

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. P-2413-092]****Georgia Power Company; Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests**

July 25, 2007.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

Application Type: Non-Project Use of Project Lands and Waters.

Project No.: P-2413-092.

Date Filed: July 11, 2007.

Applicant: Georgia Power Company.

Name and Location of Project:

Wallace Dam Project is located on the Lake Oconee in Greene County, Georgia. The proposed project does not occupy federal lands.

Filed Pursuant to: Federal Power Act 16 U.S.C. 791 (a)-825(r).

Applicant Contact: Lee Glenn, Georgia Power Company, 125 Wallace Dam Road NE., Eatonton, GA 31024, (706) 485-8704.

FERC Contact: Gina Krump, Telephone (202) 502-6704, or by e-mail at gina.krump@ferc.gov.

Deadline for Filing Comments, Protests, and Motions to Intervene: August 27, 2007.

All documents (original and eight copies) should be filed with Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper, see 18 CFR 385.2001 (a) (1) (iii) and the instructions on the Commission's web-site under the "e-Filing" link. The Commission strongly encourages electronic filings. Please include the project number (P-2413-092) on any comments, protests, or motions filed. The Commission's Rules of Practice and Procedure require all interveners filing a document with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the documents on that resource agency.

Description of Application: The licensee is seeking Commission approval to issue a permit for the construction of four boat docks, totaling 26 slips, and an approximately 200 foot

walkway on approximately 0.2 acres of project land to Zachary Farms Development Company, LLC. Minimal dredging would be permitted by the licensee in wetland areas consistent with current permitting limitations. The marina is being proposed in conjunction with a residential development and will for the use by the community residents.

This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "e-Library" link. Enter the project number excluding the last three digits (P-11547) in the docket number field to access the document. For online assistance, contact FERCOnlineSupport@ferc.gov or call toll-free (866) 208-3676, for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the addresses in item g.

Individual desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

Comments, Protests, or Motions to Intervene: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, 385.214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Filing and Service of Responsive Documents: Any filings must bear in all capital letters the title "COMMENTS", "PROTESTS", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments: Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for

filing comments, it will be assumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. AD07-14-000]****Hydrokinetic Pilot Project Workshop; Notice of Technical Conference and Soliciting Comments**

July 19, 2007.

A technical conference, led by Commissioner Philip D. Moeller, will be held on October 2, 2007, in Portland, Oregon. Specific information on time and location will be noticed a month prior to the conference. All interested persons may attend, and there is no fee. Registration is not required, but is appreciated for planning purposes; please register at: <https://www.ferc.gov/whats-new/registration/hydrokinetic-10-07-form.asp>. Following the conference there will be a 30-day written comment period.

The purpose of the conference will be to present Commission staff's proposed licensing process for hydrokinetic energy pilot projects and to seek feedback from representatives from industry, state and federal agencies, NGOs, Native American tribes, and members of the public.

The goal of the proposed program is to complete licensing in as few as six months, to provide for Commission oversight and agency input, and to allow developers to generate while testing. This process will be available for projects that are: (1) Small (5 MW or less), (2) removable or able to shut down on relatively short notice, (3) not located in waters with sensitive designations, and (4) for the purpose of testing new hydro technologies or determining appropriate sites for ocean wave and tidal energy projects.

We envision the license having the following characteristics:

- A short license term (5 years);
- A standard license condition requiring project alteration or shutdown in the event that monitoring reveals an unacceptable level of environmental effect;
- The option of applying for a 30-50 year license at the end of the license term; and

• A standard license condition requiring decommissioning and site restoration at the time of license expiration if the option is not exercised.

A flowchart describing Commission staff's proposed licensing process for pilot projects is attached to this notice.

Transcripts of the conference will be immediately available from Ace Reporting Company (202-347-3700 or 1-800-336-6646) for a fee. They will be available to the public on the Commission's eLibrary system seven calendar days after FERC receives the transcript.

All comments (original and eight copies) should be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to: accessibility@ferc.gov or call toll free 866-208-3372 (voice) or 202-502-8659 (TTY), or send a FAX to 202-208-2106 with the required accommodations.

Additional details regarding the agenda for this conference will be included in a subsequent notice.
