

information in the Motor Carrier Management Information System. Applicants filing for the first time will be required to file on-line. Form MCS-150 or MCS-150B will be used for Mexico-domiciled carriers that seek authority to operate beyond the United States municipalities on the United States-Mexico border and their commercial zones. The information collected from the respondents is readily available to the public. This revised ICR captures the burden of continued use of the MCS-150 or MCS-150B for motor carriers updating their registration information and for the registration of Mexico-domiciled carriers.

The hazardous material declarations, Class 3A, Class 3B, and Div. 2.2 (Ammonia), are being removed. They are obsolete and do not require new or existing applicants to identify those declarations when applying for a USDOT number as a hazardous materials motor carrier.

The remaining hazardous materials entries on the forms and their respective instructions are being redesignated alphabetically to reflect the removal of the Class 3A, Class 3B, and Div. 2.2 (Ammonia) entries.

In the Filing Options section of the instructions for the forms, the Agency name is corrected.

In the hazardous materials list in the instructions for the forms, the entry for Combustible Liquid is revised to correct the 49 CFR reference.

The instructions for the forms are being revised to clarify the definitions of "Intrastate Hazmat Carrier" and "Intrastate Non-Hazmat Carrier."

B. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy.

II. Background

On November 14, 2018 FMCSA published a notice announcing its decision to renew exemptions for 11 individuals from the hearing standard in 49 CFR 391.41(b)(11) to operate a CMV in interstate commerce and requested comments from the public (83 FR 56905). The public comment period ended on December 14, 2018, and two comments were received.

As stated in the previous notice, FMCSA has evaluated the eligibility of these applicants and determined that renewing these exemptions would achieve a level of safety equivalent to, or greater than, the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(11).

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5-1951.

49 CFR 391.41(b)(11) was adopted in 1970, with a revision in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

III. Discussion of Comments

FMCSA received two comments in this preceding. Kyle Guimarin agrees with the decision of renewing the 11 people, allowing them to drive a CMV in interstate commerce. Davis Benton also agrees with FMCSA's decision to renew the 11 people, exempting them from the hearing requirements required to operate a vehicle in interstate commerce.

IV. Conclusion

Based upon its evaluation of the 11 renewal exemption applications and comments received, FMCSA announces its decision to exempt the following drivers from the hearing requirement in 49 CFR 391.41 (b)(11).

As of September 6, 2018, and in accordance with 49 U.S.C. 31136(e) and 31315, the following 11 individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers (83 FR 56905).

Pricilla Brackenridge, (IL)
Gary Cordano, (NV)
Renaldo Martinez, (TX)
Michael Smith, (CO)
David Chappelle, (TX)
Samuel Fennell, (OH)
Katrina Parker, (NJ)
Michael Sweet, (GA)
Mathias Conway, (MI)
Richard Hoots, (AR)
D'Neille Smith, (OH)

The drivers were included in docket number FMCSA–2016–0002. Their exemptions are applicable as of September 6, 2018, and will expire on September 6, 2020.

In accordance with 49 U.S.C. 31315, each exemption will be valid for two years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

Issued on: January 30, 2019.

Larry W. Minor,

Associate Administrator for Policy.
