Approval and Promulgation of Implementation Plans; Florida; Miscellaneous Changes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve

the State Implementation Plan (SIP) revision submitted by the State of Florida through the Florida Department of Environmental Protection (FDEP) on May 1, 2015. This SIP revision seeks to make changes to the SIP to remove certain Stage I vapor control requirements and to make administrative changes to the SIP that would remove gasoline vapor control rules that no longer serve a regulatory purpose, including rules related to the Stage II vapor control requirements for new and upgraded gasoline dispensing facilities in Broward, Miami-Dade, and Palm Beach Counties (hereinafter referred to as the “Southeast Florida Area”). EPA has preliminarily determined that Florida’s May 1, 2015, SIP revision is approvable because it is consistent with the Clean Air Act (CAA or Act). In the Final Rules Section of this **Federal Register**, EPA is approving the State’s implementation plan revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule.

DATES: Written comments must be received on or before September 11, 2015.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R04–OAR–2015–0336 by one of the following methods:

1. *www.regulations.gov:* Follow the on-line instructions for submitting comments.
2. *Email:* R4-ARMS@epa.gov.
3. *Fax:* (404) 562–9019.
