Therefore, please submit any comments by December 2, 2002. The public, OMB, and the Congress are invited to submit any comments to Mary E. Cahill, Management and Planning Staff, Justice

Management Division, Department of Justice, Washington, DC, 20530 (Room 1400, National Place Building).

In accordance with 5 U.S.C. 552a(r), the Department has provided a report to OMB and the Congress.

Dated: October 22, 2002.

Robert F. Diegelman,

Acting Assistant Attorney General for Administration.

JUSTICE/OPA-001

SYSTEM NAME:

Executive Clemency Case Files/
Executive Clemency Tracking System.

SYSTEM LOCATION:

Office of the Pardon Attorney (OPA), U.S. Department of Justice, 500 First Street, NW., Suite 400, Washington, DC 20530.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals who have applied for or been granted executive clemency.

CATEGORIES OF RECORDS IN THE SYSTEM:

Paper Files: The system contains the individual case files of persons who have applied for or been granted executive clemency, which may include the following: The clemency petition; character affidavits; investigatory material; court-related documents (e.g., presentence reports, judgments of conviction, and court opinions); official court-martial documents (in military cases); prison progress reports and U.S. Parole Commission notices of action; media reports (e.g., newspaper and magazine articles); official and other correspondence (both generated and received, whether solicited or unsolicited); and inter-agency and intra-agency reports and recommendations and decisional documents relating to individual clemency matters.

Computerized Records: The system also includes an automated database for tracking the handling of clemency cases from filing to final action. Information used to track such progress may include, but is not limited to, the petitioner's name, social security number, birth date, the date the petition was received, offense and sentencing information, the date of final action by the President, and other case-related information. Clemency case file notes may also be summarized and stored in an automated format, and may include any relevant information that would assist OPA in formulating clemency recommendations to the President or otherwise performing its duties more efficiently.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

The system is established and maintained in order to carry out the duties assigned by the President, pursuant to the power granted him under United States Constitution, Article II, section 2, to the Department of Justice in Executive Order of the President 30-1, dated June 16, 1893; and Executive Order of the President No. 11878 (published at 40 FR 42731), as delegated by the Attorney General to OPA in 28 CFR 0.35 and 0.36 (Attorney General Order No. 1012-83, published at 48 FR 22290), and as described in 28 CFR 1.1 through 1.11 (Attorney General Order No. 1798-93, published at 58 FR 53658; as amended at 65 FR 48381 and 65 FR 58223).

PURPOSE(S) OF THE SYSTEM:

Executive clemency case files are maintained by the Attorney General or his designee to facilitate and document the functions of the Attorney General or his designee in receiving, investigating, and evaluating requests for executive clemency; preparing the necessary reports and recommendations from the Department of Justice to the President in clemency matters; serving as liaison with clemency applicants and the public on clemency matters; and advising the President on the historical exercise of the clemency power. In addition, OPA or the Attorney General may provide other Departmental components records and information from clemency case files to the extent it is necessary to perform their functional responsibilities. For example, following a Presidential decision to grant clemency (and occasionally when clemency is denied), the Department's Office of Public Affairs typically makes appropriate disclosures of information to the public, including the name of the person granted clemency, the date of the grant of clemency, the nature of the relief granted (e.g., commutation of sentence, remission of fine, reprieve, or pardon after completion of sentence), the date, sentence, and district of the conviction for which clemency was sought, the city and state of the applicant's current place of residence, and the names of his attorney and character affiants, if any. Automated tracking and retrieval systems enhance OPA's ability to maintain and use the information contained in clemency case files.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES.

Disclosure of records in the clemency file of an individual who has applied for or been granted clemency, and
