

Alternative 3: This alternative would upgrade the existing 161kV to 85–95-foot tall steel poles, place the 345kV underground, and use transition structures at the underground-to-overhead changeover;

Alternative 4: This alternative would place both 345kV and 161kV underground, and use transition structures at the underground-to-overhead changeover.

The NPS preferred alternative is alternative 1, the long-span option. The NPS believes the no action alternative is the environmentally preferred alternative because this alternative would result in no changes to the river corridor.

Persons wishing to comment on the draft EIS may do so by any one of several methods. They may attend the open house noted above. They may mail comments to Superintendent, Saint Croix National Scenic Riverway, P.O. Box 708, 401 Hamilton Street, St. Croix Falls, WI 54024, Attention: Jill Medland. They, also, may comment via e-mail to sacn_aw_row_eis@nps.gov (include name and return address in the e-mail message). Finally, they may hand-deliver comments to Riverway Headquarters, Saint Croix National Scenic Riverway, 401 Hamilton Street, St. Croix Falls, WI 54024.

The NPS practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There, also, may be circumstances in which we would withhold from the record a respondent's identify, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses available for public inspection in their entirety.

The responsible official is Mr. Ernest Quintana, Midwest Regional Director, National Park Service.

Notice of Availability of the Draft General Management Plan and Draft Environmental Impact Statement for the Fallen Timbers Battlefield and Fort Miamis National Historic Site, Ohio

AGENCY: National Park Service, U.S. Department of the Interior.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the

Draft General Management Plan and Environmental Impact Statement (GMP/EIS) for the Fallen Timbers Battlefield and Fort Miamis National Historic Site (the park).

DATES: The GMP/EIS will remain available for public review for 60 days following the publishing of the notice of availability in the **Federal Register** by the Environmental Protection Agency. Public meetings will be announced in the local media.

ADDRESSES: Copies of the GMP/EIS are available by request by writing to the Fallen Timbers Battlefield and Fort Miamis National Historic Site, c/o Director of Planning, Metropolitan Park District of the Toledo Area, 5100 West Central Avenue, Toledo, Ohio 43615–2100, by telephoning (419) 535–3050 or by e-mail

james.speck@metroparkstoleado.com.

The document is also available to be picked-up in person at Metropolitan Park District offices, 5100 West Central Avenue, Toledo, Ohio. The document can be found on the Internet in the NPS Planning Web site at: <http://planning.nps.gov/plans.cfm>.

FOR FURTHER INFORMATION CONTACT: Mr. James Speck, Director of Planning, Metropolitan Park District of the Toledo Area, 5100 West Central Avenue, Toledo, Ohio, telephone 419–535–3050.

SUPPLEMENTARY INFORMATION: The Fallen Timbers Battlefield and Fort Miamis National Historic Site is an affiliated area of the national park system, managed by the Metropolitan Park District of the Toledo Area. The park consists of three units, the Fallen Timbers Battlefield, the Fallen Timbers State Monument, and Fort Miamis. The park commemorates an important period in the development of the United States and the opening of the northwest frontier. It represents the culminating event that demonstrated the tenacity of the American people in their quest for western expansion and the struggle for dominance in the Old Northwest Territory.

The purpose of the general management plan is to set forth the basic management philosophy for the park and to provide strategies for addressing issues and achieving identified management objectives. The GMP/EIS describes and analyzes the environmental impacts of the proposed action and two other action alternatives for the future management direction of the park. A no action alternative is also evaluated.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may

request that we withhold their home address from the record, which we will honor to the extent allowable by law. There may also be circumstances where we would withhold from the record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials or organizations or businesses, available for public inspection in their entirety.

Environmental Statements; Notice of Intent: Elkmont Historic District, TN

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent to Prepare a General Management Plan Amendment/Draft Environmental Impact Statement for the Elkmont Historic District in Great Smoky Mountains National Park.

SUMMARY: This notice is being published in accordance with 40 CFR 1506.6. Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, the National Park Service announces the preparation of a General Management Plan Amendment/Environmental Impact Statement (GMPA/EIS) to analyze alternatives for resolving issues related to the Elkmont Historic District. The purpose of the planning initiative for which the EIS is being written is to reevaluate the current management strategy for the Elkmont Historic District as articulated in the Park's General Management Plan (GMP), written in 1982. The public scoping process for the EIS has been initiated with issuance of this notice. The purpose of the scoping process is to elicit public comment regarding the full spectrum of public issues and concerns, including a suitable range of alternatives, the nature and extent of potential environmental impacts and appropriate mitigation strategies which should be addressed in the GMPA/EIS process.

