

4. Form 3—Income Analysis

Form 3—Income Analysis (see <https://bphc.hrsa.gov/sites/default/files/bphc/funding/bpr-form-3.pdf>) must be uploaded and include the projected income from all sources other than the Health Center Program award for the upcoming budget period. Form 3 is divided into (1) Patient Service Revenue—Program Income and (2) Other Income—Other Federal, State, Local, and Other Income. Instructions for completing Form 3: Income Analysis are included in the BPR User Guide and on <https://bphc.hrsa.gov/funding/funding-opportunities/budget-period-progress-report-bpr-noncompeting-continuation-ncc>.

5. Project Narrative Update

Submit a Project Narrative Update attachment. You will address your organizational and patient capacity. For each section, your narrative should include:

- A summary of progress and changes to date,
- Expected progress for the rest of the FY 2025 budget period, and
- Projected changes for the upcoming FY 2026 budget period.

Your response in each section is limited to 2,000 characters (including spaces). This is approximately one page.

1. *Organizational Capacity:* Discuss your progress and any major changes or barriers to organizational capacity since the last application, either SAC or BPR. Describe how changes have impacted or may impact progress. Address the following key areas:

- Staffing, including key management vacancies.
- Operations, including major changes in policies and procedures. You must explain how responses to findings of noncompliance have changed/improved your standards of operation or practice, for example, findings identified in your last SAC or operational site visit, or other conditions on your award (if applicable).

- Financial status, including the most current audit findings.

2. *Patient Capacity:* Discuss any changes to the service area or to your project that have impacted or may impact patient capacity. Describe factors that have contributed to any downward patient trend (greater than a 5 percent decrease) and plans for reaching the projected patient target goal. Plans could include (but are not limited to) changes in scope, successor-in-interest arrangements, or contract or agreement updates. Detailed instructions for completing the Patient Capacity section

are available in Appendix A of the BPR Instructions on the BPR TA web page, <https://bphc.hrsa.gov/funding/funding-opportunities/budget-period-progress-report-bpr-noncompeting-continuation-ncc>.

6. Supplemental Award Update

If HRSA's Bureau of Primary Healthcare awarded your organization funding for any supplemental awards since FY 2023, upload an update on your progress toward meeting the objectives of each award. Do not include other HRSA or federal supplemental awards in this section. Include awards rolled into your base funding.

For each supplemental award received, describe how available data demonstrates progress toward achieving the supplemental funding objectives. This may include Uniform Data System data showing increases in patients, visits, or services, as well as scope of project data reflecting expanded service hours or the addition of new services.

Your updates should include, but are not limited to the following supplemental awards within the last three FY (since FY 2023):

- *School-Based Service Expansion*
 - FY 2023
- *Primary Care HIV Prevention*
 - FY 2023
- *Early Childhood Development*
 - FY 2023
- *Behavioral Health Service Expansion*
 - FY 2024
- *Expanded Hours*
 - FY 2025

For each supplemental award update, limit your response to 500 words. If you have questions about supplemental awards, contact us using the BPHC Contact Form, <https://hrsa.my.site.com/support/s/>.

Submission Deadline: Submit the response to this request via HRSA's Electronic Handbook no later than XX:XX PM ET on XX/XX/20XX.

System for Award Management: Recipients must continue to maintain active SAM registration with current information during all times that they have an active federal award, an active application, or an active plan under consideration by an agency (unless you are an individual or federal agency that is exempted from those requirements under 2 CFR 25.110(b) or (c), or you have an exception approved by the agency under 2 CFR 25.110(d)). For your SAM registration, you must submit a notarized letter appointing the authorized Entity Administrator.

Intergovernmental Review: This funding is subject to the provisions of Executive Order 12372, as implemented by 45 CFR part 100.

Review Criteria and Process: HRSA will conduct a review of the submitted response in accordance with HRSA guidelines. HRSA reserves the right to request clarification; a resubmission of the budget, narrative and forms, or additional information if the submission is not fully responsive to any of the requirements, or if ineligible activities are proposed. Following the review of all applicable information, HRSA review and awards management officials will determine if special conditions are required, and what level of funding is appropriate. Award decisions and funding levels are discretionary and are not subject to appeal. Continued funding depends on congressional appropriation of funds, satisfactory performance, and a decision that continued funding would be in the government's best interest.

As part of HRSA's required review of risk posed by applicants for this program, as described in 2 CFR 200.206 (see <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-C/section-200.206>), HRSA will consider additional factors. These factors include, but are not limited to, past performance and the results of HRSA's assessment of the financial stability of your organization. HRSA reserves the right to conduct site visits and/or use the current compliance status to inform final funding decisions.

Award Notice: HRSA anticipates issuing the Notice of Award approximately 30 days prior to your budget period start date.

Thomas J. Engels,
Administrator.

Transportation Security Administration

Revision of Agency Information Collection Activity Under OMB Review: Aviation Security Customer Satisfaction Performance Measurement Passenger Survey

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0013, abstracted below to OMB for review and approval of a revision of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. This collection involves surveying travelers to measure customer satisfaction with aviation security in an effort to more efficiently manage TSA's security screening performance at airports.
