Annual Marine Events in the Eighth Coast Guard District.

* * * * *

TABLE 3 OF § 100.801—SECTOR HOUSTON-GALVESTON ANNUAL AND RECURRING MARINE EVENTS

* 8. 3rd Saturday and Sunday of July.	* Shootout on the San Jac Boat Race.	* San Jacinto River, Houston, TX.	* All waters within 150 feet of the following area: 29°53'29.0148" N, 095°06'39.4416" W; the Approach Zone comprised of a straight line to begin at approximately 29°53'27.3" N, 95°06'42.6" W and end at approximately 29°53'27.6" N, 95°06'40.0" W; the Course Run Zone comprised of a straight line to begin at approximately 29°53'27.6" N, 95°06'40.0" W and end at approximately 29°53'30.0" N, 95°06'34.7" W; the Shut-Down Zone comprised of a straight line to begin at approximately 29°53'30.0" N, 95°06'34.7" W and end at approximately 29°53'34.3" N, 95°06'24.1" W; and the Spectator Zone located within the following coordinates; 29°53'29.4" N, 95°06'39.8" W, thence to 29°53'28.5" N, 95°06'39.6" W, thence to 29°53'29.7" N, 95°06'36.9" W, thence to 29°53'30.4" N, 95°06'37.2" W.

[Docket Number USCG–2024–0244]

RIN 1625–AA08

**Special Local Regulations; Recurring
Marine Events, Sector St. Petersburg**

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to revise existing regulations by updating the dates of existing events in the Seventh Coast Guard District Captain of the Port (COTP) St. Petersburg. This action is necessary to provide for the safety of life on these navigable waters in Sarasota and St. Petersburg, FL. Through this notice the current list of recurring special local regulations is updated with the revisions to two existing events. When these special local regulations are enforced, certain restrictions are placed on marine traffic in specified areas. The Coast Guard invites your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before August 2, 2024.

ADDRESSES: You may submit comments identified by docket number USCG–2024–0244 using the Federal Decision-Making Portal at <https://www.regulations.gov>.

www.regulations.gov. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments. This notice of proposed rulemaking with its plain-language, 100-word-or-less proposed rule summary will be available in this same docket.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Marine Science Technician First Class Mara J. Brown, Sector St. Petersburg Prevention Department, Coast Guard; telephone (813) 228–2191, email Mara.J.Brown@uscg.mil.

SUPPLEMENTARY INFORMATION:**I. Table of Abbreviations**

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

The Coast Guard proposes to amend the Recurring Marine Events in the geographic boundaries of the Seventh Coast Guard District Captain of the Port (COTP) St. Petersburg Zone that are listed in 33 CFR 100.703, Table 1 to § 100.703. The proposed rule would ensure that the public is informed of the most up to date recurring special local regulations. The current list under § 100.703, Table 1 to § 100.703 requires amendments to two existing special local regulations. The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters, during, and after the scheduled events. The Coast Guard is proposing this

rulemaking under authority in 46 U.S.C. 70041.

III. Discussion of Proposed Rule

This rule proposes to make the following changes in 33 CFR 100.703, Table 1 to § 100.703:

1. Revise Line No. 4, to reflect a date and time change to “One weekend (Friday, Saturday, and Sunday) in September Time (Approximate): 8:00 a.m. to 6:00 p.m.”

2. Revise Line No. 5, to reflect a date and time change to “One weekend (Friday, Saturday, and Sunday) in October Time (Approximate): 8:00 a.m. to 6:00 p.m. Marine events listed in Table 1 to § 100.703 are listed as recurring over a particular time, during each month and each year. Exact dates are intentionally omitted since calendar dates for specific events change from year to year. Once dates for a marine event are known, the Coast Guard notifies the public it intends to enforce the special local regulation through various means including a notice of enforcement published in the **Federal Register**, Local Notice to Mariners, and Broadcast Notice to Mariners.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits.
