SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of August 19, 2013 (78 FR 50358), we published a notice of intent entitled “Notice of Intent to Prepare an Environmental Impact Statement for the Proposed Rule: Standards for Growing, Harvesting, Packing, and Holding of Produce for Human Consumption” with a comment period extending through November 15, 2013, to announce the beginning of the scoping process. We solicited public comments and requested public input to identify issues to be analyzed in an EIS.

The purpose of the public scoping process for the EIS is to determine relevant issues that will influence the scope of the environmental analysis, including potential alternatives, and the extent to which those issues and impacts will be analyzed in the EIS. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the

produce safety rule are invited to participate in the scoping process. FDA has previously sought comment on potential environmental effects as part of the public comment period for the proposed rule, including specific questions regarding agricultural water, biological soil amendments of animal origin, and wildlife (78 FR 3504 at 3616, 3619-3620; January 16, 2013). FDA believes that these questions are still relevant to the environmental analysis and will consider comments received.

FDA is granting an extension of the public scoping period to allow the public additional time to provide comment and for FDA to hold, as appropriate, one or more public scoping meetings during this time period. As part of the scoping process, the Agency will determine the range of actions, alternatives, and impacts to be considered in the EIS. This notice does not extend the comment period on the produce safety proposed rule published on January 16, 2013 (78 FR 3504). As previously announced (78 FR 48637, August 9, 2013), the comment period on the produce safety proposed rule closes on November 15, 2013.

II. Request for Comments

Interested persons may submit either electronic comments regarding the issues to be included in the EIS for the proposed rule to <http://www.regulations.gov> or written comments to the Division of Dockets Management (see **ADDRESSES**). It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <http://www.regulations.gov>.

Dated: November 12, 2013.

[Docket No. USCG-2013-0361]

RIN 1625-AA08

Special Local Regulations; Eleventh Coast Guard District Annual Marine Events

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to update the list of marine events that occur annually within the Eleventh Coast Guard District. These updates include adding specific marine events to the list of marine events held annually in the Eleventh Coast Guard District as well as removing marine events that no longer occur. In addition to updating the list of marine events held annually in the Eleventh Coast Guard District, the Coast Guard proposes to amend the special local regulations by standardizing the language and format of listed events. When these special local regulations are activated, and thus subject to enforcement, this proposed rule would restrict vessels from transiting inside the regulated area.

B. Basis and Purpose

The Coast Guard is conducting this rulemaking under the authority of 33 U.S.C. 1233.

Specific marine events are annually held on a recurring basis on the navigable waters within the Eleventh Coast Guard District and require special local regulations to keep spectators and vessels a safe distance away from the vessels and individuals that are participating in the specified events. These events include sailing regattas, powerboat races, rowboat races, parades, and swim events. Some of these marine events are not currently listed in 33 CFR 100 sections 1101, 1102 and 1104 or many of the annual events that are listed in these sections do not correctly reflect the date or approximate date of the event or do not correctly identify other important information specific to the event.

The effect of these proposed special local regulations will be to restrict general navigation in the vicinity of the events, from the start of each event until

the conclusion of that event. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. These regulations are needed to keep spectators and vessels a safe distance away from the specified events to help ensure the safety of participants, spectators, and transiting vessels.

C. Discussion of Proposed Rule

The Coast Guard proposes to revise 33 CFR 100.1101, Southern California annual marine events for the San Diego Captain of the Port zone, by adding 12 new events and updating 1 event with correct verbiage. The 12 new events in this section are as follows: "ITU World Triathlon" occurring late April or early May at Bonita Cove and Ventura Cove in Mission Bay, San Diego; "Fearless Triathlon" occurring in March at the South Shores Boat Ramp in Mission Bay, San Diego; "Bay to Bay Rowing and Paddling Regatta" occurring in July from Mission Bay to San Diego Bay; "San Diego Sharkfest Swim" occurring one Saturday in September or October in the waters from Seaport Village across the federal channel to the Coronado Ferry Landing; "San Diego TriRock Triathlon" occurring on a Saturday in March in the East Embarcadero Marina Basin; "San Diego Bayfair" occurring the second or third weekend in September at Mission Bay, San Diego; "Oceanside Harbor Days Tiki Swim" occurring on one Saturday in late September or early October in Oceanside Harbor, Oceanside; "U.S. Open Ski Racing Nationals" occurring one weekend in October at Mission Bay, San Diego; "San Diego Maritime Museum Tall Ship Festival of Sail" occurring one weekend in September in San Diego Bay; "Hanohano Ocean Challenge" an outrigger canoe race occurring on a Saturday in January in Mission Bay, San Diego; "Crystal Pier Outrigger Race" an outrigger canoe race occurring in Mission Bay and Mission Bay Entrance Channel on a Saturday in May, Mission Bay, San Diego; and the "San Diego Ho'olaule'a & Keiki Heihei Wa'a Stand Up for the Kids Race" occurring on a weekend in May in Mission Bay, San Diego. We also propose to update the information specific to the "San Diego Parade of Lights" by inserting a new event sponsor, date, and regulated area.

