

section. It is expected that reports, plans, presentations, or other products would be produced by these activities for use by the applicant. The applicant should propose which of these products may serve as deliverables to the ITS-JPO under any resultant agreement from this request. The final deliverables will be determined in negotiations between the ITS-JPO and the selected locations.

(D) The application should include a proposed schedule or timeline for completion of the proposed activities and outputs for which the grant will be used. The schedule should include milestone events or targeted activities, especially indicating any activities that require ITS-JPO actions or actions by organizations typically not influenced by the applying agency. Additionally, the schedule should also indicate targets for delivery of any products or outputs from development activities.

2. Financial Plan

The Financial Plan should demonstrate that sufficient funding is available to successfully complete all aspects of the proposed development of the plans and designs described in section 1. Additionally, the Financial Plan shall provide the financial information described under the heading, Matching Share/Cost Sharing. An acceptable Financial Plan should:

(A) Provide a clear identification of the proposed funding for activities leading to the development of a comprehensive plan for issuing Amber Alerts, and a commitment that no more than 80 percent of the total cost will be supported by Federal ITS funds. As appropriate, financial commitments from other public agencies and from private firms should be documented appropriately, such as through memorandums of understanding.

(B) Describe how the proposed systems will be developed to ensure their timely implementation and the continued long-term operations of the systems.

(C) As appropriate, include corresponding public and/or private investments that minimize the relative percentage and amount of Federal ITS funds. Also include evidence of continuing fiscal capacity and commitment from anticipated public and private sources.

Authority: Sec. 5001(a)(5), Pub. L. 105-178, 112 Stat. 107, 420; 23 U.S.C. 315; and 49 CFR 1.48.

Issued on: February 6, 2003.

Mary E. Peters,

Federal Highway Administrator.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

Transfer of Federally Assisted Land or Facility

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of intent to transfer Federally assisted land or facility.

SUMMARY: Section 5334(g) of the Federal Transit Laws, as codified, 49 U.S.C. 5301, *et seq.*, permits the Administrator of the Federal Transit Administration (FTA) to authorize a recipient of FTA funds to transfer land or a facility to a public body for any public purpose with no further obligation to the Federal government if, among other things, no Federal agency is interested in acquiring the asset for Federal use. Accordingly, FTA is issuing this notice to advise Federal agencies that the Norwalk Transit District (NTD) intends to transfer approximately 2.11 acres of land and improvements thereon at 100 Fairfield Avenue, Norwalk, Connecticut.

EFFECTIVE DATE: Any Federal agency interested in acquiring the parcel of land must notify the FTA Region I Office of its interest by March 14, 2003.

ADDRESSES: Interested parties should notify the Regional Office by writing to Richard H. Doyle, Regional Administrator, Federal Transit Administration, 55 Broadway, Room 921, Cambridge, MA 02142.

FOR FURTHER INFORMATION CONTACT: Richard N. Cole, Director of Operations and Program Management, at 617/494-2395; or Jackie Hathaway, FTA Headquarters Office of Program Management, at 202/366-6106.

SUPPLEMENTARY INFORMATION:

Background: 49 U.S.C. 5334(g) provides guidance on the transfer of capital assets. Specifically, if a recipient of FTA assistance decides an asset acquired under this chapter at least in part with that assistance is no longer needed for the purpose for which it was acquired, the Secretary of Transportation may authorize the recipient to transfer the asset to a local governmental authority to be used for a public purpose with no further obligation to the Government.

49 U.S.C. 5334(g)(1) Determinations

The Secretary may authorize a transfer for a public purpose other than mass transportation only if the Secretary decides:

(A) The asset will remain in public use for at least 5 years after the date the asset is transferred;

(B) There is no purpose eligible for assistance under this chapter for which the asset should be used;

(C) The overall benefit of allowing the transfer is greater than the interest of the government in liquidation and return of the financial interest of the government in the asset, after considering fair market value and other factors; and

(D) Through an appropriate screening or survey process, that there is no interest in acquiring the asset for government use if the asset is a facility or land.

Federal Interest in Acquiring Land or Facility

This document implements the requirements of 49 U.S.C. 5334(g)(1)(D) of the Federal Transit Laws. Accordingly, FTA hereby provides notice of the availability of the assets further described below. Any Federal agency interested in acquiring the affected land and improvements thereon should promptly notify the FTA.

If no Federal agency is interested in acquiring the existing land and improvements thereon, FTA will make certain that the other requirements specified in 49 U.S.C. 5334(g)(1)(A) through (C) are met before permitting the asset to be transferred.

Additional Description of Land or Facility

The property is located at 100 Fairfield Avenue in Norwalk, Connecticut, and contains approximately 2.11 acres of land and a building which is approximately 26,495 square feet. The property has two 10,000 gallon underground fuel tanks and a leak detection system.

The land is of a triangular shape and is situated along exit ramp 14 eastbound of the Connecticut Turnpike, and the building fronts on Cedar Street. The land slopes down from Fairfield Avenue and the Cedar Street properties. The building is approximately 26,495 square feet; it consists of a metal sandwich panel construction with a rubber ballasted roof; and it is fully sprinklered. Almost 2/3 of the building was used for vehicle storage; and as a result, the heating and lighting systems in that area have limited capacity. The space is clear span. The balance of the building was used for a vehicle washer, four maintenance bays, and approximately 3,000 square feet of office space, toilets and showers.

