Indian Health Service

Office of Clinical and Preventive Services; Demonstration Project for Healthy Lifestyles in Youth

Announcement Type: New.

Funding Opportunity Number: HHS-2008-IHS-HLY-0001

Catalog of Federal Domestic Assistance Number: 93.933

Key Dates: Application Deadline Date: April 18, 2008.

Review Date: May 2, 2008.

Earliest Anticipated Start Date: May 16, 2008.

I. Funding Opportunity Description

The Indian Health Service (IHS) announces a cooperative agreement, HHS-2008-IHS-HLY-0001 for Tribes or Tribal organizations to promote healthy lifestyles among American Indian and Alaska Native (AI/AN) youth using the curriculum "Together Raising Awareness for Indian Life" (TRAIL) among selected Boys and Girls Club sites. This program is authorized under the authority of the Snyder Act, 25 U.S.C. 13; section 301 of the Public Health Service Act, as amended; and the Indian Health Care Improvement Act, 25 U.S.C. 1652 and 1621(b). This program is described at 93.933 in the Catalog of Federal Domestic Assistance (CFDA).

Under this grant opportunity, IHS proposes to enter into a collaborative effort/initiative with an eligible Tribal entity that has experience in addressing healthy lifestyle techniques in AI/AN youth. The purpose of the initiative is to address healthy lifestyle development with a focus on nutrition and physical

activity for children and youth 6 through 17 years of age. The eligible Tribal entity will work with Tribal Boys and Girls Club sites to provide health and physical education by helping youth: Achieve and maintain healthy lifestyles through fitness programs; acquire a range of physical skills; and develop a sense of teamwork and cooperation. These early intervention opportunities may reduce and/or halt the increasing trend of obesity and diabetes among youth and young adults. Clubs that develop a health promotion program that includes the TRAIL curriculum may curtail the effects of unhealthy eating behaviors and lack of physical activity that can lead to obesity, diabetes, and other chronic diseases later in life.

The TRAIL curriculum was developed to provide information on good nutrition and promoting physical activity among adolescents participating in Tribal Boys and Girls Clubs. This work will support the IHS mission to improve the health of AI/AN youth through health promotion and health education programs. Boys and Girls Club sites that are located outside of Tribal communities will not be considered by the grantee.

TRAIL was piloted at 40 AI/AN Boys and Girls Club of America (BGCA) sites located in 19 states where the overall results showed improvement in participant knowledge. For all eligible applicants that want to obtain additional information regarding the TRAIL curriculum, contact the IHS program official (see section VII).

To support this project, the awarded grantee will select and assist 35 AI/AN Boys and Girls Club sites to establish and implement this curriculum project. The selected sites must serve 100% Federally-recognized AI/AN youth. The Boys and Girls Club sites selected by the grantee must not support State-recognized or non-natives using IHS grant funds. The grantee will be expected to: Provide technical consultation; train; monitor; evaluate; as well as provide funds to support these activities.

II. Award Information

Type of Award: Cooperative Agreement.

Estimated Funds Available: The IHS intends to commit approximately \$1,000,000 each year. Total project period is three years in duration. The award that is issued under this announcement is subject to availability of funds.
