

and usability interviews, in order to allow for more complete and accurate summaries of these qualitative interviews. This is a standard procedure for cognitive interviews and usability interviews at many other survey organizations, including Federal agencies. The consent form would be used for audio recording some cognitive interviews and usability interviews for research purposes. For these types of interviews, there will be no collection of Personally Identifiable Information (PII) or any identifying information about the operator or operation.

In addition to the testing techniques listed above NASS will be including parallel testing with this renewal request. NASS is investigating methodologies using additional sources of farm operators (including web scraping). These methodologies will be tested against the NASS's current multi-frame methodology.

Following standard OMB requirements NASS will submit a change request to OMB individually for each survey improvement project it undertakes under this generic clearance and provide OMB with a copy of the questionnaire (if one is used), and all other materials describing the project.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13) and Office of Management and Budget regulations at 5 CFR part 1320. Participation in all surveys and studies conducted under this approval will be voluntary.

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33362.

Estimate of Burden: Public reporting burden for these collections of information is estimated to average from 15 minutes to 1.5 hours per respondent, dependent upon the survey and the technique used to test for that particular survey. The overall average is estimated to be 0.60 hours per response.

Respondents: Farmers, ranchers, farm managers, farm contractors, agri-businesses, and households.

Estimated Number of Respondents: 25,000.

Frequency of Responses: On occasion.
Estimated Total Annual Burden: 15,000 hours.

Comments: Comments are invited on:
(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
(c) ways to enhance the quality, utility, and clarity of the information to be collected; and
(d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, November 3, 2021.

Kevin L. Barnes,

Associate Administrator.
