

information about such consumer to your affiliate.

§ 706.14 When is a revised opt out notice required?

If you have provided a consumer with one or more opt notices and plan to communicate opt out information to your affiliates about the consumer, other than as described in those notices, you must provide the consumer with a revised opt out notice that complies with §§ 706.9 through 706.13.

§ 706.15 When must a credit union comply with an opt out?

If you provide a consumer with an opt out notice and the consumer opts out, you must comply with the opt out as soon as reasonably practicable after you receive it.

§ 706.16 How long does an opt out last?

An opt out remains effective until revoked by the consumer in writing or electronically, as long as the consumer continues to have a relationship with you. If the consumer's relationship with you terminates, the opt out will apply to this information. However, a new notice and opportunity to opt out must be provided if the consumer establishes a new relationship with you.

§ 706.17 May a credit union condition the availability or terms of credit on whether a consumer opts out?

(a) *General rule.* If a consumer is an applicant for credit, you must not "discriminate against" the consumer if the consumer opts out of your communication of opt out information to your affiliates.

(b) *Examples of discrimination against an applicant.* You discriminate against an applicant if you:

(1) Deny the applicant credit because the applicant opts out;

(2) Vary the terms of credit adversely to the applicant such as by providing less favorable pricing terms to an applicant who opts out; or

(3) Apply more stringent credit underwriting standards to the applicant because the applicant opts out.

(c) *Regulation B.* The terms "applicant" and "discriminate against" in § 706.17 have the same meanings ascribed to them in 12 CFR part 202.

Appendix A to Subpart B—Sample Notice

This Appendix contains a sample notice to facilitate compliance with the notice requirements of these regulations. A credit union may use applicable disclosures in this sample to provide notices required by these regulations.

Notice of Your Opportunity to Opt Out of Information Sharing With Our Affiliates

Information we can share—unless you tell us not to

What Information: Unless you tell us not to, [Credit Union] may share with our affiliates information about you including:

- information we obtain from your application, such as [provide illustrative examples, such as "your income" or "your marital status"];
- information we obtain from a consumer report, such as [provide illustrative examples, such as "your credit score or credit history"];
- information we obtain to verify representations made by you, such as [provide illustrative examples, such as "your open lines of credit"];
- information we obtain from a person regarding an employment, credit, or other relationship with you, such as [provide illustrative examples, such as "your employment history"].

Shared With Whom: Our affiliates who may receive this information are:

- financial service providers, such as [provide illustrative examples, such as "mortgage bankers, broker-dealers, and insurance agents"];
- non-financial companies, such as [provide illustrative examples, such as "direct marketers"].

How to tell us to not share this information with our affiliates

If you prefer that we not share this information with our affiliates, you may direct us not to share this information by doing the following [insert one or more of the reasonable means of opting out listed below¹]: [call us toll free at {insert toll free number}]; or [visit our web site at {insert web site address} and {provide further instructions how to use the web site option}]; or [e-mail us at {insert the e-mail address}]; or [fill out and tear off the bottom of this sheet and mail to the following address: {insert address}]; or [check the appropriate box on the attached form {attach form} and mail to the following address: {insert address}].

Note: Your direction in this paragraph covers certain information about you that we might otherwise share with our affiliates. We may share other information about you with our affiliates as permitted by law.

[FR Doc. 00-27363 Filed 10-25-00; 8:45 am]

BILLING CODE 7535-01-P

¹ If the credit union is using its web site or an e-mail address as the only method by which a consumer may opt out, the consumer must agree to the electronic delivery of information.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. 99-CE-19-AD]

RIN 2120-AA64

Airworthiness Directives; Dornier Luftfahrt GMBH Models 228-100, 228-101, 228-200, 228-201, 228-202, and 228-212 Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes to adopt a new airworthiness directive (AD) that would apply to all Dornier Luftfahrt GMBH (Dornier) Models 228-100, 228-101, 228-200, 228-201, 228-202, and 228-212 airplanes that have windshield spray nozzle option SCN 3109 installed. The proposed AD would require you to deactivate the windshield spray nozzle heating elements. The proposed AD is the result of mandatory continuing airworthiness information (MCAI) issued by the airworthiness authority for Germany. The actions specified by the proposed AD are intended to prevent the windshield spray nozzle heating system from overheating, which could result in smoke in the cockpit and prompt the crew to initiate emergency actions.

DATES: The Federal Aviation Administration (FAA) must receive any comments on this proposed rule on or before November 30, 2000.

ADDRESSES: Submit comments in triplicate to FAA, Central Region, Office of the Regional Counsel, Attention: Rules Docket No. 99-CE-19-AD, 901 Locust, Room 506, Kansas City, Missouri 64106. Comments may be inspected at this location between 8 a.m. and 4 p.m., Monday through Friday, holidays excepted.

