ACTION: Notice and request for comments regarding a proposed extension of an approved information collection requirement.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), DoD announces the proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. DoD invites comments on: (a) Whether the proposed collection of

information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The Office of Management and Budget (OMB) has approved this information collection requirement for use through December 31, 2010. DoD proposes that OMB extend its approval for use for three additional years.

DATES: DoD will consider all comments received by October 5, 2010

Summary of Information Collection

This information collection includes requirements related to contract financing and payment in DFARS part 232, Contract Financing, and the related clause at DFARS 252.232-7007, Limitation of Government's Obligation. DFARS subpart 232.7, Contract Funding, limits the use of incrementally funded fixed-price contracts to situations where (1) the contract is for severable services, does not exceed one year in length, and is incrementally funded using funds available as of the date the funds are obligated; or (2) the contract uses funds available from two or more fiscal years and is funded with research and development appropriations, or Congress has otherwise authorized incremental funding. The clause at DFARS 252.232-7007 identifies procedures for incrementally funding the contract and requires the contractor to provide the Government with written notice when the work will reach the point at which the amount payable by the Government, including any termination costs, approximates 85 percent of the funds currently allotted to the contract.
