Title: (MA)—Management Official Interlocks—12 CFR 26.

OMB Number: 1557-0196.

Description: The OCC is requesting comment on its proposed extension, without change, of the information collection titled, "(MA)—Management Official Interlocks—12 CFR 26."

Under the Interlocks Act, two competing depository institutions generally may not share management officials. However, the OCC has legal authority to implement exemptions to this general prohibition. This information collection is needed to

prevent any management official interlock that would result in a monopoly or substantial lessening of competition, and to foster competition between unaffiliated institutions. The OCC uses the information to ensure that a proposed management interlock is permitted under statute, is eligible for an exemption, and does not have an anticompetitive effect. The OCC also uses the information to determine whether it can share a management official with a competing depository institution.

Type of Review: Extension of OMB approval.

Affected Public: Businesses or other for-profit (national banks).

Estimated Number of Respondents: 7.

Estimated Total Annual Responses: 7.

Frequency of Response: On occasion.

Estimated Time per Respondent: 4 hours.

Estimated Total Annual Burden: 29 hours.

An agency may not conduct or sponsor, and a respondent is not required to respond to, an information collection unless the information collection displays a currently valid OMB control number.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;

(b) The accuracy of the agency's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: July 9, 2001.

Mark J. Tenhundfeld,

Assistant Director, Legislative and Regulatory Activities Division.
