Abstract: The National Land Remote Sensing Education, Outreach and Research Activity (NLRSEORA) is an effort that involves the development of a U.S. national consortium in building the capability to receive, process and archive remotely sensed data for the purpose of providing access to university and state organizations in a ready-to-use format; and to expand the science of remote sensing through education, research/applications development and outreach in areas such as environmental monitoring to include the effects of climate variability on water availability (or lack thereof) and phenology, natural resource management and disaster analysis. Respondents are submitting proposals to acquire funding for a national (U.S.) program to promote the uses of space-based land remote sensing data and technologies through education and outreach at the state and local level and through university-based and collaborative research projects. The information collected will ensure that sufficient and relevant information is available to evaluate and select a proposal for funding. A panel of USGS Land Resources Mission Area managers and scientists will review each proposal to evaluate the technical merit, requirements, and priorities identified in the call for proposals.

This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding. We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2), and under regulations at 30 CFR 250.197, “Data and information to be made available to the public or for limited inspection.” Responses are voluntary. No questions of a “sensitive” nature are asked. We intend to release the project abstracts and primary investigators for awarded/funded projects only.

Title of Collection: National Land Remote Sensing Education, Outreach and Research Activity

OMB Control Number: 1028–0085.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Public or private institutions of higher

education including universities; State and local governments (including county, city, township or special district governments); independent school districts, Native American Tribal governments or organizations, nonprofit organizations (with or without 501(c)(3) status).

Total Estimated Number of Annual Respondents: Approximately 5 respondents.

Total Estimated Number of Annual Responses: Approximately 7 responses.

Estimated Completion Time per Response: 168 hours in total. We expect to receive approximately 5 applications per year, taking each applicant approximately 24 hours to complete the application process. We anticipate awarding one (1) grant per year. The grantee will be required to submit an interim Annual Progress Report to the designated USGS Project Officer within 90 days of the end of the project period and a final report on or before 90 working days after the expiration of the agreement. We anticipate the grantee will take approximately 24 hours to submit each interim annual report and the final report.

Total Estimated Number of Annual Burden Hours: 168 hours per year.

Respondent's Obligation: Required to Obtain or Retain a Benefit.

Frequency of Collection: Annually.

Total Estimated Annual Non-hour Burden Cost: There are no “non-hour-cost” burdens associated with this IC.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, *et seq.*).

Timothy Newman,

Program Coordinator, National Land Imaging Program, U.S. Geological Survey.

Notice of Availability of the Draft Environmental Impact Statement and Environmental Impact Report and Draft Land Use Plan Amendment to the California Desert Conservation Area Plan for the Desert Quartzite Solar Project

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act (NEPA) of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a draft Environmental Impact Statement (EIS), and, in collaboration with Riverside County, a draft Environmental Impact Report (EIR) for the Desert Quartzite Solar Project (DQSP). A draft Land Use Plan Amendment to the California Desert Conservation Area Plan (CDCA) is also included. This notice announces the opening of the public comment period, following the date the Environmental Protection Agency (EPA) publishes its Notice of Availability (NOA) in the **Federal Register**.

DATES: To ensure that all comments will be considered, the BLM must receive written comments on the draft plan amendment and draft EIS/EIR by November 8, 2018. The BLM will announce future meetings or hearings and any other public involvement activities at least 15 days in advance through public notices, media releases, the project website, and/or mailings.

ADDRESSES: The public may submit comments related to the project during the public comment period by using any of the following methods:

- **Website:** [https://goo.gl/Gmk\]k4](https://goo.gl/Gmk]k4).
 - **Email:** blm_ca_desert_quartzite_solar_project@blm.gov.
 - **Mail:** Desert Quartzite Solar Project, Bureau of Land Management Palm Springs-South Coast Field Office, 1201 Bird Center Drive, Palm Springs, CA 92234.
- Copies of the draft EIS/EIR and draft plan amendment are available at the
