Northern Natural Gas Company; Notice of Application

December 19, 2002.

Take notice that on December 10, 2002, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, filed in Docket No. CP03-20-000 an application pursuant to section 7(b) of the Natural Gas Act (NGA) and part 157 of the Commission's regulations thereunder (18 CFR 157.7 and 157.18), for permission and approval to abandon certain pipeline facilities in Nebraska, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call (202) 502-8222 or for TTY, (202) 208-1659.

Northern states that the reason for the proposed abandonment is to eliminate an encroached area of the pipeline and to make way for the City of Fremont, Nebraska, and private developers located in Dodge County.