Service information that applies to the proposed AD may be obtained from Dornier Luftfahrt GmbH, Product Support, P.O. Box 1103, D-82230 Wessling, Federal Republic of Germany; telephone: (08153) 302631; facsimile: (08153) 304463. This information also may be examined at the Rules Docket at the address above.

FOR FURTHER INFORMATION CONTACT: Karl Schletzbaum, Aerospace Engineer, FAA, Small Airplane Directorate, 901 Locust, Room 301, Kansas City, Missouri 64106; telephone: (816) 329-4146; facsimile: (816) 329-4090.

SUPPLEMENTARY INFORMATION:

Comments Invited

How do I comment on the proposed AD? The FAA invites comments on this proposed rule. You may submit whatever written data, views, or arguments you choose. You need to include the rule's docket number and submit your comments in triplicate to the address specified under the caption **ADDRESSES**. The FAA will consider all comments received on or before the closing date. We may amend the proposed rule in light of comments received. Factual information that supports your ideas and suggestions is extremely helpful in evaluating the effectiveness of the proposed AD action and determining whether we need to take additional rulemaking action.

Are there any specific portions of the proposed AD I should pay attention to? The FAA specifically invites comments on the overall regulatory, economic, environmental, and energy aspects of the proposed rule that might suggest a need to modify the rule. You may examine all comments we receive before and after the closing date of the rule in the Rules Docket. We will file a report in the Rules Docket that summarizes each FAA contact with the public that concerns the substantive parts of the proposed AD.

We are re-examining the writing style we currently use in regulatory documents, in response to the Presidential memorandum of June 1, 1998. That memorandum requires federal agencies to communicate more clearly with the public. We are interested in your comments on whether the style of this document is clearer, and any other suggestions you might have to improve the clarity of FAA communications that affect you. You can get more information about the

Presidential memorandum and the plain language initiative at <http://www.plainlanguage.gov>.

How can I be sure FAA receives my comment? If you want us to acknowledge the receipt of your comments, you must include a self-addressed, stamped postcard. On the postcard, write "Comments to Docket No. 99-CE-19-AD." We will date stamp and mail the postcard back to you.

Discussion

What events have caused this proposed AD? The Luftfahrt-Bundesamt (LBA), which is the airworthiness authority for Germany, notified the FAA that an unsafe condition may exist on all Dornier Models 228-100, 228-101, 228-200 and 228-201, 228-202, and 228-212 airplanes. The LBA reported an incident where the windshield spray nozzle overheated and generated smoke in the cockpit. This prompted the crew to initiate an emergency evacuation during engine start.

The airplane had windshield spray nozzle option SCN 3109 installed.

What are the consequences if the condition is not corrected? If this system overheats, smoke could enter the cockpit and prompt the crew to initiate emergency actions.

Is there service information that applies to this subject? Dornier has issued All Operators Telefax (AOT) No. AOT-228-30-022, dated September 9, 1998. This telefax specifies deactivating the windshield spray nozzle heating elements.

What action did the LBA take? The LBA classified this service information as mandatory and issued German AD Number 1999-030/2, dated April 8, 1999, in order to assure the continued airworthiness of these airplanes in the Germany.

Was this in accordance with the bilateral airworthiness agreement?

These airplane models are manufactured in Germany and are type certificated for operation in the United States under the provisions of section 21.29 of the Federal Aviation Regulations (14 CFR 21.29) and the applicable bilateral airworthiness agreement.

Pursuant to this bilateral airworthiness agreement, the LBA has kept FAA informed of the situation described above.

The FAA's Determination and an Explanation of the Provisions of the Proposed AD

What has FAA decided? The FAA has examined the findings of the LBA; reviewed all available information; and determined that:

- The unsafe condition referenced in this document exists or could develop on other all Dornier Models 228-100, 228-101, 228-200 and 228-201, 228-202, and 228-212 airplanes of the same type design that have windshield spray nozzle option SCN 3109 installed; and
- AD action should be taken in order to correct this unsafe condition.

What would the proposed AD require? This proposed AD would require you to deactivate the windshield spray nozzle heating elements.

Cost Impact

How many airplanes would the proposed AD impact? We estimate that the proposed AD affects 9 airplanes in the U.S. registry.

What would be the cost impact of the proposed AD on owners/operators of the affected airplanes? We estimate the following costs to accomplish the proposed modification:

Labor cost	Parts cost	Total cost per airplane	Total Cost on U.S. airplane operators
1 workhour × \$60 per hour = \$60	Not applicable	\$60 per airplane	\$540

Regulatory Impact

Would this proposed AD impact various entities? The regulations proposed herein would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this proposed rule would not have federalism implications under Executive Order 13132.

Would this proposed AD involve a significant rule or regulatory action? For the reasons discussed above, I certify that this proposed action (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A copy of the draft

regulatory evaluation prepared for this action has been placed in the Rules Docket. A copy of it may be obtained by contacting the Rules Docket at the location provided under the caption **ADDRESSES**.

