I. Section (a)(2)(A) all of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

B. the sales or production, or both, of such firm or subdivision have decreased absolutely; and

C. increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision; or

II. Section (a)(2)(B) both of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

3. there has been or is likely to be an increase in imports of articles that are like or directly competitive with articles which are or were produced by such firm or subdivision.

Also, in order for an affirmative determination to be made for secondarily affected workers of a firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of Section 222(b) of the Act must be met.

(1) Significant number or proportion of the workers in the workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) the workers' firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility to apply for trade adjustment assistance benefits and such supply or production is related to the article that was the basis for such certification; and

(3) either—

(A) The workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) a loss or business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.

In order for the Office of Trade Adjustment Assistance to issue a certification of eligibility to apply for Alternative Trade Adjustment Assistance for older workers, the group eligibility requirements of Section 246(a)(3)(A)(ii) of the Trade Act must be met.

Determinations Terminating Investigations of Petitions for Worker Adjustment Assistance

After notice of the petitions was published in the **Federal Register** and on the Department's Web site, as required by Section 221 of the Act (19 U.S.C. 2271), the Department initiated investigations of these petitions.

The following determinations terminating investigations were issued

because the petitioner has requested that the petition be withdrawn.

85,973, *CenturyLink, Wake Forest, North Carolina*.
 85,974, *CenturyLink, Leesburg, Florida*.

The following determinations terminating investigations were issued because the petitioning groups of workers are covered by active certifications.  85,958, *Meritor Heavy Vehicle Systems, LLC., Heath, Ohio*.
 86,054, *Sonoco, New Albany, Indiana*.

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on March 11, 2015, applicable to workers of ATI Specialty Alloys and Components,

Albany Operations, 34th Avenue, including on-site leased workers from Kelly Services, LBCC, Cadd Connections, Evergreen Engineering, Jibe Consulting, and Oregon Industrial, Albany, Oregon. The Department's Notice of Determination was published in the **Federal Register** on April 13, 2015 (80 FR 19394).

At the request of a State Workforce Office, the Department reviewed the certification for workers of the subject firm. The workers are engaged in activities related to the production of titanium ingot and mill products.

New information shows that workers separated from employment at ATI have their wages reported through a separate federal employer identification number (FEIN) under the name of Oregon Metallurgical and TDY Industries.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by increased imports of titanium ingot and mill products. Accordingly, the Department is amending this certification to properly reflect this matter.

The amended notice applicable to TA-W-85,697 is hereby issued as follows:

All workers of ATI Specialty Alloys and Components, Albany Operations, 34th Avenue, including on-site leased workers from Kelly Services, LBCC, Cadd Connections, Evergreen Engineering, Jibe Consulting, and Oregon Industrial, Albany, Oregon, including workers whose wages are reported under Oregon Metallurgical and TDY Industries, who became totally or partially from employment on or after July 4, 2014, through March 11, 2017, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974, as amended.
