

argument; and (3) a table of authorities.¹²

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.¹³ Hearing requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Issues addressed at the hearing will be limited to those raised in the briefs. If a request for a hearing is made, parties will be notified of the date and time for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.¹⁴ The Department intends to issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their comments, no later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h), unless this deadline is extended.

Assessment Rates

In accordance with 19 CFR 351.221(b)(4)(i), we have preliminarily assigned a subsidy rate to the sole producer/exporter subject to this administrative review. Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, the Department intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount shown above for Liguori on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits at the most recent company specific or all-others rate applicable to the company. These cash deposit requirements, when imposed, shall remain in effect until further notice.

These preliminary results and notice are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(4).

Dated: July 18, 2017.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request to revise and extend the expiration date of this currently approved information collection.

The NIST Summer Institute and the NIST RET are competitive financial assistance (cooperative agreement) programs designed to support middle school science teachers to participate in hands-on workshops, lectures, tours, visits, or in scientific research with scientists and engineers in NIST laboratories in Gaithersburg, Maryland. The workshops provide teachers with instructional information and ideas to use in their teaching, and emphasize the measurement science done at NIST. The Program provides a world-class opportunity for those teaching our nation's next generation of scientists to learn more about the subjects they teach and the research in those subjects at NIST, and to offer a platform from which teachers can inspire their students to pursue careers in science, technology, engineering, and mathematics (STEM).

To receive funding, nominated teachers must submit applications through their U.S. public school districts or U.S. accredited private educational institutions for potential selection to participate in the NIST Summer Institute or the NIST RET. This request is for the information collection requirements associated with applying for funding. The information is used to perform the requisite reviews of the application to determine if an award should be granted.

II. Method of Collection

Applications may be submitted electronically via <http://www.grants.gov>.

III. Data

OMB Control Number: 0693-0059.

Form Number: NIST-1103.

Type of Review: Revision and Extension of a currently approved information collection.

Affected Public: Households and individuals.

Estimated Number of Respondents: 100.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 100.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information

¹² 19 CFR 351.309(c)(2) and (d)(2).

¹³ See 19 CFR 351.310(c).

¹⁴ See 19 CFR 351.310(d).

is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Prospective Grant of Exclusive Patent License

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice; prospective grant of exclusive patent license.

SUMMARY: The National Institute of Standards and Technology ("NIST"), U.S. Department of Commerce, is contemplating the grant of an exclusive license in the United States of America, its territories, possessions and commonwealths, to NIST's interest in the invention embodied in U.S. Patent Application No. 15/596,243, titled "Linear Absorption Spectrometer to Optically Determine an Absolute Mole Fraction of Radiocarbon in a Sample" (NIST Docket 17-011) to Planetary Emissions Management, Inc. The grant of the license would be for determination of carbon-14 isotope concentration in samples in all fields.

DATES: The prospective exclusive license may be granted unless NIST receives written evidence and argument which establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7 by August 9, 2017.

ADDRESSES: Information related to this license may be submitted to NIST, Technology Partnerships Office, 100

Bureau Drive, Stop 2200, Gaithersburg, MD 20899, or emailed to donald.archer@nist.gov.

FOR FURTHER INFORMATION CONTACT:

Donald G. Archer, National Institute of Standards and Technology, Technology Partnerships Office, 100 Bureau Drive, Stop 2200, Gaithersburg, MD 20899, (301) 975-2522, donald.archer@nist.gov.

SUPPLEMENTARY INFORMATION: This is a notice in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i) that NIST is contemplating the grant of an exclusive license in the United States of America, its territories, possessions and commonwealths, to NIST's interest in the invention embodied in U.S. Patent Application No. 15/596,243, titled "Linear Absorption Spectrometer to Optically Determine an Absolute Mole Fraction of Radiocarbon in a Sample" (NIST Docket 17-011) to Planetary Emissions Management, Inc. The grant of the license would be for determination of carbon-14 isotope concentration in samples in all fields.

The prospective exclusive license will be royalty bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published Notice, NIST receives written evidence and argument which establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. The Patent Application was filed on May 16, 2017 and describes systems and methods for determining a quantity of carbon-14 in a sample.

Phillip Singerman,

Associate Director for Innovations and Industry Services.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is to seek generic clearance for the collection of routine information requested of individuals (including but not limited to visitors, contractors, associates) who utilize Department of Commerce health units as well as various other health and safety related records.

The information is collected for the following purposes:

1. For medical treatment, testing, or recording of medical or safety equipment or incidents.
2. For recording of potential radiation exposure to track and assure "As Low as Reasonably Achievable" minimization of risks associated with occupational exposure to radiation and to demonstrate regulatory compliance and reporting requirements to the Nuclear Regulatory Commission.
3. With individual's written permission, release of records for research purposes to medical personnel.
4. To refer information required by applicable law to be disclosed to a Federal, State, or local public health service agency, concerning individuals who have contracted certain communicable diseases or conditions. Such information is used to prevent further outbreak of the disease or condition.
5. To disclose information to the appropriate Federal, State, or local agencies responsible for investigation of an accident, disease, medical condition, or injury as required by pertinent legal authority.
6. To disclose information, when an individual to whom a record pertains is mentally incompetent or under other legal disability, to any person who is