The building is in fair condition but may need painting, a new roof, substantial cleaning and considerable cosmetic work. Fumes from the maintenance and storage area seep into the office area at times; and during

extremely wet seasons, there is water seepage in the storage area.

Issued on: February 6, 2003.

Richard H. Doyle,

Regional Administrator.

DEPARTMENT OF TRANSPORTATION

Research and Special Programs Administration (RSPA)

[Docket No. RSPA-03-14448; Notice 2]

Pipeline Safety: Qualification of Pipeline Personnel

AGENCY: Office of Pipeline Safety, Research and Special Programs Administration, DOT.

ACTION: Notice of public meeting.

SUMMARY: The Research and Special Programs Administration's (RSPA) Office of Pipeline Safety (OPS) will conduct a public meeting to discuss progress in implementing the operator qualification (OQ) rule for gas and hazardous liquid pipelines. OPS will continue to develop the protocols and guidance materials, and provide an opportunity for public comment. A panel of experts will address technical issues associated with protocols and related materials. A record of the previous public meeting on Qualification of Pipeline Personnel that was held in San Antonio, TX, is available in this docket (RSPA-03-14448).

DATES: The public meeting will be held on February 25, 26, and 27, 2003, beginning at 9 a.m. and will continue until 4 p.m.

ADDRESSES: The public meeting will be held at the Hyatt Regency Houston Airport Hotel, 15747 John F. Kennedy Blvd., Houston, TX 77032 (Tel: 800-233-1234; Fax: 281-590-8461; Web: www.houstonairport.hyatt.com). This meeting is free and open to the public. You may register electronically for this meeting at: <http://primis.rspa.dot.gov/meetings>. The deadline for making a hotel reservation is February 17, 2003.

The program will address the 13 issues generated by the first public meeting held in January 2003, and will be open for technical input. This will include presentations on definitions of terms discussed at the last meeting. Persons wishing to make a presentation or statement at the meeting should notify Janice Morgan, (202) 366-2392, no later than February 19, 2003.

Although we encourage persons wishing to comment on operator

qualification and inspection protocols to participate in the public meeting, written comments will be accepted. You may submit written comments on operator qualification and inspection issues by mail or delivery to the Dockets Facility, U.S. Department of Transportation, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590-0001. The dockets facility is open from 10 a.m. to 5 p.m., Monday through Friday, except on Federal holidays. You should submit the original and one copy. Anyone who wants confirmation of receipt of their comments must include a stamped, self-addressed postcard. You may also submit comments to the docket electronically. To do so, log on to the Internet Web address <http://dms.dot.gov> and click on "Help" for instructions on electronic filing of comments. All written comments should identify the docket number RSPA-03-14448; Notice 2.

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comments (or signing the comments, if submitted on behalf of an association, business, labor union, etc.). You may review the U.S. Department of Transportation's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78), or you may visit <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: You may contact Richard Sanders at (405) 954-7214 or (405) 954-7219, regarding the agenda of this public meeting. General information about OPS programs may be obtained by accessing OPS's Internet home page at <http://ops.dot.gov>.

Information on Services for Individuals With Disabilities: For information on facilities or services for individuals with disabilities or to request special assistance, contact Janice Morgan, (202) 366-2392.

SUPPLEMENTARY INFORMATION: The operator qualification rules at 49 CFR 192.801 (for gas pipelines) and at 49 CFR 195.501 (for hazardous liquid pipelines) require every pipeline operator to have and follow a written qualification program that includes provisions to identify covered tasks and to ensure that all persons performing these tasks are qualified. By October 28, 2002, all gas and hazardous liquid pipeline operators should have completed the qualification of all individuals performing covered tasks on pipeline facilities.

On February 25, 26, and 27, 2003, OPS will conduct a public meeting to discuss progress in implementing the operator qualification rule for gas and hazardous liquid pipelines. OPS will present a detailed review of the development of the operator qualification inspection protocols. The meeting will focus on areas considered high priority and discussion on compliance issues from Federal and State pipeline safety personnel. These issues, as identified at a previous public meeting on January 22, 2003, in San Antonio, TX, are as follows:

- (1) Scope of operator qualification;
- (2) Evaluation of knowledge, skills, and physical ability;
- (3) Re-evaluation intervals;
- (4) Maintenance versus new construction;
- (5) Treatment of emergency response;
- (6) Additional covered tasks;
- (7) Extent of documentation;
- (8) Abnormal operating conditions;
- (9) Treatment of training;
- (10) Criteria for small operators;
- (11) Direction and observation of non-qualified people;
- (12) Noteworthy practices;
- (13) Persons contributing to an incident or accident.

All persons attending the meeting will have an opportunity to comment on operator qualification compliance issues and to question the expert panel on the new operator qualification compliance protocols.

Issued in Washington, DC, on February 6, 2003.

James K. O'Steen,

Deputy Associate Administrator for Pipeline Safety.