The Coast Guard proposes to update 33 CFR 100.1102, annual marine events on the Colorado River, between Davis Dam (Bullhead City, AZ) and Headgate Dam (Parker, AZ) within the San Diego Captain of the Port zone, by adding 9 new events and updating 1 event with

correct verbiage. The 9 new events in this section are as follows: "BlueWater Resort and Casino Southwest Showdown" occurring one weekend in March in the waters of the Colorado River between BlueWater Resort and Casino and just north of Headgate Rock Dam in Parker, AZ; "BlueWater Resort and Casino West Coast Nationals" occurring one weekend in April in the Lake Moovalya area of the Colorado River and the portion of the Colorado River adjacent to the BlueWater River Casino, in Parker, AZ; "Great Western Tube Float" occurring one Saturday in early June in the navigable waters of the Colorado River from La Paz County Park to the BlueWater Resort and Casino, immediately before the Headgate Dam; "Mark Hahn Memorial 300 PWC Endurance Race" occurring in late February at Lake Havasu; "Lake Havasu Triathlon" occurring in March at Lake Havasu; "Bullhead City River Regatta" occurring one Saturday in August in the Colorado River from Camp Davis to Rotary Park; "BlueWater Triathlon" occurring one Saturday in October in the waters of the Colorado River between Blue Water Resort and Casino Amphitheater and just north of Headgate Rock Dam in Parker, AZ; "BlueWater Resort and Casino 300 Enduro" occurring in late October at river mile markers 179 and 185 in the Colorado River; and "Another Dam Race" occurring one Saturday in November in the waters of the Colorado River between Blue Water Resort and Casino Amphitheater and just north of Headgate Rock Dam in Parker, AZ. We also propose to update the information specific to the "Lake Havasu City Boat Parade of Lights" by inserting a new regulated area.

Lastly, the Coast Guard proposes to reinstate the 16 annually recurring marine events previously listed in 33 CFR 100.1104, Captain of the Port zone Los Angeles—Long Beach. The 16 marine events being reinstated were mistakenly deleted in 2011 and are not new events. By reinstating these 16 marine events, table 1 of this section will accurately reflect the 17 annually recurring events that are held in the Captain of the Port zone Los Angeles—Long Beach.

The proposed changes will effectively update special local regulations with annually occurring marine events in the Eleventh Coast Guard District. Table 1 for each of the listed sections will reflect current information. This rulemaking limits the unnecessary burden of continually establishing temporary special local regulations every year for events that occur on an annual basis. These events include swimming

competitions, sailboat and power boat races and rowing events within the San Diego and Los Angeles—Long Beach Captain of the Port zones.

Regulated areas listed in these events are needed to protect both the event participants, spectators, and other mariners and provide on-water awareness for safety. To reduce associated safety risks, special local regulations will restrict vessels and water craft around the location of each marine event. Within the regulated areas of the listed marine events, persons and vessels not associated with the event will be prohibited from entering, transiting through, remaining, anchoring or mooring within the regulated area unless specifically authorized by the Captain of the Port (COTP) or designated representative. Persons or vessels would be able to request authorization to enter, transit through, remain, anchor or moor within the regulated areas by contacting the Captain of the Port for the respective location, COTP San Diego 619-278-7033 and COTP Los Angeles—Long Beach 310-521-3801 or designated representative on VHF radio channel 16. If any person is authorized to enter, transit through, remain, anchor or moor within any of the regulated areas, the individual would be required to comply with the instructions of the COTP or designated representative.

Designated representatives are comprised of commissioned, warrant, and petty officers of the Coast Guard. The Coast Guard may also be assisted by other federal, state, and local agencies in the enforcement of these regulated areas.

D. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on numerous statutes and executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary. This rulemaking is not a

significant regulatory action because the regulations exist for a limited period of time on a limited portion of the waterways. Further, individuals and vessels desiring to use the affected portion of the waterways may, upon permission from the Patrol Commander, use the affected areas.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities.

We expect this proposed rule will affect the following entities, some of which may be small entities: the owners and operators of vessels intending to fish, transit, or anchor in the waters affected by these special local regulations. These special local regulations will not have a significant economic impact on a substantial number of small entities for the following reasons: small vessel traffic will be able to pass safely around the area and vessels engaged in event activities, sightseeing and commercial fishing have ample space outside of the area governed by the special local regulations to engage in these activities. Small entities and the maritime public will be advised of implementation of these special local regulations via public notice to mariners or notice of implementation published in the **Federal Register**.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person

listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not form a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rulemaking is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rulemaking is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.