DATES: Beginning on March 8, 2004, public information meetings will be conducted in the vicinity of Great

Smoky Mountains National Park. The location, date, and time of the meetings and deadlines for written comments will be announced via local and regional media as follows: The Knoxville News-Sentinel, Knoxville, Tennessee; The Mountain Press, Sevierville, Tennessee; The Daily Times, Maryville, Tennessee; The Smoky Mountain Times, Bryson City, North Carolina; The Mountaineer, Waynesville, North Carolina; Asheville Citizen Times, Asheville, North Carolina and other major newspapers in Raleigh, North Carolina, Charlotte, North Carolina, Atlanta, Georgia, and Nashville, Tennessee. Announcements will also be placed on the following Web sites: <http://www.nps.gov/grsm> and <http://www.elkmont-gmpa-ea.com/>. All interested individuals, organizations and agencies are invited to attend these meetings to comment orally and/or provide written comments or suggestions during the scoping period.

ADDRESSES: Any comments or requests for information should be addressed to Elkmont Historic District EIS, Attn: Superintendent, Great Smoky Mountains National Park, 107 Park Headquarters Road, Gatlinburg, Tennessee 37738.

FOR FURTHER INFORMATION CONTACT: Superintendent, Great Smoky Mountains National Park, 107 Park Headquarters Road, Gatlinburg, TN 37738. Telephone: (865) 436-1207 or Fax: (865) 436-1220.

SUPPLEMENTARY INFORMATION: The public is advised that individual names and addresses may be included as part of the public record. Names and addresses will be available for public review during regular business hours. There may be circumstances in which a person prefers to have their name and other information withheld from the public record. Any person wishing to do this must state this prominently at the beginning of any correspondence or comment, and the request will be honored to the extent allowable by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be placed on the public record and will be made available for public inspection in their entirety.

There are 74 cottages, outbuildings and a hotel in the Elkmont Historic District (District) of Great Smoky Mountains National Park, which until December 1992, were under the lease of the Elkmont Preservation Committee (EPC). The District is located in Sevier County, Tennessee, within the Park and

is approximately 7 miles west on Little River Road, from the Sugarlands Visitor Center. It is critical that Great Smoky Mountains National Park continues the planning process for the Elkmont Historic District. With the exception of two buildings vacated in late 2001, all of the structures in the District have been vacant since 1992. The structures have deteriorated and the Park has been forced to expend emergency funding to stabilize the structures.

Under guidelines described in the National Historic Preservation Act (NHPA), the Park has been in consultation with the Tennessee Historical Commission (State Historic Preservation Office—SHPO) and the Advisory Council on Historic Preservation, as well as other longstanding stakeholders as Consulting Parties. Many of the issues regarding the eventual management of the district are yet unresolved. Based upon a decision in its 1982 GMP, the Park had planned to remove all of the structures once their leases expired and then allow the area to revert to a natural condition. One of the natural communities found at Elkmont was identified as a "montane alluvial forest." This particular natural community is ranked as "rare and highly threatened." In 1994, the Elkmont community was listed on the National Register of Historic Places as an historic district, so any action affecting it would require consultation with the SHPO. Consequently, discussion of any action upholding or diverging from the direction provided by the current GMP has generated controversy among the various stakeholders and any decision by the Park could further enflame deep passions among these stakeholders. Current Elkmont planning effectively combines NEPA and NHPA guidelines as a joint process in an effort to streamline the overall planning process. As part of the 106 process under the NHPA defined in 36 CFR, part 800.8, the Park formed a Consulting Parties group that represents various public interest groups. This public group was formed to consult and advise the Park on issues concerning the eventual management of the District. Public expectation and time sensitive concerns will ensure the planning process is conducted in a timely manner.

As part of the evaluation process, a range of reasonable management actions will be identified/analyzed in context with agency mission and the public interest. The planning effort will result in a defined management prescription for Elkmont. This undertaking is in response to new information and additional resource knowledge
