Synopsis

1. On June 16, 2015, the Commission released a Notice of Proposed Rulemaking, 30 FCC Rcd 6711 (2015) in MB Docket No. 15-146 (Vacant Channel NPRM) seeking comment on rules to preserve vacant television channels for shared use by white space devices and wireless microphones. On July 29, 2015, the Media Bureau, in an Order, DA 15-867, on delegated authority, suspended the comment and reply comment

deadlines in this proceeding until further notice.

2. In its document, FCC 15–78, released August 11, 2015 (Auctions Procedures PN), the Commission adopted its proposal to allow the optimization tool to assign television stations within the 600 MHz Band where necessary to accommodate market variation in a manner that best fulfills the clearing target objectives, and not to restrict it to assignments in specific portions of the 600 MHz Band, including the duplex gap. To mitigate the potential impact on white space devices and wireless microphones in areas where the duplex gap is subject to impairment, the Commission tentatively concluded that it will designate a second available television channel in the remaining television band in such areas for shared use by white space devices and wireless microphones, in addition to the one such channel it has tentatively concluded will be made available in each area of the United States for shared use by these devices and microphones. The Commission invited comment on this tentative conclusion and stated that it intends to address in the same order all proposals in the Vacant Channel NPRM as well as the proposals raised in the Auctions Procedures PN. To that end, the Commission directed the Media Bureau to establish new comment and reply deadlines of September 30 and October 30, 2015, respectively, for the proposals in the Vacant Channel NPRM as well as the proposal in paragraph 32 of the Auctions Procedures PN.

3. By this Order, as directed by the Commission in the Auctions Procedures PN, the Media Bureau announces that comments are now due on September 30, 2015 and reply comments on October 30, 2015.

Kevin Harding,

Associate Chief, Video Division, Media Bureau.
