Request for Comments

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request additional information on the proposed collection of information contact Carol Vogel, National Library of Medicine, Building 38A, Room B2N12, 8600 Rockville Pike, Bethesda, MD 20894, or call 301-402-9680 (not a toll-free number). You also may e-mail your request to vogelc@mail.nih.gov.

Comments Due Date

Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: January 20, 2006.

Proposed Collection; Comment Request—National Network of Tobacco Cessation Quitlines Evaluation

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection

Title: Evaluation of the HHS National Network of Tobacco Cessation Quitlines Initiative.

Type of Information Collection Request: New.

Need and Use of Information Collection: In February 2004, the U.S. Department of Health and Human Services announced plans for a national network of tobacco cessation quitlines to provide all smokers in the United States access to the support and latest information to help them quit. To provide the highest level of assistance to smokers across the country who want to quit, NCI established a new toll-free telephone number (1-800-QUIT-NOW) on November 8, 2004. The aim of the National Network of Tobacco Cessation Quitlines (NNTCQ) initiative (the Initiative) is to strengthen service delivery; provide a mechanism for integration and implementation of state, regional, and national campaigns; and increase healthcare utilization by minority and medically underserved populations. NCI, CDC, and other state, private industry, and partner organizations (the North American Quitline Consortium) have created the

infrastructure and a coordinated mechanism to offer cessation services to the American public. The Initiative seeks to enhance existing state-managed quitlines and to encourage the establishment of quitlines in states without them. It is expected that successful implementation of the Initiative will foster partnerships across state quitlines for technology transfer, sharing of effective practices, and understanding patterns of use and reach to special populations, thereby ensuring a sustained level of effectiveness over time. The goal of this evaluation is to monitor the implementation of the Initiative, assess its impact on key stakeholders, and examine its implications for public health. To that end, this study will conduct a series of in-depth key informant telephone interviews and selected site visits with state tobacco control officers, quitline administrators and counseling staff. Representatives of organizations and individuals that partner with quitlines, such as community health organizations or health care providers, will also be interviewed. In addition, interviews will be conducted with Federal agency staff involved with the development and implementation of the Initiative. The findings will provide valuable information concerning the development and implementation of the NNTCQ initiative as a potential model for Federal-State partnerships, the impact on building and enhancing state quitline capacity, and implications for the state tobacco control community.

The annual reporting burden is presented in exhibit 1, below.

Frequency of Response: On occasion.

Affected Public: State agencies, businesses or other for-profit, non-profit associations. Type of Respondents: Federal and state employees, health services providers, administrators and researchers. The annual reporting burden is as follows:

Estimated Number of Respondents: 266;

Estimated Number of Responses per Respondent: 1;
Average Burden Hours Per Response: .9624; and

Estimated Total Annual Burden Hours Requested: 256.
 There is no annualized cost to respondents. There are no Capital Costs

to report. There are no Operating or Maintenance Costs to report.

EXHIBIT 1

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Interviews with State tobacco control officers, quitline administrators, cessation counseling staff	125	1	1	125
Interviews with State partners	100	1	.5	50
Site visits to State tobacco control staff	20	1	1.5	30
Interviews with North American Quitline Consortium staff	6	1	1	6
Interviews with Federal Staff	15	2	1.5	45
Total	266			256

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Candace Deaton, M.P.A., Project Officer, National Cancer Institute, Cancer Information Service, 6116 Executive Blvd., Rockville, MD 20892 or call non-toll-free number (301) 594-9072 or e-mail your request, including your address to: deatonc@mail.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60-days of the date of this publication.

Dated: January 19, 2006.

National Cancer Institute; Notice of Meeting

Pursuant to section 10(a) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of a meeting of the National Cancer Institute Board of Scientific Advisors.

The meeting will be open to the public, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

Name of Committee: National Cancer Institute Board of Scientific Advisors.

Date: March 13-14, 2006.

Time: March 13, 2006, 8 a.m. to 10:30 a.m.

Agenda: Joint meeting of the NCI Board of Scientific Advisors and NCI Board of Scientific Counselors; Report of the Director, NCI; Legislative Update; and Ethics Overview.

Place: National Institutes of Health, Building 31, C Wing, 6 Floor, 9000 Rockville Pike, Conference Room 10, Bethesda, MD 20892.

Time: March 13, 2006, 10:30 a.m. to 6 p.m.

Agenda: Ongoing and New Business; Reports of Program Review Group(s); and Budget Presentation; Reports of Special Initiatives; RFA and RFP Concept Reviews; and Scientific Presentations.

Place: National Institutes of Health, Building 31, C Wing, 6 Floor, 9000 Rockville Pike, Conference Room 10, Bethesda, MD 20892.

Time: March 14, 2006, 8:30 a.m. to 1 p.m.

Agenda: Reports Special Initiatives; RFA and RFP Concept Reviews; and Scientific Presentations.

Place: National Institutes of Health, Building 31, C Wing, 6 Floor, 9000 Rockville Pike, Conference Room 10, Bethesda, MD 20892.

Contact Person: Paulette S. Gray, PhD, Executive Secretary, Director, Division of Extramural Activities, National Cancer Institute, National Institutes of Health, 6116 Executive Boulevard, 8th Floor, Rm. 8001, Bethesda, MD 20892, 301-496-5147, grayp@mail.nih.gov.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Institute's/Center's home page: deainfo.nci.nih.gov/advisory/bsa.htm, where an agenda and any additional information for the meeting will be posted when available.
