SUPPLEMENTARY INFORMATION:

Title: APHIS Student Outreach Program.

OMB Control Number: 0579–0362.

Type of Request: Reinstatement of an information collection.

Abstract: The Animal and Plant Health Inspection Service's (APHIS') Student Outreach Program is designed to help students learn about careers in animal science, veterinary medicine, plant pathology, and agribusiness. The program allows participants to live on a college campus and learn about agricultural science and agribusiness from university professors, practicing veterinarians, and professionals working for the U.S. Government.

The Student Outreach Program is designed to enrich students' lives while they are still in their formative years. APHIS' investment in the Student Outreach Program not only exposes students to careers in APHIS, it also gives APHIS' employees the opportunity to meet and invest in APHIS' future workforce. Students chosen to participate in the Student Outreach Program will gain experience through hands-on labs, workshops, and field trips. Students will also participate in character and team building activities and diversity workshops. A program currently in the Student Outreach Program is AgDiscovery.

To participate in a Student Outreach Program, students and their parents must submit essays, letters of recommendation, and application packages. These submissions are reviewed and rated by officials to select the participants. In addition, cooperative agreements are used to facilitate the partnerships between APHIS and the participating universities to carry out a program.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 5.62 hours per response.

Respondents: Individuals and public and private universities.

Estimated annual number of respondents: 1,126.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 1,126.

Estimated total annual burden on respondents: 6,330 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 1st day of March 2021.

Executive Order 12866

This notice is exempt from review by the Office of Management and Budget under Executive Order 12866.

Regulatory Flexibility Act

This action is not a rule as defined by the Regulatory Flexibility Act (5 U.S.C. 601–612) and thus is exempt from the provisions of this Act.

Paperwork Reduction Act of 1995

This notice does not contain reporting or recordkeeping requirements subject to approval by the Office of Management and Budget in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507).

Executive Order 12372

This program is listed in the Catalog of Federal Domestic Assistance Programs under No. 10.557, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials (7 CFR part 3015, subpart V, 48 FR 29100, June 24, 1983, and 49 FR 22675, May 31, 1984).

Description

Section 17(d)(2)(A) of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1786(d)(2)(A)), requires the Secretary of Agriculture to establish income criteria to be used with

nutritional risk criteria in determining a person's eligibility for participation in the WIC Program. The law provides that persons will be income-eligible for the WIC Program if they are members of families that satisfy the income standard prescribed for reduced-price school meals under section 9(b) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(b)). Under section 9(b), the income limit for reduced-price school meals is 185 percent of the Federal poverty guidelines, as adjusted. Section 9(b) also requires that these guidelines be revised annually to reflect changes in the Consumer Price Index. The annual revision for 2021 was published by the Department of Health and Human Services (HHS) at 86 FR 7732, February 1, 2021. The guidelines published by HHS are referred to as the "poverty guidelines."

Program Regulations at 7 CFR 246.7(d)(1) specify that State agencies

may prescribe income guidelines either equaling the income guidelines established under Section 9 of the Richard B. Russell National School Lunch Act for reduced-price school meals, or identical to State or local guidelines for free or reduced-price health care. However, in conforming WIC income guidelines to State or local health care guidelines, the State cannot establish WIC guidelines which exceed the guidelines for reduced-price school meals, or which are less than 100 percent of the Federal poverty guidelines. Consistent with the method used to compute income eligibility guidelines for reduced-price meals under the National School Lunch Program, the poverty guidelines were multiplied by 1.85 and the results rounded upward to the next whole dollar.

At this time, the Department is publishing the maximum and minimum

WIC income eligibility guidelines by household size for the period of July 1, 2021 through June 30, 2022. Consistent with section 17(f)(17) of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1786(f)(17)), a State agency may implement the revised WIC income eligibility guidelines concurrently with the implementation of income eligibility guidelines under the Medicaid Program established under Title XIX of the Social Security Act (42 U.S.C. 1396, *et seq.*). State agencies may coordinate implementation with the revised Medicaid guidelines, *i.e.*, earlier in the year, but in no case may implementation take place later than July 1, 2021. State agencies that do not coordinate implementation with the revised Medicaid guidelines must implement the WIC income eligibility guidelines on or before July 1, 2021.