Air transportation, Aircraft, Aviation safety, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator,

the Federal Aviation Administration proposes to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

2. FAA amends § 39.13 by adding a new airworthiness directive (AD) to read as follows:

Dornier Luftfahrt GmbH: Docket No. 2000–CE–AD

(a) *What airplanes are affected by this AD?*

This AD affects Models 228–100, 228–101, 228–200, and 228–201, 228–202, and 228–212 airplanes, all serial numbers, that:

- (1) Are certificated in any category; and
- (2) Have windshield spray nozzle option SCN 3109 installed.

(b) *Who must comply with this AD?*

Anyone who wishes to operate any of the above airplanes must comply with this AD.

(c) *What problem does this AD address?*

The actions specified by this AD are intended to prevent the windshield spray nozzle heating system from overheating, which could result in smoke in the cockpit and prompt the crew to initiate emergency actions.

(d) *What actions must I accomplish to address this problem?* To address this problem, you must accomplish the following:

Action	Compliance time	Procedures
(1) Deactivate the windshield spray nozzle heating elements by cutting wire ME16F20 at the splice at frame 7. Cap (MS2574–2 caps) and stow cables.	Within the next 100 hours time-in-service (TIS) after the effective date of this AD, unless already accomplished.	Dornier All Operators Telefax (AOT) No. AOT–228–30–022, dated September 9, 1998, references this action.
(2) Do not install, on any affected airplane, windshield spray nozzle option SCN 3109.	As of the effective date of this AD	Not Applicable.

(e) *Can I comply with this AD in any other way?* You may use an alternative method of compliance or adjust the compliance time if:

- (1) Your alternative method of compliance provides an equivalent level of safety; and
- (2) The Manager, Small Airplane Directorate, approves your alternative. Submit your request through an FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, Small Airplane Directorate.

Note 1: This AD applies to each airplane identified in paragraph (a) of this AD, regardless of whether it has been modified, altered, or repaired in the area subject to the requirements of this AD. For airplanes that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (e) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if you have not eliminated the unsafe condition, specific actions you propose to address it.

(f) *Where can I get information about any already-approved alternative methods of compliance?* Contact Karl M. Schletzbaum, Aerospace Engineer, FAA, Small Airplane Directorate, 901 Locust, Room 301, Kansas City, Missouri 64106; telephone: (816) 329–4146; facsimile: (816) 329–4090.

(g) *What if I need to fly the airplane to another location to comply with this AD?* The FAA can issue a special flight permit under sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate your airplane to a location where you can accomplish the requirements of this AD.

(h) *How do I get copies of the documents referenced in this AD?* You may obtain copies of the documents referenced in this AD from

Dornier Luftfahrt GmbH, Product Support, P.O. Box 1103, D–82230 Wessling, Federal Republic of Germany; telephone: (08153) 302631; facsimile: (08153) 304463. You may examine these documents at FAA, Central Region, Office of the Regional Counsel, 901 Locust, Room 506, Kansas City, Missouri 64106.

Note 2: The subject of this AD is addressed in German AD Number 1999–030/2, dated April 8, 1999.

Issued in Kansas City, Missouri, on October 20, 2000.

James E. Jackson,

Acting Manager, Small Airplane Directorate, Aircraft Certification Service.

Customs Service

19 CFR Part 10

[T.D. 00–74]

RIN 1515–AC79

Refund of Duties Paid on Imports of Certain Wool Products

AGENCY: U.S. Customs Service, Department of the Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document proposes to amend the Customs Regulations to implement the provisions of section 505 of Title V of the Trade and Development Act of 2000. Section 505 permits U.S. manufacturers of certain wool articles to

claim a limited refund of duties paid in each of calendar years 2000, 2001, and 2002 on imports of select wool products. The maximum amount eligible to be refunded in each of these successive claim years is limited to an amount not to exceed one-third of the amount of duties actually paid on such wool products imported in calendar year 1999. The proposed amendments contained in this document set forth the eligibility, documentation, and procedural requirements necessary to substantiate a claim for a duty refund under the terms of the statute.

DATES: Comments must be received on or before November 16, 2000.

ADDRESSES: Written comments (preferably in triplicate) may be submitted to and inspected at the Regulations Branch, Office of Regulations and Rulings, U.S. Customs Service, 1300 Pennsylvania Avenue, NW., 3rd Floor, Washington, DC. 20229.

FOR FURTHER INFORMATION CONTACT: Bruce Ingalls, Chief, Entry and Drawback Management (202) 927–1082.

SUPPLEMENTARY INFORMATION:

Background

On May 18, 2000, President Clinton signed into law the Trade and Development Act of 2000 (“the Act”), Public Law 106–200, 114 Stat. 251. Title V of the Act concerns imports of certain wool articles and sets forth provisions intended to provide tariff relief to U.S. manufacturers of men’s and boys’ worsted wool suits, suit-type jackets, and trousers. Within Title V, section 505
