DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Intent To Conduct a Special Resource Study, Environmental Impact Statement, for the Delaware Coastal Area in the State of Delaware, and To Hold Public Scoping Meetings

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Intent to prepare an Environmental Impact Statement for the Special Resource Study for the Delaware Coastal Area in the state of Delaware, and to hold public scoping meetings.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service is preparing an Environmental Impact Statement (EIS) for the Special Resource Study (SRS) for the Delaware Coastal Area in the state of Delaware. This SRS was authorized in Public Law 109-338 including its mandate for conformance with section 8(c) of Public Law 91-383. The purpose of an SRS is to determine the degree and kind of Federal actions that may be desirable for the management and protection of an area considered to have potential for addition to the National Park System. This is an SRS of the coastal region of the state of Delaware, and a study of the many themes that relate to how those resources were used throughout history in that region. The study area will include the entire coastal area of the state of Delaware. Additional sites or locations in Delaware may also need to be considered during the study process.

The SRS/EIS will address a range of alternatives including any potential roles for the NPS in preservation and interpretation of the resources of the study area. Alternatives to be considered include: No action, the potential for congressional designation of all or part of the study area as a unit of the National Park system, and any other appropriate alternative that may arise during the study process.

The EIS will assess the impacts of the alternatives presented in the SRS. The public scoping meetings will include a discussion of the SRS and the EIS process including ways that the public can be involved in providing and receiving information, and reviewing and commenting upon the draft study

and associated draft EIS. The purpose of the meeting is to solicit public input prior to formally undertaking the study.

DATES: The Park Service will accept comments from the public through 60 days from the date of publication of the Environmental Protection Agency's Notice of Intent in the **Federal Register**. The place and time of public scoping meetings in both the City of Wilmington and in Georgetown (southern Delaware) will be announced by the National Park Service (NPS) and noticed in local newspapers serving the area. Notice of the meetings will also be posted on the project Web site: www.nps.gov/nero/delasrs.

ADDRESSES: Information will be available for public review and comment online at <http://parkplanning.nps.gov>, or in the NPS Northeast Regional Office, Division of Park Planning and Special Studies, 200 Chestnut Street, Philadelphia, PA 19106.
