

enjoins the Federation from directly or indirectly "making any recommendation to competing physicians about any actual or proposed payer contract or contract term or whether to accept or reject any such payer contract or contract term." Moreover, Section IV(A)(2) of the proposed Final Judgment enjoins the Federation from directly or indirectly "participating in, encouraging, or facilitating any agreement or understanding between competing physicians to deal with any payer exclusively through a messenger rather than individually or through other channels." Consequently, any Federal recommendation that competing providers' concerted termination of their contracts in retaliation against payers' declination to communicate with them through the Federation would violate the proposed Final Judgment.

These injunctive provisions prevent the Federation from engaging in the sort of conduct addressed by the comment: retaliation against payers that refuse to deal with the Federation. Therefore, the proposed modification is not necessary to provide an effective and appropriate remedy for the antitrust violation alleged in the complaint.

IV. Conclusion

The United States has concluded that the proposed Final Judgment reasonably and appropriately addresses the harm alleged in the Complaint. Therefore, following publication of this response to comments, pursuant to the APPA, and submission of the United States' certification of compliance with the APPA, the United States intends to request entry of the proposed Final Judgment once the Court determines that entry is in the public interest.

The coalition will use entities such as task forces, subcommittees, community boards, and any other community resources that will enhance the coalition's collaborative efforts. With substantial participation from community volunteer leaders, the coalition will implement multisector, multistrategy, long-term plans designed to reduce substance abuse among youth.
