Abstract of proposed collection: The export, temporary import, temporary export and brokering of defense articles, defense services and related technical data are licensed by the Directorate of Defense Trade Controls (DDTC) in accordance with the International Traffic in Arms Regulations (“ITAR,” 22 CFR parts 120–130) and Section 38 of the Arms Export Control Act (AECA). Those who manufacture or export defense articles, defense services, and related technical data, or the brokering thereof, must register with the Department of State. Persons desiring to engage in export, temporary import, and brokering activities must submit an application or written request to conduct the transaction to the Department to obtain a decision whether it is in the interests of U.S. foreign policy and national security to approve the transaction. Also, registered brokers must submit annual reports regarding all brokering activity that was transacted, and registered manufacturers and exporter must maintain records of defense trade activities for five years. Section 126.18 eliminates, subject to certain conditions, the requirement for an approval by DDTC of the transfer of unclassified defense articles, which includes technical data, within a foreign business entity, foreign governmental entity, or international organization, that is an approved or otherwise authorized end-user or consignee (including transfers to approved sub-licensees) for those defense articles, including the transfer to dual nationals or third-country nationals who are bona fide regular employees, directly employed by the foreign consignee or end-user. The conditions are that effective procedures must be in place to prevent diversion to any destination, entity, or for purposes other than those authorized by the applicable export license or other authorization. Those conditions can be met by requiring a security clearance approved by the host nation government for its employees, or the end-user or consignee have in place a process to screen all its employees and to have executed a Non-Disclosure Agreement that provides assurances that the employee will not transfer any defense articles to persons or entities unless specifically authorized by the consignee or end-user. Section 126.18 also provides that the technology security/clearance plan, screening records, and Non-Disclosure Agreements will be made available to DDTC or its agents for law enforcement purposes upon request.

Methodology: This information collection may be sent to the Directorate

of Defense Trade Controls via the following methods: electronically, mail, and/or fax.

Dated: July 21, 2011.
