

The comment period on the supplement will be 45 days from the date the Environmental Protection Agency's publishes the notice of availability in the **Federal Register**.

The Forest Service believes it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of supplemental draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions.

Vermont Yankee Nuclear Corp. v. NRDC, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft EIS stage, but are not raised until the completion of the final EIS, may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1002 (9th Cir. 1986), and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is important that those interested in this proposed action participate by the close of the 45-day comment period so substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the supplemental draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the supplemental draft EIS. Comments may also address the adequacy of the supplemental draft EIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council of Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

In the final EIS, the Forest Service is required to respond to substantive comments and responses received during the comment period that pertain to the environmental consequences discussed in the supplemental draft EIS, as well as applicable laws, regulations and policies considered, in making a decision regarding the proposal. The final EIS is scheduled to be completed in December 2004. The Responsible Official is James A. Caplan, Forest Supervisor for the Umpqua National Forest. The Responsible Official will document the decision and rationale for the decision in the Record of Decision. Comments received, including the

names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

(Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21)

Dated: September 1, 2004.

James A. Caplan,

Forest Supervisor.
