BILLING CODE 4410–15–P

DEPARTMENT OF LABOR

Employee Benefits Security Administration

Agency Information Collection Activities; Notification of Public

AGENCY: Employee Benefits Security Administration (EBSA), Department of Labor.

ACTION: Discontinuance of an Information Collection.

SUMMARY: The Department of Labor (the Department), in accordance with the Paperwork Reduction Act, is providing the general public and Federal agencies with notice of the discontinuance of a collection of information under control number 1210–0114, “Plan Assets”—Insurance Company General Accounts.

DATES: Existing collection of information will be discontinued if the final rule at 90 FR 28009 becomes effective on September 2, 2025.

SUPPLEMENTARY INFORMATION:

I. Current Actions

The Department published a Direct Final Rule (final rule) on July 1, 2025

(90 FR 28009) which would remove 29 CFR 2550.401c–1 from the Code of Federal Regulations. The final rule is effective September 2, 2025, unless significant adverse comments are received by July 31, 2025. When effective, the final rule will remove regulatory provisions that contain collection-of-information requirements that have been reviewed and approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*) and OMB’s regulations at 5 CFR part 1320. The existing collection-of-information requirements were approved under OMB Control Number 1210–0114. OMB last renewed its approval of the requirements on October 22, 2024.

The regulation being removed, 29 CFR 2550.401c–1, imposes specific requirements on insurers that are parties to Transition Policies in order to ensure that the fiduciaries acting on behalf of plans have adequate information and understanding of how the Transition Policies work. The information collection requirement contained within 29 CFR 2550.401c–1 requires that an insurer that issues and maintains a Transition Policy to or for the benefit of an employee benefit plan must disclose to the plan fiduciary, initially upon issuance of the policy and on an annual basis, to the extent that the policy is not a guaranteed benefit policy: (1) the methods by which income and expenses of the insurer’s general account are allocated to the policy, the actual annual return to the plan, and other pertinent information; (2) the extent to which alternative arrangements supported by the assets of the insurer’s separate accounts are available; (3) any rights under the policy to transfer funds to a separate account and the terms governing such right; and (4) the extent to which support by assets of the insurer’s separate accounts might pose differing risks to the plan.

When 29 CFR 2550.401c–1 is removed, the underlying requirements for the information collections would no longer exist. In EBSA’s most recent supporting statement for the information collection requirements contained in 29 CFR 2550.401c–1, subject to uncertainty, the estimated burden on employers is 112,498 hours, and a cost burden of \$960. When effective, the final rule would therefore remove the burden and associated costs in those amounts.

Signed at Washington, DC, this 14th day of July 2025.

Janet Dhillon,

Acting Assistant Secretary, Employee Benefits Security Administration, U.S. Department of Labor.

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; National Longitudinal Survey of Youth 1997

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Bureau of Labor Statistics (BLS)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before August 20, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Nicole Bouchet by telephone at 202–693–0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The National Longitudinal Survey of Youth 1997 (NLSY97) includes a sample of respondents who were born in the years 1980 through 1984 and lived in the United States when the survey began in

1997. The primary objective of the survey is to study the transition from full-time schooling to the establishment of careers and families. The longitudinal focus of the survey requires information to be collected about the same individuals over many years in order to trace their education, training, work experience, fertility, income, and program participation. One of the goals of the Department of Labor is to produce and disseminate timely, accurate, and relevant information about the U.S. labor force. BLS contributes to this goal by gathering information about the labor force and labor market and disseminating it to policymakers and the public so that participants in those markets can make more informed, and thus more efficient, choices. Research based on the NLSY97 contributes to the formation of national policy in the areas of education, training, employment programs, and school-to-work transitions. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 27, 2025 (90 FRN 10831).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 25–026]

Notice of Intent To Grant an Exclusive, Co-Exclusive or Partially Exclusive Patent License

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of intent to grant exclusive, co-exclusive or partially exclusive patent license.

SUMMARY: NASA hereby gives notice of its intent to grant an exclusive, co-exclusive or partially exclusive patent license to practice the inventions described and claimed in the patents and/or patent applications listed in **SUPPLEMENTARY INFORMATION** below.

DATES: The prospective exclusive, co-exclusive or partially exclusive license may be granted unless NASA receives written objections including evidence and argument, no later than August 5, 2025 that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications completed and received by NASA no later than August 5, 2025 will also be treated as objections to the grant of the contemplated exclusive, co-exclusive or partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

ADDRESSES: *Objections and Further Information:* Written objections relating to the prospective license or requests for further information may be submitted to Agency Counsel for Intellectual Property, NASA Headquarters at Email: hq-patentoffice@mail.nasa.gov. Questions may be directed to Phone: (202) 358–0646.

SUPPLEMENTARY INFORMATION: NASA intends to grant an exclusive, co-exclusive, or partially exclusive patent license in the United States to practice the inventions described and claimed in: U.S. Patent No. 9,445,779 titled “INFRASONIC STETHOSCOPE FOR MONITORING PHYSIOLOGICAL PROCESSES” and U.S. Patent No. 9,867,591 titled “INFRASONIC STETHOSCOPE FOR MONITORING PHYSIOLOGICAL PROCESSES” to QuakeLogic, Inc., having its principal place of business in 4010 Foothills Blvd. Suite 103 #194, Roseville, California 95747. The fields of use may be limited. NASA has not yet made a final

determination to grant the requested license and may deny the requested license even if no objections are submitted within the comment period.

This notice of intent to grant an exclusive, co-exclusive or partially exclusive patent license is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov>.
