I. Abstract

The National Marine Fisheries Service (NMFS) requires U.S. vessels, larger than 50 feet in length that land or transship bottomfish management unit species shoreward of the outer boundary of the Exclusive Economic Zone (EEZ) around Guam, be registered under a valid permit. Eligibility for such a

permit would not be restricted in any way, and the permit would be renewable on an annual basis. To obtain a permit for a given year, a prospective participant would have to complete and submit an application form to NMFS. The permit application form provides basic information about the permit applicant, vessel, fishing gear and method, targeted species, projected fishing effort, etc., for use by NMFS and the Western Pacific Fishery Management Council. The information is important for understanding the nature of the fishery and provides a link to participants. It also aids in the enforcement of the Fishery Management Plan measures.
