

Oral Comments: In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes (unless otherwise indicated). For teleconference meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total. Deadlines for getting on the public speaker list for a meeting are given above. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the reviewers and public at the meeting. **Written Comments:** Although the SAB accepts written comments until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the committee for their consideration. Comments should be supplied to the appropriate DFO at the address/contact information noted above in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format). Those providing written comments and who attend the meeting are also asked to bring 35 copies of their comments for public distribution.

General Information—Additional information concerning the EPA Science Advisory Board, its structure, function, and composition, may be found on the SAB Web site, <http://www.epa.gov/sab>, and in *The FY2001 Annual Report of the Staff Director* which is available from the SAB Publications Staff at (202) 564-4533 or via fax at (202) 501-0256. Committee rosters, draft Agendas and meeting calendars are also located on our Web site.

Meeting Access—Individuals requiring special accommodation at this meeting, including wheelchair access to the conference room, should contact the appropriate DFO at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: February 8, 2002.

Donald G. Barnes,

Staff Director, EPA Science Advisory Board.

Taylor Lumber & Treating Superfund Site Notice of Proposed Administrative Settlement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public comment.

SUMMARY: In accordance with the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), 42 U.S.C. 9601 *et seq.*, notice is hereby given that a proposed Agreement and Covenant Not to Sue (Prospective Purchaser Agreement) associated with the Taylor Lumber & Treating National Priorities List Superfund site was executed by the United States Environment Protection Agency (EPA) on February 1, 2002. The proposed Prospective Purchaser Agreement would resolve certain potential claims of the United States under sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a), against Pacific Wood Preserving of Oregon ("PWPO"), a Nevada corporation.

DATES: Comments must be submitted on or before February 28, 2002.

ADDRESSES: The proposed Prospective Purchaser Agreement and additional background documents relating to the settlement are available for public inspection at the U.S. Environmental Protection Agency, 1200 Sixth Ave., Seattle, WA 98101. A copy of the proposed settlement may be obtained from Jennifer Byrne, Assistant Regional Counsel (ORC-158), Office of Regional Counsel, U.S. EPA Region 10, Seattle, WA 98101. Comments should reference "Pacific Wood Preserving of Oregon PPA, Taylor Lumber & Treating Superfund Site" and "Docket No. CERCLA-10-2002-0034" and should be addressed to Jennifer Byrne at the above address.

FOR FURTHER INFORMATION CONTACT: Jennifer Byrne, Assistant Regional Counsel (ORC-158), Office of Regional Counsel, U.S. EPA Region 10, Seattle, WA 98101; phone: (206) 553-0050; fax: (206) 553-0163; e-mail: byrne.jennifer@epa.gov.

SUPPLEMENTARY INFORMATION: Pacific Wood Preserving of Oregon (PWPO) plans to acquire a 34-acre parcel, constituting a major portion of the Superfund Site, located at 22125 S.W. Rock Creek Road in Sheridan, Oregon. PWPO intends to conduct a business on

the parcel involving the treatment of lumber products and poles with preservatives that have relatively low environmental impact and toxicity and are distinguishable from preservatives presently found on the Site. PWPO's acquisition of the parcel occurs under the supervision of the United States Bankruptcy Court, District of Oregon, where Taylor Lumber & Treating, the current owner of the parcel, has filed a Chapter 11 bankruptcy petition.

In exchange for the settlement, EPA will receive \$500,000 in cash, which will be placed in a special account for use at the Site. In addition, PWPO has agreed to operate and maintain a groundwater extraction and disposal system, to maintain the existing asphalt cover, and to maintain the contaminated soil storage cells. Further, PWPO has agreed not to treat wood with solutions containing ammoniacal copper zinc arsenate, cooper chromated arsenate, pentachlorophenol, creosote, or any arsenical wood-preserving compounds.

Because of the schedule in the bankruptcy proceeding, EPA is allowing fourteen days for public comments. For fourteen calendar days following the date of publication of this notice, EPA will receive written comments relating to the proposed Prospective Purchaser Agreement. EPA's response to any comments received will be available for public inspection at the U.S. Environmental Protection Agency, 1200 Sixth Ave., Seattle, WA 98101.

Dated: February 1, 2002.

L. John Iani,

Regional Administrator, Region 10.

Clean Water Act Section 303(d): Availability of Proposed Determinations That Total Maximum Daily Loads (TMDLs) Are Not Needed

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: This notice announces the availability for comment of EPA determinations that TMDLs are not needed for one hundred fifty waterbody/pollutant combinations in the Calcasieu and Ouachita River Basins because new data and information show that water quality standards (WQS) are currently being met. This proposed action would result in the removal of
